

DIRECT from FACTORY to KITCHEN

SAVES all MIDDLEMEN'S PROFITS

"DOMINION" PRIDE RANGE

is placed on the market in response to a demand for a Range combining the sterling qualities of Malleable Iron and Steel, practically indestructible, air-tight without cementing, perfect cookers and bakers, most economical on fuel, design attractive, artistic finish, and the best modern improvements. Will last a lifetime with proper care.

The "Dominion Pride" Range

is made of the best Blue Polished Steel and Malleable Iron. Polished Steel requires no black lead or Japan, and has the best finish, appearance, and is easiest to keep clean. The occasional application of a cloth to the polished steel causes it to appear clean and bright, and retains all of its original blue lustre. Malleable Iron will not warp, crack or break like cast iron. Malleable Iron has been universally adopted by railroads for car castings, by agricultural implement manufacturers for machines, on account of its great strength and durability, and is surely and rapidly growing in favor for range construction. This is most natural, as it is the only material of which a perfect cooking apparatus can be made. The time is coming when the public will have nothing else. It is inevitable, as this construction is the most practicable and enduring.
