MANSON CAMPBELL:
Dear Sir, — I have one of Chatham Panning Mills, and it does splendid work. I have also a Bagger, and I would not be without it for any money, if I could not get another.

Yours truly,
LOUIS H. McQUOID,
Milford, Prince Edward County.

PROVAN'S

(Improved Mailgale and Steel)

HORSE FORK AND SLING IS THE BEST MADE.

PROVAN'S PATENT OSHAWA ONT

SIMPLE, STRONG, DURABLE

Many farmers who had other kinds have taken them down and bought mine after seeing it work.

My Machine Handles Sheaves as well as Hay and Peas — It is the Simplest and Best Stacker Manufactured.

Our machine has been in successful competition for seven seasons, and its superiority to all others is now placed beyond a doubt. It is the only Double-Acting and Self-Reversing Machine on the continent that has the following advantages: A loaded fork or sling can pass the stop block. Our Pulley Hoister instantly raises or lowers the pulleys from or to the peak, thus avoiding climbing or untying the rope from the whiffletree. The track used with this car is the best for the following reasons: It acts as a strengthening brace to the barn; never warps or is affected by a side draw. The car runs easily, and can be readily moved from one barn to another. For unloading at the gable we have much the strongest end-lift, take up less room, and do not disfigure or weaken the building with posts or projecting beams.

GUARANTEE.

We guarantee every machine sold by us to do first-class work, and to unload one ton of hay in from three to five minutes, when properly handled and put up, and if it fails to do so, will be taken back and money refunded.

SENDING TO FARMERS ON TRIAL.

It has been for years a part of our business to send our machine on trial to fair-minded responsible farmers living at remote distances, such machine to be put up by them and used until their harvesting be half done, when they are required to decide whether they will keep the apparatus or return it; if the latter, we will pay return freight charges.

J. W. PROVAN, OSHAWA, - ONTARIO,

Sole Manufacturer and Patentee.

While we do not recommend a Wood Track, we claim to have the latest improved and most reliable working Wood Track Car on the market. This machine will be shown at Toronto, London and Ottawa, and has been on exhibition at Chicago since the opening of the World's Fair. It has obtained the highest awards, and made a clean sweep, both judges and visitors speaking of it in the highest terms. 342-a-o
