THE CONDITIONS OF SURRENDER

Lord Kitchener has Been Empowered to Receive Arms of Fighting Boers.

Some Burghers Have Already Submitted on Being Secured From Banishment.

London, Feb. 27, -The Colonial Secretary, Right Hon. Jos. Chamberlain, nade an interesting statement in the fect that the proclamation providing for the banishment of the Boer leaders did not preclude Lord Kitchener or Lord Milner from accepting the urrender of the Boer leaders on modified conditions. Lord Kitchener, on his own authority, had already accepted the surrender of some of the minor leaders, on the understanding that the provisions of the banishment proclamation would not be enforced. COLONIALS AND CORONATION.

Mr. St. John Brodrick, Under Secretary of State for War, in reply to Mr. McLaren, Liberal member for Bosworth, said that the claims of the representative detachments of color ial volunteers who fought in South Africa to attend the coronation and take part in the parades incidental thereto are being considered.

MEMORIAL

Prince Henry Listens to a Eulogy Upon the Deceased President.

Washington, Feb. 27.—At noon to-day in the hall of representatives, in the presence of President Roosevelt, Prince Henry of Prussia, the members of the cabinet, the justices of the Supreme Court, the generals of the army, and officers of the army and navy, who have received the thanks of Congress, the ambassadors and other diplomatic representatives of foreign countries, the senators and rein office have been held in this hall, two of this, like this, in commemora-tion of chief magistrates who have fallen by the hand of assassins. George Bancroft, the historial, pronounced the eulogy on Lincoln, and Blaine was Garfield's orator. It was eminently of sorrow for the lamented McKinley should take place in the forum which had echoed to his voice, in the arena where he won his spurs. By a strange coincidence to-day was the 20th anniversary of that on which Blaine, in the same hall, delivered his eulogy upon the martyred Garfield stranger still the subject of to-day's memorial service was the chairman of the committee that had charge of the arrangements on that occasion.

ABOUT \$72,000,000

The Estimated Value of Canada's Mineral Products Last Year.

Ottawa, Feb. 27:-Canada's mineral

production last year was about \$72,-000,000, according to B. A. Bell, editor of the Canadian Mining Review. This production was principally from British Columbia, Yukon, Ontario and Nova Scotia. The Yukon yielded gold, silver and coal valued at \$18,500,000 British Columbia's principal mineral products were gold, coal, coke, copper, silver, lead, etc., valued at \$20,700,000. The Northwest Territories and Manitoba contributed gold, coal, gypsum building material worth \$3,000,-Ontario's products were iron steel, iron ore, copper, nickel, gold, graphite, natural gas, mica and oil worth \$13,000,000, Quebec's showing was made in iron ore, asbestos, pig iron, copper, pyrites, graphite and mica worth \$3,500,000. New Brunswick's contribution was the smallest, amounting to only \$500,000 worth of copper, manganese, gypsum and build-ing material. Nova Scotia equalled Ontario, its products of coal, iron, steel, gold, gypsum and grindstones being valued at \$13,000,000. The exact total of these figures is \$72,200,000.

A BOY DROWNED.

McKellar, Ont., Feb. 27 .- A drowning accident occurred here about noon to-day, Larwell, the three-year-old son of Duncan Giles, manager of the Mc-Kellar woollen mills, being the vic-tim. He and his brother Merril aged 5, were playing about on the veran-dah of their home, which is separated by the public road from Owl Lake, when, seeing open water, they ran down the bank to throw in sticks, and the younger, venturing in too far, dropped through, the older following to the rescue. A playmate, observing them fall, screamed for assistance, and in a few moments they were rescued by W. T. Canning, but though every effort was made at resuscitating, in the case of the younger it was unavailing.

Ottawa, Feb. 27.-The annual meet

ing of the Dominion Artillery Associ-ation was held this forenoon. Col Irwin, president, occupied the chair, and there was a large attendance Among those present were Lord Min-to, Dr. Borden and Gen. O'Grady Haly. The latter made the announcement that four new 12-pounder guns had arrived from England and two more zers were also expected this summer, in addition to another arm of modern type, about which he was not at liberty to speak. The council of the were on their way. Two 6-inch Howit-Port Dufferin, St. John, instead of New Orleans. The receipts for the year were \$16,000 and the expenditure \$4,000. Petitions in Reichstag Urging sody to Take Action for Peace in South Africa.

Berlin, Feb. 27.-Petitions were presented to the Reichstag to-day suggesting that the House take action for the furtherance of peace negotiations n South Africa.

They were referred to the Imperial Chancellor, Count Von Buelow. Several members of the Reichstag indulged in unlimited vituperation of Great Britain, asserting that the only possible explanation of the refusal to admit German Red Cross nurses and ambulances to South Africa was that the British were ashamed to allow the world to have a glimpse of the scan-datous conditions prevailing there.

The wild talk is, to a large extent, indicative of the excited sentiments which prevail in unofficial quarters

FROM CANADA

Prince Henry Will View Niagara Extended to Him. Ottawa, Feb. 27.-Prince Henry of

Prussia will visit Niagara Falls, Ont. on March 5th. Military nonors are to be extended to him. The Second Dragoons, the 19th Regiment, of St. Cath-arines, and the 7th Field Battery, of St. Catharines, will furnish the escort and saluting party. The infantry will form a guard of honor, and a salute will be fired by the artillery. It has been hinted that the Governor-Genera will proceed to Niagara Falls to wel come the Prince. The probability is however, that Major Maude, military secretary to His Excellency, will ex-tend greetings, the visit being too brief to require the personal attend-ance of the representative of the King. Prince Henry has consented to spend two hours and a half on the Canadian side of the Niagara Falls. The Dominion Government is arranging a program so as to give the Prince a good reception. In official circles here it is not expected that the Prince will accept the invitation of Lord Minto to visit Ottawa, as time will not permit him to do so. It was stated at Government House to-day that no reply had been received from the Prince.

