Interesting Paper on the Work Throughout the Province.

At an executive meeting of the officers and finance committee of the Women's Patriotic League, it was decided to contribute \$25 toward the field kitchen.

The League sent to the University Base Hospital this week 52 sheets, 46 pairs pillow cases, 8 dozen towels and 32 dozen handkerchiefs, also \$50 for a bed, through the generosity of Mrs Lloyd Harris, who donated this sum to the league for that purpose.

Mrs. William C. Tiley, president of
the Graduate Nurses' Association of

Ontario, read an interesting report of Red Cross work done by the nurses of Ontario.

Mrs Tilley supervises the making of bandages in the Patriotic League rooms, which, are open every day untili 4 o'clock and on Tuesdays and Fridays until 6 o'clock, and the offi-cers are most desirous to have all who can, come and assist in making bandages and other Red Cross necessities. The following paper was read by Mrs. Tilley and deeply interested all

Women's Patriotic Leagues, but the work done by the Graduate Nur-ses of Canada is, I think, not so well known. At the outbreak of the preent war, the president of the Cana dian National Association of trained nurses, actitng for the Association, offered to enroll and youch for ap plicants for active service. The offer was officially accepted and the enlisting of the nurses was done through the Previncial Associations. In two days, instead of 100 nurses, (which retary of the Y M C A Brantford days, instead of 100 nurses, (which number had been asked for) 260 nurdelivered a splendid address in the ses volunteered, not knowing how or where they would be sent, nor what financial recompense would be given, as at that time we had no information Rev. Mr. McClintock of Alexandra required. Since then a great many vice. A very earnest sermon, espectmore have volunteered.

ronto was called at the same time. which brought out striking contrasts PJlans were made and money sub- were found in II. Kings vi, 15 and 16 scribed for carrying on Red Cross and II. Cor. iii, 18 The music for the work—for the hospitals and the day was especially fine At the evening wounded at the front. The reception service a quartette rendered by Mrs. room of the graduate nurses' club Wilson, Miss Smith and Messrs. was given up gladly for the work and Smith and Brewer was much enjoyed. a very busy place it is. When a hurry call came to the Women's Patriotic League for hospital night shirts, the 500 in less than a week.

eral Hospital, on account of its larger equipment, doing the greater part Two men are kept busy all day, sealing and packing the cases, ready for

I am sorry I cannot give the quanof yards of surgical gauze for dressings and cotton for bandages of all sorts have been used. Nurses in other places have also

been busy with the work. As an example in Kingston, a small body of nurses have accomplished a great deal. The Nurses Alumnea Association there voted \$50 for supplies for Queen's University stationary hospital, organized a sock day and 300 pairs were received also \$33 in money. They have made 40 doctor's gowns, 43 caps, made 150 yards of towelling into operating towels, made 100 handkerchiefs also 100 yards of cotton into bandages-all this was done with the assistance of friends in 10 days. They also sent letters to churches in

as well as in smaller places are working in connection with the Women's and the season promises to be an in-Patriotic leagues, but so far I have teresting one.. not received reports from them, but expect to at the Graduate Nurses association of Ontario, which takes place next Saturday in Toronto.

Mr. Nephew, Mrs. Berry and Mrs. Graham of Brantford, were Sunday guests at the home of Mr and Mrs. Woltz. place next Saturday in Toronto.

The surgical part of the Red Cross work was begun in Brantford by the Women's Patriotic League early in March. The following is a list of the ma-

terials used to date: 900 yards of surgical gauze 24 rolls of batten.

15 one pound rolls of absorbent cot-The shipment made last Monday contained 180 complete dressings consisting of one large pad, I small pad, 2 compresses and 16 wipes, each).

36 dozen small pads. 13 dozen large pads. 48 dozen compresses.

The need for surgical supplies is still very great and will increase. The question has been asked "if i will be necessary to continue this work throughout the summer?" we are to do our part a greater num. ber of workers will be necessary, and it is earnestly hoped that more will volunteer their services, and if each plan to give one afternoon a week, a great deal will be accomplished. We are in need of old linen and cotton, but if it has been stored away for any length of time requires to be washed before it is of service for this work.

"The athletic needs nourishing and muscle-building food. Bread made from Purity Flour is the right kind."

The cases of twelve American vessels have been settled by the British Prize Court.

Three Boxes Cured His Rheumatism.

It cost Mr. Moore's father just \$1.50 to be cured of chronic Rheumatism from which he had suffered for years. Just three, boxes of GIN PILLS at 50c a box, completely ured him and to-day he has not a sign of Rheumatism.

SHOWS SPLENDID PROGRESS.

The Western University of London has another good piece of news to announce in the increase of its grant by the City Council of London from \$10,000 to \$15,000 for the coming year. It is expected that this, along with the increased revenue in view from from other sources, will enable the University to attain the full standing of other universities in respect to the recognition of all its degrees. There have already been negotiations with ronto with this practically assured as

the result. The recent financial progress of the The income for the Arts Department for the year 1913-14 was \$8800. For Minneapolis, took place to thte Con-gregational cemetery, Burford, on be about \$19,000, while the income gregational cemetery, Burford, on be about \$19,000, while the income Tuesday of this week. Deceased was for 1915-16 will be not less than \$30,-000 for the Arts Department, and about \$75,000 for all the departments

As a result of this, five more mem-bers are being added to the staff of secured and a physical director is being appointed who is widely known in athletic circles. New laboratories in physics and biology are to be inment those of the other departments
