Goderich Branch Opened.

Goderich, Aug. 27.—The opening of the railway service on the Guelph and Goderich branch of the C. P. R. took place yesterday morning.

The whole town was en fête and the station platform and river banks crowded with citizens as the first train glided around the high banks of the Maitland, Goderich's "scenic route."

The conductor in charge of the train was Peter McDonald, and the engineer Hugh Davidson. A large number of passengers left for Toronto and Montreal on the first train.

JAPS BUY TORPEDOES

Island Empire Steals a March on Uncle Sam.

Purchases One Thousand English Up-to-Date Explosives—Paid \$5,000,000 For Them—Cornered the Market—United States Must Now Wait—New Torpedoes Guaranteed to Go Four Thousand Yards.

New York, Aug. 27.—While the United States has been secretly negotiating with the Whitehead Torpedo Co. of England for the purchase of fifty of the newest and most approved English torpedoes, Japan has stepped in and bought 1,000 of the weapons at an expense of \$5,000,000.

The torpedoes were purchased by the Japanese at \$5,000 each immediately after the first negotiations of the United States Government.

It is believed the enormous purchase by the Japanese practically takes the Whitehead torpedoes from the market, and that in case the U. S. Government wishes to lay in an additional supply, it will have to wait some time for the torpedoes to be delivered. The new Whiteheads are declared the most improved torpedoes now manufactured for naval warfare. They are guaranteed to go four thousand yards, while the best torpedoes in the United States navy can only cover 3,500 yards.

REDMOND QUITS THE HOUSE.

Irish Party's Protest Against Mutilation of Evicted Tenants' Bill.

London, Aug. 27.—The Chief Secretary for Ireland, Mr. Birrell, announced in the House of Commons yesterday afternoon that the Government was prepared to accept some, but not all the amendments of the House of Lords to the Irish evicted tenants' bill, whereupon John Redmond, chairman of the Irish Parliamentary Party, said he was declining to carry further part in the discussion of the measure.

Mr. Redmond accused the Government of failure to carry out its promises to the Irish people, and said the bill, as it now stood, provided for the compulsory removal of tenants who had taken farms from evicted persons, and, therefore, was a victory for Lord Clanciarde, whose evicted tenants had for twenty years been waiting at the roadside for an opportunity to return to their homes, but who would not be able to do so under the bill as amended by the House of Lords.

It was evident, continued Mr. Redmond, that the Irish must close their ranks and recommence a strong, menacing agitation as the only means of securing proper land legislation.

The Irish Nationalists then left the House in a body, and another committee of the House of Commons was appointed to confer with the House of Lords to see what could be saved of the mutilated measure.

CONDUCTOR FALLS OFF CAR.

Hamilton Man Fractures His Skull and May Die.

Hamilton, Aug. 27.—Fred Raven, 117 Tisdale street, a conductor, fell off his car on East Barton street last evening and was perhaps fatally injured. He was taken to the hospital suffering from a fracture of the skull and concussion of the brain. The doctors could not tell first how serious his condition is. He was collecting fares on an open car and fell off the running board.

Sailor Stabbed In Back.

Cleveland, Ohio, Aug. 27.—As George Harvey, a sailor of Buffalo, N. Y., was passing a saloon on Commercial road Sunday night, an Italian rushed out of the door and without warning plunged a stiletto into Harvey, inflicting a wound which hospital surgeons say will prove fatal. The police have been unable thus far to find the Italian.

Harvey could give no explanation of the mysterious attack. He had been in Cleveland but a few hours.

French Wine Frauds.

Paris, Aug. 27.—As proof of its determination to eradicate the wine frauds, the Government yesterday announced that there had been 4,203 prosecutions for violation of the law, and that they had resulted in 5,640 convictions.

The persons prosecuted included a mayor, who resigned as a protest against the Government's alleged inactivity in enforcing the law.

TO RESTRICT EMIGRATION.

Steamers Must Receive Official Permission Before Leaving the Orient.

Tokio, Aug. 27.—The Clausen protection law, making ships carrying immigrants subject to official permission, which hitherto has been limited to vessels destined for Hawaii or South America, will be made to operate in regard to similar ships destined for Canada on and after Sept. 1. This will have no effect in reducing the volume of immigrants, who already are under certain restrictions, but is aimed principally toward assuring the safety of the interests of officially recognized immigrants.

This cry was taken up vigorously, though no official action was taken.

Further, it was urged that a strict boycott should be established against all lumber saved by orientals, all mines worked, and all fish handled. All the canneries are worked by these people.

The situation daily is growing more critical in all British Columbia.

