better cultural methods. He has not even devoted money to the erection of good buildings or the improvement of his grounds; in fact, he says he has not been able to afford it up to the present time, but now he looks forward to the time when he will have some slight return from his labors and be able to make his place an attraction from the standpoint of beauty. Already it is a big attraction from the standpoint of the work he is doing in the field. Every year he has visits from leading men of Canada engaged in agricultural production. He proves the statement that even though a man may live in the middle of a trackless forest if he will learn to do something a little better than is done by anybody else, the world will make a beaten path to his door.

## MYERS GLASS SEAT PUMPS

When you are ready for a new pump, look deeper than the paint, for paint soon wears off and has nothing whatever to do with pumping water.

Ask your dealer to show you a MYERS PUMP with Cog Gear Handle and Non-Corrosive Glass Valve Seat and have him explain why it pumps 33 1/3% easier than the ordinary kind, and why Myers Leathers stay soft and pliable and last longer than others. He will be glad to tell you about these and the many other Myers features that make Myers Pumps better.

Ask him, or write us. Attractive booklets on request.

## "Economy" All Cast Iron Tank Heaters

Do Not Give Your Stock Cold Water

### The most important thing

in connection with feeding and properly caring for stock, especially in the cold winter months, is to see that the stock is given water warmed to a medium temperature. Our "Economy" All-Cast Iron Tank Heaters are made for this purpose and are **Guaranteed not to Leak.**

Will last a life-time.

The body is all cast in one piece. No soldered or riveted joints to get leaky.

They are self-sinking and will remain in the water where placed without anchor rods or weights to hold them down.

Each heater shipped complete as shown in cut, with heavy basket grate, ash pan, poker, cover and smoke pipe.

Made in two sizes, 12-inch and 14-inch.

If your dealer does not carry them in stock, send to us direct.
