"The Private Secretary."—400 pages.

8x5=40. That's easy. But when you wish to calculate the value of a load of lumber, say 1284 feet at \$18.65 per thousand, or a load of bogs, say 2145 lbs. at \$5.65 per hundred, it requires more mental exertion, and when done you feel doubtful whether your work is all correct or not. All this is worked out in The Private Secretary, and guaranteed correct, ready for you to place your thumb on index, open the book and see the answer. The book contains many other valuable helps which will be used every day. Price \$1.00, prepaid to any address.

Farmers

Here are six reasons why it will pay you to insure your property in the Wawanesa Mutual Insurance Co.

OWNED and OPERATED BY FARMERS
STRICTLY CO-OPERATIVE.

FIRST—Because it is owned and operated by the farmers, for their mutual benefit and not to enrich stockholders of a company formed to accumulate wealth at the expense of the insurers.

SECOND—The cost of insurance is not only very low, but you are not required to pay your premiums in advance unless you prefer doing so, and no interest is charged where premium notes are taken. The agent's fee is all that is required to be paid in cash.

THIRD—The company is thoroughly reliable, and its policies are better adapted to Farm Insurance than any others issued. The use of steam threshers permitted free of charge.

FOURTH—The cost of adjustment of loss claims is paid by the company, not by insured.

FIFTH—Insurance on live stock covers them against loss by fire anywhere on the farm, and by lightning anywhere in Manitoba and the Northwest Territories.

SIXTH—That this is the largest Agricultural Fire Insurance Company west of Lake Superior, and must therefore be giving the best satisfaction to the farmers.

For Further Information Write the Secretary-Manager.

Members are only liable for the unpaid portion of their premium notes.
No liability where cash is paid.

FARM HORSES IN HARVEST TIME.

Undoubtedly the time of harvest is a time of strain for the farm horse. The hours are long, and the heat is great. There is no time for pasture, and if there were, the pasture is dry and without flavor. The usual feed is hay and oats, and with the severe strain of harvest heat and heavy work, this dry food is difficult to digest. A tablespoonful of Herbageum added, twice daily, to the horse's food will enable him to thoroughly digest it, and this thorough digestion of food will keep him in perfect health and in high spirits. Herbageum does nothing but assist in the digestion of food. It contains no antimony, salt-petre, arsenic, copperas, resin, aloes, sulphate of iron, or any drug that acts directly on the system.
