KIDSKIN WAISTCOAT FOR EVENING

"About the newest thing in men's fash-
ions," says a leading haberdasher,
"though we will hardly see it here until
the fall, is a waistcoat of kidskin for
evening wear. It comes fresh from Lon-
don, where it is being worn by the ultra
fashionables, though by no means con-
fined to young men."
"The material is white suede kidskin,
and in appearance it looks just like the
ordinary white evening waistcoat. It is
not as warm as you might suppose. It
is cool, in fact, and suitable for dress
occasions, even in summer. It will not
become too common, either, for the price
is about \$25. It is ornamented with
white china buttons, with somewhat
elaborate designs in gold burned into
the felt. It may sound funny, but it
looks all right."—Philadelphia Record.

JAPANESE CAPTURE HEIGHTS
NEAR PORT ARTHUR.

Russians Were Worsted and
Driven Off by the Artillery,

Leaving Forty Dead, Guns and
Ammunition Behind Them.

Description of the Capture of
Tatien Pass by the Japs.

Tokio, June 29.—Information has been
received of the occupation, on Sunday,
of important heights four miles west
of Cape Evian, near Port Arthur.

The defence was stubborn. The Rus-
sians were routed and driven westward
by the Japanese artillery, leaving forty
dead, two rapid-fire guns, and a large
quantity of ammunition behind them.

The Japanese casualties were about 100.
The position captured includes the
Kinkwan-shan battery, formerly active
against the Japanese fleet.

The newspaper Asahi states that the
Chikwan, Chitan, and Socho forts were
captured by the Japanese on Sunday after-
noon. The Sochoo fort was taken first, and
the others soon afterwards.

The Japanese lost three officers and 100 men
killed or wounded. Two Russian guns,
with ammunition, were captured.

MARCHING ON LIAO YANG.

The Jap Army in Three Divisions Advancing Rapidly.

London, June 30.—A despatch to the
Express from Liao-Yang says that the
Japanese army in three divisions is ad-
vancing rapidly on Liao-Yang from the
east.

On Tuesday it was at Lian-shan,
only 13 miles away. Gen. Keller has
withdrawn his forces to positions imme-
diately in front of Liao-Yang, and is
waiting to give battle.

There have been many skirmishes be-
tween the advanced guards of the Rus-
sians and Japanese.

Nothing further can be learned of the
capture by the Japanese of Motienling
and Fenchouling Passes, and no light
can be shed at present upon the present
positions of the respective armies. None
of yesterday's reports of the Japanese
occupation of Kaiping, or the Russian
retirement north, or renewed fighting in
the neighborhood of Hai-Cheng can be
confirmed.

The report that Gen. Keller, who by the way, was stated yesterday
to be south of Feng-Wang-Cheng, has
now retired to Liao-Yang cannot be
verified.

SUBMARINE SANK.

Another Russian War Vessel Goes to the
Bottom.

St. Petersburg, June 29.—The sub-
marine boat Delin sank at her moor-
ings, the Yavo off the Baltic ship-
building yard, at 11 o'clock this morn-
ing, with the loss of an officer, Lieut.
Cherkasoff, and twenty men. The ac-
cident was due partly to the excessive
number of the crew, mostly inexperi-
enced men, and chiefly through the un-
fortunate attempt of a man to escape
while his comrades were screwing down
the manhole cover.

The officers and men detailed for
submarine boat instruction had as-
sembled at the Baltic yard, and three
officers decided to go down in the
Delin, although her captain was not
present, relying on the experience of
her skilled crew. A score of novices
were anxious to go with the three
officers. The Delin's nominal capac-
ity is ten men, instead of which
thirty-two entered the boat, bringing
her manhole in dangerous proximity to
the river level. Just then a tug pass-
ed, sending a heavy wash against the
boat. The Delin's water splashed
into the submarine boat's interior, it
created a panic among the novices, and
one of them tried to get out of the
manhole, which the older hands were
screwing down, preparatory to the
descent. So severe the commotion was
having already been opened. The water
rushed in, and as the submerged
vessel sank like a stone, the officers
and some of the men were saved by
being blown against the manhole by
the rush of escaping air.

The Delin is Russia's best submarine
boat, and underwent a successful trial
in 1903.

Only Eight Divisions.

Tokio, June 29.—The Asahi, on the
basis of what it asserts to be a careful
estimate, concludes that the Russians
have one and a half divisions of their
army in Port Arthur, and two and a
half in Vladivostok, leaving only eight
divisions for a front more than 150 miles
in length.

To Coal at French Ports.

London, June 30.—The Paris corre-
spondent of the Times says it is reported
that Russia has asked France to allow
the Baltic fleet to coal at French ports
while on route to the far east. The re-
spondent is informed that international
law would allow such a concession on
condition that the amount of coal ship-
ped did not exceed what was required
to convey the fleet to the next coaling
station. Russia is now negotiating the
large coal supplies in France and Ger-
many.

Fell On a Saw and Was Killed.

Winnipeg, June 29.—John R. Turn-
bull, a Winnipeg contractor, was ac-
cidentally killed in his sawmill at Guil-
liver, near Ignace, Ont., to-day. In
passing over the carriage, his foot
caught in a cog wheel, throwing him on
a circular saw, which cut him from the
right shoulder to the waist, causing in-
stant death. The mill was only started
yesterday, cutting ties for the Canadian
Pacific Railway.