POOR BABY'S FACE ITCHED TERRIBLY

Face and Neck Covered with Inflamed Skin—Suffered Terribly—Mother Took Her to Doctors and Colleges to No Avail—Lost Faith in Medicines—Friend Suggested Cuticura Remedies and

CHILD IS NOW THE PICTURE OF HEALTH

"My baby's face and neck were covered with itching skin similar to eczema, and she suffered terribly for over a year. I took her to a number of doctors, and also to different colleges to no avail. Then Cuticura Remedies were recommended to me by Miss G., who was telling me how they helped her. I did not use it at first, as I had tried so many other remedies without any favorable results. At last I tried Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent Pills, and to my surprise noticed an improvement. After using three boxes of the Cuticura Remedies, together with the Soap and Pills, I am pleased to say she is altogether a different child and the picture of health, and now I have a firm belief in Cuticura Remedies and would not be without them in the house. I will gladly let you publish this testimonial as I would like others to have the same benefit that we did, and you may be sure I will recommend them strongly to everybody I know and to those I don't know, too. Kingston, Aug. 27.—A much-longed-for rain fell on Saturday and stayed the bush fires ranging about Northam, and gave the residents a breathing space after 48 hours of constant watchfulness and fighting of the flames.

The fires kept creeping towards the village, and barns and buildings were constantly in danger, but heroic work kept the fire back.

WOMEN CARRIED AWAY

Serious Outrages by Turks in Persian Territory.

Officers Ruthlessly Slain While Held As Prisoners—Inoffensive Villagers Massacred—Children Put to Death—Church Is Defiled—Grain and Other Property Stolen Or Destroyed.

Teheran, Aug. 27.—General Sam-sam Dowh and other Persian officers, according to reports received here, have been killed by the invading Turks, after having been taken prisoners.

Many inoffensive villagers, including women and children, have been slaughtered, a number of women have been carried off, a church has been defiled and much grain and other property has been taken or destroyed.

Turkish regular troops, with artillery, were within four miles of Urmiah, Aug. 15. There are no signs of the withdrawal of Turks from Persian territory.

Another report says that the Turks have occupied Merivan, in Persian Kurdistan, Isle of Suleimania. In a telegram asking for help the clergy and inhabitants of Merivan add that if the Persian Government is powerless the people must beg Russia for assistance.

HEAVY RAIN IN WEST.

Harvesting Operations Have Been Greatly Delayed.

Winnipeg, Aug. 27.—A drenching rain fell throughout western Canada all day yesterday, delaying harvesting operations materially. However, wheat is reported to be filling splendidly, and if the frost is avoided some excellent samples will be reaped. Reports sent in by The Free Press special staff of inspectors indicate that the best crops are very late and backward. The weather is causing great anxiety. Cutting in some sections will not be possible before September 20 or 24, but in other localities it will be general two weeks earlier. Around Gladstone the crop is magnificent, and the yield will run all the way from twenty to forty bushels per acre. These heavy yields in the northern parts will go a long way to offset the light crop south. Frost has already done considerable damage.

WORKED SMOOTH GAME.

Two Men Charged With Victimizing Orangeville Banks.

Orangeville, Aug. 27.—George J. McDonald, a supposed deserter from Stanley Barracks, and Thomas Giles, were charged in the police court yesterday with dissembling notes of no value, and representing themselves as prosperous farmers.

Giles appears to have signed his own name. His knowledge of writing is confined to making his own signature, but McDonald seems not to have been so particular, for he is alleged to have signed several names.

Both pleaded not guilty, and the evidence disclosed a pretty smooth game to have been worked on the various bank managers, and the cash was handed over in every case. Banker Charles Mason of Shelburne was touched up three times.

Both prisoners were remanded to jail.

GIVES PERMIT TO FISH.

U. S. Department Allows Fleet to Go to Newfoundland.

Washington, Aug. 27.—In view of the fact that the open season for Newfoundland fisheries is beginning, while American fishing smacks have been lying at considerable expense at Gloucester, Mass., awaiting the conclusion of negotiations in London between Ambassador Reid and the Foreign Office, the State Department yesterday determined to allow these vessels to proceed to the fishing grounds and begin fishing.

This is with the understanding that, although the modus vivendi of last season has not yet been renewed, the state of the negotiations in London warrants the department in the opinion that it will be so renewed, even in a modified form.

Killed Family For Revenge.

Chatham, Aug. 27.—Charlie Lee, a local Chinaman, last year won a law suit against a rival, who later disappeared.

He has just received the news from China that a band of pirates massacred his parents, their children and grandchildren, in short, wiped out the entire family.

This, he believes, is because his former rival belonged to a rival Tong and in this manner revenged himself for being beaten in the local courts.

British Journalist Ill.

Montreal, Aug. 27.—G. W. Attenborough, representative of The Manchester Guardian, on the British journalist tour, is in the hospital here, and likely to be here for some time.

On the way east the party dined at a Chinese restaurant at Saskatoon, and he has never felt well since.

In Ottawa he was taken ill, and on arrival of the train here he was taken to the hospital.

Escapes Death By Jump.

Chatham, Aug. 27.—While crossing the Michigan Central tracks, driving a team, a few miles south of this city, yesterday, a McGregor escaped death only by jumping, when he found that he could not cross in time to prevent a smash from a mile-a-minute express.

His wagon was smashed to kindling, and a valuable horse killed outright.

Brakeman Will Die.

London, Aug. 27.—William Bruce of Sarnia tunnel, was probably fatally crushed between cars at Strathroy last night.
