MONTREAL, Sept. 9.—There was no improvement in the demand from foreign buyers for Manitoba spring wheat today, consequently business was very quiet. The local trade in coarse grains was also rather quiet, but the tone of the market remains steady owing to the limited supplies available on spot and the small offerings from the interior. The foreign demand for spring wheat flour was fair again today and as the prices bid in some cases were satisfactory to millers sales of some round lots were made for October-November shipment to Glasgow. The local trade continues active and the undertone November shipment to Glasgow. The local trade continues active and the undertone to the market is firm.
