First Rule of Health

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you?
We have no secrets! We publish the formulae of all our preparations.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator, and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder—curing every percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach, bowels, bladder, uterus or other pelvic organs. Even the chronic or slow stages of these diseases, it is often successful in effecting a cure.

The "Favorite Prescription" is advised for the curative treatment of diseases—those of the blood, the kidneys, the bladder, and the bowels, and is especially adapted to the treatment of the following diseases: It is a powerful yet gently acting invigorant, tonic and nerve. For weak, worn-out, overworked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Dr. Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-poisonous, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Peppermint, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

Work and see how cheerful you will be.

SEVENTY WERE KILLED

Mutiny of Sappers at Kiev Was a Serious Affair.

Fierce Fighting Between Mutineers and Loyal Troops—Captain Fell Dead at First Volley—Outbreak Was Premature—Men Too Hot-Headed to Await Concerted Uprising—Planned by Terrorist.

St. Petersburg, June 20.—Details of the mutiny of Sappers at Kiev show that it was only suppressed after a bloody engagement at midnight, June 17, between the mutineers and loyal troops. About 70 men were killed or wounded.

The decision of the revolutionary staff here to refrain from demonstrations was disobeyed by the hot-headed sappers. At midnight, June 17, 500 men at a given signal left their beds, disarmed the sentries, hurriedly dressed, obtained possession of their rifles and broke into an armory, secured a number of loaded cartridges and then marched to the camp square and fired a volley in the air.

The officer on duty, Capt. Akuleff, ran out and addressed the mutineers, persuading them to disperse. He then called out another battalion, drew the men up and led a charge on the mutineers, ordering them to surrender. Upon their refusal to do so, Capt. Akuleff ordered the troops to fire and fell dead himself at the first volley.

The mutiny at Kiev was arranged by Shefchenko, a revolutionary of good family, who entered the army as a volunteer for the purpose of undermining discipline, and won over many of his comrades, but when he essayed the standard of revolution, they were frightened and the little band of ringleaders was overpowered. Three bombs were found on Shefchenko yesterday. All the mutineers will be tried by court-martial.

The workmen employed in a big factory at Kiev struck after the mutiny, but they have not yet been joined by the employees of other factories. Military troubles have also broken out among the troops of the third infantry division, stationed at Kaluga.

The workmen of Moscow are also becoming restless, and the commandant of that city has brought 22 companies of infantry into the place to overawe the men. Several big meetings of workmen in the Moscow suburbs have been broken up. Wholesale arrests continue in St. Petersburg.

PROVING HIS STORY.

Witnesses Called to Substantiate Orchard's Evidence.

Boise, Idaho, June 20.—The state yesterday made dramatic production of, and proof as to the Goddard bomb, offered further addition to the testimony of Harry Orchard against William D. Haywood, and obtained a ruling under which a number of the denunciatory articles published in The Miners Magazine, the official organ of the Western Federation of Miners, will be admitted in evidence.

To Justice Luther Goddard of Colorado himself fell the task of telling the story of the discovery and preservation of the bomb with which Orchard tried to kill him.

Mrs. Seward, at whose house, in San Francisco, Orchard stayed part of the time, he was conducting his operations against Fred Bradley, gave testimony strongly corroborative of Orchard's account of his acts and experience in San Francisco.

She said her lodger had a very heavy suit case, and she thought that he was an inventor.

John L. Stearns, agent at Denver for the Mutual Life Insurance Co., confirmed Orchard's account of his having obtained employment as a solicitor for the company before he went to Canon City to kill ex-Governor Peabody.

Two fires in Dalhousie. Mill and Factory Destroyed and Many Out of Employment.

Dalhousie, N. B., June 20.—The town of Dalhousie was plunged into despair Tuesday night when the Reigate Woodworking Factory was destroyed by fire, and the families whose livelihood depended on the factory, began to move elsewhere.

Last night the mill owned by the Dalhousie Lumber Co., one of the largest in Canada, caught fire and in an hour was completely destroyed. The loss is heavy and over a hundred men will be thrown out of employment.

The mill was valued at \$50,000.

Chamberlain's Illness.

New York, June 20.—A special cable to The World from London says: A report was current in the House of Commons Tuesday night that Joseph Chamberlain is dying.

Mr. Chamberlain was brought to his London house Tuesday from Highbury, his place near Birmingham. Since his return from abroad he has shown increasing loss of nervous and mental power, and it was desired to have him within reach of the best medical advice that London affords.

Austen Chamberlain, his son, was with him all day, but enquirers at Mr. Chamberlain's residence got only the stereotyped reply that he bore the journey well.

Mr. Chamberlain is 74 years old.

Will Travel Incognito.

Ottawa, June 20.—The Duke of Abruzzi, the Italian explorer, it is now stated, will make his tour of Canada incognito. The distinguished foreigner has little regard for public functions and so there will be no festivals.

His program will include visits to Montreal, Ottawa, Sudbury, Cobalt, Toronto and Niagara Falls. He arrives at Quebec on the 27th.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, a Warning Symptom of Kidney Trouble.

Per-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Mr. J. Byler, 1505 Ohio street, Des Moines, Ia., writes:
"I wish to state my appreciation of your excellent remedy."
"I have always enjoyed excellent health, except frequent and painful attacks of bladder trouble, which doctors failed to relieve or cure."
"Upon recommendation I used Per-na to my utter satisfaction, not having had an attack now for four or five years."—J. Byler.

MR. L. BRANDL

Dangerous Kidney Diseases Cured.

When the kidneys become affected by catarrh, either from colds, overwork, or an extension of catarrh from some other organ, they fail to perform their normal functions.

It is the work of the kidneys to excrete from the blood many of the poisons which accumulate in the body.

If the kidneys fail in their work, the poisons accumulate to such an extent as to cause convulsions, which often prove fatal.

Per-na, by relieving the kidneys of their congested and catarrhal conditions, leaves them free to act in a normal manner.

It also strengthens the action of the heart, equalizing the circulation of the blood in all parts of the system.

Mr. James Goulet, of Oury, was the guest of Miss Mary Ransom on Saturday.

Mr. and Mrs. James Lancaster, of Ridgeway, paid their daughter, Mrs. George Cleveland, a visit on Saturday.

People ask "Why do you claim that Veterans' Sure Cure, one medicine, cures Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc." We reply, because 16 years' practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Scane Block, King street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. Mailed anywhere. W. K. Merrifield, General Manager.

It always is easy to trump up an excuse for fault-finding.

Minard's Liniment used by Physicians.

MR. J. BYLER
Catarrh of Kidneys Caused Much Suffering.

Mr. Leopold Brandl, 246 Bleecker street, Brooklyn, N. Y., writes:
"I was sick three months with catarrh of the kidneys and lungs. I was treated by my home physician and relieved to some extent, but after I had worked again for two weeks, my old suffering—backache and pains in the right lung—returned. The dreadful cough which bothered me day and night lasted six months and no one could help me. I tried three different patent medicines, without avail. I could scarcely eat anything and slept only a few hours each night."

"A friend told me to take Per-na. I did so and the second day my appetite had improved. I took a teaspoonful of Per-na every hour, day and night, for three weeks. Now I have taken five bottles. I can eat enough for two people and am able to sleep well."

"Whenever I meet a sick person, I advise him to take Per-na. I thank you a thousand times for your medicine, as it was the only remedy that saved me. We continue to keep it in our family."—Leopold Brandl.

We have on file many testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month.

No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Per-na.