A cablegram was received at Government House this evening stating that Prince Henry of Prussia is unable to accept the invitation to come to Ottawa as the guest of the Gov-ernment of Canada as the program of his United States tour leaves no date available for a trip to the Canadian capital. This will not, however, interfere with Prince Henry's visit to the Canadian side of the Niagara Falls

on Wednesday next. Washington, Feb. 27.—Prince Henry has been invited to visit Canada, where he would be the guest of the Dominion Government. While the courtesy of the invitation is fully appreciated by German officials, yet it has been found impossible to accept the invitation of the the invitation, as every hour of the Prince's time up to the moment of his sailing for Germany already has been fixed. He will, however, be on British soil when he makes the visit to Niag-ara Falls and crosses to the Canadian side. At that time the personal side de camp of the Governor-General of Canada will be present to extend the good will of the British authorities.

STOLE \$1,500.

Glencoe, Minn., Feb. 27.-William Matthews, a Hamilton & Dayton railroad fireman, this morning put on a mask, entered the Bank Plato, over-powered and locked the cashier in a back room, and took \$1,500 from the safe. He caught a freight train for Glencoe and was arrested here, con-fessing the crime. All the money but \$100 has been restored,

WILL NOT RALLY WITH ROSEBER

British Liberal Unionists Will Remain Loyal to Their Present Position.

The Duke of Devonshire's Views - A Significant Resolution Adopted by the Party.

London, Feb. 27. - The Liberals Unionists, at the annual meeting of the Liberal-Unionist Council to-day definitely repudiated any desire to en-roll themselves under Lord Rosebery's

banner. The Duke of Devonshire, Lord Presi-The Duke of Devonshire, Lord President of the Council, who presided, declared Lord Rosebery had done great service in disassociating himself from the pro-Boer element, but the speaker failed to see how the Liberal Imperialist party could offer any inducements to the Unionists. Men who refused to play the game and impartially blamed to the Unionists. Men who refused to play the game and impartially blamed others all around, whether Kipling or Rosebery, would meet with very scant sympathy. The country was not disposed to follow the flag of statesmen who had quietly looked on while the new guides of the Liberal party had led it deeper and deeper into the mire. He sympathized with Lord Rosebery's offer to reconstruct the party, but the offer to reconstruct the party, but the speaker did not expect his efforts would be attended with success. In the meanwhile, he believed the Unionsts would adhere to their own party.

The resolutions passed by the meet-ing referred to the openly-expressed hopes of the Roseberyites of getting Unionist recruits, and declared these opes were quite groundle

EXCLUSION

It is Recommended in Report of the Government Commission re Chinese.

Ottawa, Feb. 27 .- "Your commis sioners are of opinion that the further mmigration of Chinese laborers into Canada ought to be prohibited.'

Such is the finding of the three commissioners-Roger C. Clute, K. C., of Toronto; James Munn, of New Westninster, and Christopher Foley, of Rossland-appointed a year ago by the Dominion Government to inquire into Chinese and Japanese immigration in Canada. The first part of the report, dealing with the Chinese, a volume of nearly 1,000 type-written pages, was laid before Parliament to-day by Sir Wilfrid Laurier. The Japanese are yet to be reported upon. Investigations were held in Victoria, Vancouver and other towns of British

Columbia, also in San Francisco.

The conclusion of the commissioners is that the representations of the British Columbia Legislature to the effect that the Chinese as a class are detrimental to the wage-earners of the Province and a menace to health, "are substantially true, and urgently call for a remedy. We also find," commissioners continue, "that the increase of the capitation from \$50 to \$100 is ineffective and inadequate. Your commissioners are of the opin-ion that the further immigration of Chinese laborers into Canada ought to be prohibited. That the most desir-able and effective means of attaining this end is by treaty, supported by suitable legislation. That in the meantime and until this can be obtained the capitation tax should be raised to \$500. The only point upon which your commissioners could not agree is the date when the capitation tax of \$500 ought to come into effect. The chairman and Commissioner The chairman and Commissioner Foley are of opinion the capitation tax should be raised to \$500 at once. while Commissioner Munn is of opin-ion that \$300 should be imposed for two years, and if a prohibition treaty be not obtained within that period, then it be raised to \$500."

YANKEE OFFER

Magazine Tenders Miss Stone \$35,000 and Royalty for Six Articles

Constantinople, February 27.-It is inderstood that the United States will soon take steps to obtain a reimbursement of the sum, \$75,000, paid to brigands as a ransom for Miss Ellen M. Stone and Mme. Tsilka, holding Turkey responsible, inasmuch as the capture of the missionaries was effected on Turkish soil. This question of responsibility may have serious developments, since Turkey emphatically disclaims responsibility and lays the blame on Pulctaria.

Miss Stone has already received numerous literary offers, one of them being from an American magazine, which offered her \$35,000 and a roy-

NIGHT ATTACK

Determined Attempt to Rush British Outpost Line Met With Failure.

From Shelter of Dead Cattle They Poured Shot on British -Enemy Driven Back.

London, Feb. 27.-The attack made by the Boers, numbering 600, and driving cattle before them, to rush the outpost line near Bothasberg, Transvaal Colony, during the night of Feb. 23, was most determined. They were led by two well-known fighters. Ross Hands and Manie Botha, When the Boers realized that their attempt to actually break through the wire ces was frustrated, they crouched beside the dead cattle with which the ground was thickly strewn, and from that defence poured a heavy fire on the British troops. The fusilade was steadily returned and finally the horses, and the entire herd of six thousand head of cattle
