MR. ALONZO WRIGHT, M. P. for the County of Ottawa, has again proved himself a true friend of the Irish cause by his vote in favor of Mr. McMullen's amendment. Mr. Wright, though not an Irishman or a Catholic, was, on this occasion, able to rise above party.

CALEDONIAN GAMES.

We have much pleasure in announc-ing that on the 24th of May will be held a series of Caledonian games on the Grystal Palace grounds. The programme is of a character as well grand as fascin-ating, and the prise list offering the best inducements to competitors. The games of old Scotland never fail to awaken interest amongst all classes of our people as well as those of Scottish descent. We, therefore, justly look to the greatest gathering of the year on the Grystal Palace grounds on the 24th. Her Majesty's birthday could not, in our estimation, be celebrated in a manner more worthy than that proposed by our Scottish fellow-citizens. We are also pleased to announce that an appropriate Scottish entertainment will be given in the evening at the Grand Opera.

The Bishop of Fort Wayne on Labor Societies.

In a letter addressed to his flock on the Jubilee, Bishop Dwenger takes occasion to speak of labor and other societies, and clearly lays down some wholesome advice, which it is well to remember. This is

charry lays down some wholesome advice, which it is well to remember. This is "Many Labor Unions and Societies are not secret societies in the same sense as Masonic Societies; yet where these societies openly profess and demand revolutionary principles, at variance with Christianity, opposed to the law of God, opposed to law and order, Catholics must keep aloof from such organization. When these labor unions resort to violence, arson and blood-shed, Catholics must keep aloof from such organization. When these labor unions resort to violence, arson and blood-shed, Catholics must short them. Every honest man is free to belong to a good honest labor union or society, but no labor union can force others to belong to them. They have no right to prevent non-union men from working. Neither can they lay hands on property that does not belong to them. These infidel social revolutionists are not the true friends of the laboring man." the laboring man."
