' The House of Assembly consider the last proposition made by the Council respecting the revenue and appropriation bill as an interference in matters of supply, since it prescribes the mode and manner of proceeding, and a manifest breach of their privileges.

' They adhere to all the provisions of the bill with the exceptions specified in their answers to the objections of the Council; and therefore again leave the bill with the Council, together with all the ill consequences that may attend the not passing it into a law."

On motion made and seconded—*Resolved*, *nemine contradicente*, that the thanks of this House be given to the Committees who managed the several conferences on the part of this House with the committee of Council on the subject matter of the bill "*For raising a Revenue in this Province and for appropriating the Same, together with the Monies now in the Treasury*" for the exertion of abilities, diligence and attention with which they have discharged that important duty.

The House then adjourned until to-morrow morning at eleven o'clock.