Mistaken for a Deer.

Sundridge, June 29.—A fatal shooting
accident occurred in the township of July
yesterday, when Robert Woods, a highly
respected farmer and township treasurer,
was shot by E. Paisley, who was out
hunting, and seeing a movement in the
bushes, and thinking it was a deer, fired
the fatal shot. Dr. Barber, the coroner,
of Burk's Falls, is holding an inquest.

Death of Colonel Gough.

London, June 29.—Colonel Bloomfield
Gough, who in the Boer war was ordered
home for refusal to obey General Lord
Methuen's orders to charge the retreat-
ing Boers at the battle of Belmont, was
killed yesterday in a carriage accident
at Kelso, Scotland. Col. Gough, the
time he refused to obey orders, was in
command of the Ninth Lancers. He al-
leged that his men and horses were not
fit for duty.

RAISE THE STANDARD.

Unprofessional Conduct to Adver-
tise.

Toronto, June 30.—Sessions of the On-
tario Medical Council were held yester-
day morning and afternoon. The question
of medical matriculation came up just
before adjournment, when the special
committee, appointed last year, consist-
ing of Drs. Britton, Spankie and Macdon-
ald, presented their report.

Dr. Griffin, Hamilton, personally fav-
ored a degree in arts for every student
going into medicine. It was not feasi-
ble, he considered, to make it compul-
sory now. The standard should be
gradually raised, so as not to bear
harshly on any students who desired to
take a course in medicine.

The report of the Prosecuting Com-
mittee and of Dr. Griffin's committee was
numbered of fifth year men were prac-
tising and collecting fees under the pro-
tection of licensed practitioners. Dr.
Temple advised that they be disciplined
when they came up, but Dr. MacArthur
thought the matter should be left alone
as fifth year men would do little harm.

Dr. J. E. Hett, of Berlin, and Dr. Crich-
ton, of Castleton, were reported for un-
professional conduct by flagrant adver-
tising in local papers. The charges were
referred to the Committee on Discipline
for investigation. J. L. McDowall was
suspended for three years, and T. J.
Gray for two years for personation on
examinations this year. Dr. Thorburn
reported for the Property Committee.

The expert valuation of the college prop-
erty placed it at \$101,000. The mort-
gage had been reduced \$7,000 during the
year, and now stood at \$47,500. The
registrar was instructed to make every
effort to dispose of the building.

The Board of Examiners recommended
that O. B. Van Epp, of Essex County,
be allowed to practice on Pelee Island
when he had passed the examination on
the final branches.

MACCABEES NEW RATES.

Toronto Members Agree to a Com-
promise.

Toronto, June 30.—A mass meeting
from all the tents and hives of the Mac-
cabees of the city was held last night
in St. George's Hall to consider the sit-
uation which has arisen from the recent
valuation of land and the expectations
of the order. Past Commander
W. H. Meredith occupied the chair.

Supreme Commander Markey, of Port
Huron, Mich., explained that the first
proposition was to base the new rate
on the attained age, but he now propo-
sed to re-rate on entry age and make
up the deficiency by fraternal tax on the
whole present membership. In the in-
terest of the old members he submitted
the following:

Resolved, that this mass meeting ap-
prove the plan submitted by Supreme
Commander Markey for readjusting the
rates of contribution by the members of
this association to the effect that every
member be given the right to take the
new level rates for whole life protection
as "of the age of entry" instead of "at-
tained age," the new rate to be paid
from date of option, and that a per-
capita tax of ten cents per month be
levied on each member for management
expenses instead of taking ten per cent.
from the mortuary rates for that pur-
pose, and that any deficiency created by
giving members a new rate at entry age
instead of attained age be made up by
a levy of one cent per week upon all
present members until such deficiency is
fully provided for, and that any mem-
ber who wants to continue at present
rates without any change may do so to
a period estimated to be over 60 years
of age and thereafter pay the actual
cost of maintaining his protection on the
basis of the association's past experi-
ence.

This resolution was moved by Past
Commander Lewis Gurofsky, Tent 127,
seconded by W. J. Woods, and after a
long discussion was carried unani-
mously.

The effect of this, in addition to the
new rating, will be a levy of fourteen
cents a month on all present members
until any deficiency is covered. How
long this will continue will not be
known until the number of those who
wish to transfer is known. The propo-
sition will be submitted for the approval
of the Supreme Tent at Detroit on July
19th.

BANK TELLER ARRESTED.

Accounts of Harry H. Hobbs, of Ingersoll, Said To Be Short.

Woodstock, June 29.—Harry H.
Hobbs, teller in the Ingersoll branch of
the Merchants' Bank, is to-day in the
Woodstock jail, charged with having
\$28 short in his accounts. Hobbs has
hitherto borne an excellent character.
He did not drink or gamble. The trouble
seems to be altogether due to ex-
travagance. He is 24 years of age and
has been living in Ingersoll with his
mother for a year. He was prominent
in athletics, being an excellent baseball
and hockey player. With all the cus-
tomers of the bank he was exceedingly
popular and has many friends.
