The Railroads are willing to co-operate if you will tell them how. Commence right now to tell them what you want in Service and Rates.

Write National Dairy Show Association, Live Stock Record Bld., 17 Exchange Av., Chicago, for information on exhibit space, or how to get to the Show.

VICTORIA, AUSTRALIA, Wants Settlers

The government of Victoria is making ample provision for settlers, and is offering most liberal inducements. Lands are sold at prices ranging from \$30 to \$100 per acre, and purchaser is allowed 3 1/2 years to pay for same. Lands are under the greatest irrigation system ever devised by any government.

The lands of Victoria are adapted for every kind of culture, from semi-tropical fruits, like oranges and lemons, to the hardier fruits, as well as alfalfa and other kinds of fodder crops.

Climate like California. Ample markets. Free schools. Reduced steamship passage one way or return.

Recent American visitors wonderfully impressed.

For particulars, call or write MR. F. T. A. FRICKE, Government Representative from Victoria, care of Peck-Judah Co., 687 Market Street, San Francisco.

"Go North Young Man!"

WHY?

Because there are millions of acres of agricultural land in Northern Ontario in some cases free, and in others at 50 cents per acre, excelling in richness any other part of Canada, blessing and waiting to bless the strong, willing settler, especially the man of some capital.

For information as to terms, homestead regulations, special railway rates, etc., write to

Land Roller will work your soil, no matter how stiff and lumpy, better than you've ever had it done before. Write Dept. W for catalog. 54

Buy this DAIN PRESS for Heaviest Work

BUILT with particular attention to the needs of the man doing custom baling, it will stand the knocks of transportation and hard wear.

The Dain Belt Power Press has large capacity and combines many time and labor-saving devices, which makes it the most profitable hay press to operate.

One of the greatest advances in hay press construction is the Dain automatic condenser hopper.

The feature of the condenser hopper and self-feed working together increases capacity and decreases cost of operation by requiring less labor than other machines.

Pitman is I-beam steel, rigid and substantial. Plunger is all iron and steel, therefore not affected by damp weather or wet hay. Gears are large and have strong heavy teeth. Pitman is operated by twin drive gears insuring true, perfect application of power. Long shaft bearings hold shafts in perfect line and insure proper meshing of gears, which lessens friction and saves power. Fly wheel runs smoothly. Is large and heavy so it carries plunger over heavy part of stroke. Friction clutch gives perfect control.

The Dain automatic tucker folds every charge of hay, making smooth, neat and square-ended bales. Blocks are inserted automatically by self-feeder, and are conveniently located for operator.

Baling case is carefully constructed as it must stand terrific strain in forming bales. Heavy steel angles and plates are used re-inforced with trusses, and all liberally riveted and bolted.

20-Year Endowments issued for 16 premiums. You cannot afford to miss the opportunity offered by this excellent plan.

Profits to the extent of four annual premiums are absolutely guaranteed, and surplus profits paid in addition.

Ask for pamphlet, "16-20 vs. 20-20."

APPLE TREES

We are specialists in the production of hardy varieties for the north and cold climates. Our apple trees are budded on whole roots and grown on our nurseries (170 acres) at Pointe Claire, Que., under the rigorous climatic conditions of this section, and they are, therefore, superior as a stock for northern planters, both in the garden and the orchard.

Hardy Trees are what you want—they are what you need have if you want to make a success of your planting. At present we have a full line of all the best standard varieties on hand, and intending purchasers are urged to place their orders now while we have a full selection on hand.

Every Farmer Needs This Book

How to Build a Barn
Price 50 cents

THIS book contains the very last word in barn building and construction. It does not express the mere opinions of one man only, but the best experience of practical barn builders, engineers and equipment experts. All the modern features that make a barn convenient, safe, economical and healthy are embodied in this exceptional work.

Send for "How to Build a Barn"—FREE

Learn what the best men in the business think about modern barn building. Not just one feature of a barn, but every detail of size, materials, erection methods, roofs, fittings and cost.

This book shows seven splendid barn plans—practical plans that you can use and from which useful ideas may be gleaned.

Every detail is explained in simple language. The exact knowledge you require on the whole subject of each barn is fully given. This is not a catalogue, but a splendid work of the greatest importance to you. It costs you nothing—except the effort to write for it. Use this coupon. Just fill in your name and address and mail to us. We will do the rest. Do this—at once—before you forget.
