HOLLOWAY'S OINTMENT. CURE OF RHEUMATISM AND RHEUMATIC GOUT.

Extract of a Letter from Mr. 1 homas Brunton, Landlord of the Water loo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848.

To Professor Hallower.

Yorkshire, late of the Life Guards, dated September 28th, 1848.

To Professor Holloway,

Sis.—For a long time I was a Martyr to Rheumatism: and Rheumette Gout, and for ten weeks previous to using your medicines I was so had as not to be able to walk. I had treed dectoring and medicines of every kind, but all to ne avail, indeed I daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Cintiment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pilis night and morang. In three weeks I was enabled to walk about for an hour or two in the day, with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business for more than seven mounts, without any symptomic of the return of my old complaint.

Besiucs my case of Rheumatic Gout, I have lately had proof that your Pilis and Oinment will heal any old wound or ulcer, as a married woman, living near me, had had a bad log for four years, which no one could cure, and I gave har some of your Pilis and Oinment, which no one could cure, and I gave har some of your Pilis and Oinment, which soundly healed it when nothing else would do it. For your information, I had the honor to serve my country for twenty-five years in the lett Regiment of Life Guards, and was eighteen years a Corporal. I was two years in the Peninsula War, and was at the Statte of Waterhoo. I was dicharged, with a pension, on the 2nd September, 1833. The Commanding Officer at the time was Colonel Lygon, who is now a General.

HARTFORD. ncorporated by the Legislature of Connecticut 1846.

INSURANCE COMPANY,

\$400,000.

### \$400,000.

THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY is established upon the purely mutual system, with a Tairff of Premiums as low as is justifiable with the permanence and security of an Institution of this character. Every person taking out a Policy is a member, and entitled to vote at the Annual Meetings. The Dividends are declared annually on the 31st January. All persons ifsuring previous to that day, participate in the profits of that year, which are passed to his credit upon the books of the Company; to be paid during the life of the insured, in the order of rotation, from the excess of a capital of profits of \$200,000. The stipulated capital of profits of \$200,000. The stipulated capital of profits of pay the first year's Dividends at the close of the present fiscal year; afterwards, each year's Dividends, in regular order, will be redeemed, as the funds of the Institution exceed the above two hundred thousand dollars. It is supposed that each person will be required to pay three annual Premiums before his Dividends will be redeemed. This leature in the conditions of this Company, aver those who do not redeem or pay the Dividends until the death of the insured, is peculiarly favorable to the member, as the redemption of Dividends will assist in the payment of the Annual Premiums, after a few of the first years have elapsed, or take up notes given for Premiums.

The assured, on surrender of his Policy, at any

up notes given for Premiums.

The assured, on surrender of his Policy, at any time after three years, will receive its equitable value. All Premiums amounting to fifty dollars, or more, on Policies running five years or longer,

value. All Premiums amounting wyls active or more, on Policies running five years or longer, may be paid one half by Note; to remain a debt on the Policy, until cancelled by Dividends; or the Folicy becomes a claim.

This Company was organized in December, 1846, and its prosperity has hitherto been unparalleled. It is now in the third fiscal year of its existence; and numbers (October, 1849) nearly even thousand members; with a constantly increasing accession. Its losses have been small, compared with the numbers which might have been expected, according to the Tables of Mortality upon which Life Insnrance is predicated. By unparalleled success in business, and a strict economy in the administration of its affairs, larger Dividends have been made to Policy holders than by any other Company in the United States; averaging more than 60 per cent. annually.

Marriage requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil, which covers the origin of demestic vretchedness, be raised, and its true source in every instance discheed, in how many could it be traced to physical disqualifications and their attendant disappoinments. Excesses are also ways injurious; the gift which, when used in moderation, is fraught with advantage, becomes, when deration, is fraught with advantage, becomes, when abused, the profite course of mischief, and of greater or least in great the state of the work of the constitution and vital powers.

The particular excesses, on the nature and consequences of which this Treative professes to dilate, are productive of greater misery to the human frame than any other to which it is subject.

TURKISH BLACK SALVE NORS THE PATRONAGE OF THE HONORABLE

THE FATRONAGE OF THE MONORABLE THE EAST INDIA COMPANY.

WHIS SALVE, prepared from the original recipe procured from a celebrated Turkish Hakim, (physician) of Smyras, in Asia Minor, and which has obtained an unprecedented celebrity in Grest Britain and the East Indies, from the astonishing Cures performed by it in both these countries, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have detablished agencies in all the principal Cities. They flatter thems-lives that when its wonderful properties shall become move generally known, they will meet with that encouragement which his introduction of such a valuable medicament late a country justly estitles them. EDICINES containing Molasses or Liquorice, like the boasted Sarsaparilias, require many large bottles to produce the slightest charge in health. The Forest Wine is altogether a different article. It contains no Syrups to give it consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable plants of which it is composed. The Forest Wine combines the

WILD CHERRY, DANDELION, YEL-LOW DOCK, and SARSAPARILLA. With other valuable Plants whose properties are

till more powerful. Its high concentration renders it one of the most efficient Medicines now in use. Less than a single bottle restores the lingering Patient from weakness, debility, and sickness, to strong and wiggrous health. Da. G. W. Halbert — I believe your Forest
Wine and Pills have been the means of saving my
life. When I commenced taking them, I land at
the point of death, with Dropsy, Piles, and Astima. My Physicians had given me over as past
cure, and my family had lost all hope of my reevery. While in this dreadful situation, your
Forest Wine and Pills were procured for me, and
before I has finished the first bottle of the Wine,
and box of Pills, I experienced great relief; my
body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery
began now to revive, and after continuing the use
of your medicines for about a month, the Piles and
Ashma were completely cared. The Dropsy,
with which my life was placed in such great denger, was also nearly gone. I have continued the
use of your Medicines until the present time, and
I now enjoy as perfect health as ever 1
iffe, although I am more than sixty ye as age.
I ascribe my recovery entirely to the use of
your excellent Medicines.

Beyeral of my neighbors have also used them with similar auccess in
obstinate complaints, and I can cheerfully recommend them to the public.
Yours, respectfully,
N. MATHEWS.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

New York, Jan. 9, 1848.

Da. Halsey—Dear Sir i—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for spwards of ten years and, having adhered ck sely to the directions which accompany the Mcdicines. I have recovered my health, hot withstanding all who knew me thought my case incurable. Previous to taking the Wine and Pills, I had recourse to the first medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and, I doubt not, but what there are hundreds who are dissuaded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in familing advertisements. But, what a pity it is that the deception used by others should be the means of dissuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have saved my life; when I beam that there days; and, in eix weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased fitteen pounds in weight having taken one box of the Pills and two bottles of the Wine. Would be field that avery poor sufferer would avait himself of the same remedies!

Fours, &c., 1918.
