Cough. Generally caused by exposure to cold, wet feet, sitting in a draught, coming from hot and crowded places, in thin dress, or wearing damp clothes, stockings, or any other cause tending to check suddenly the perspiration. The result produces inflammation of the lining membrane of the lungs or throat, and this causes phlegm or matter, which nature tries to throw off by expectoration. In many cases she is unable to

do so without assistance, and this is Why you use Allen's Lung Balsam.
