DEATH BY DROWNING.—On Wednesday, the 12th inst., Mr. John McNeill, about 23 years of age, third son of Mr. Hector McNeill, while fishing in a boat off the coast of Lot 7, with two of his brothers, was knocked overboard by the main boom; there was a very slight breeze at the time, and no one, but there being no one in the boat, and his two brothers being confused, it is supposed that in a short time, the boat drifted out of his reach; they threw several pieces of drift towards him, but he did not succeed in taking hold of any of them, and in a short time, became exhausted, and sank to rise no more in life, and that while in speaking and giving directions to his brother, in the boat. The deceased was a native of this island, but had returned to Edinburgh with his parents about a year ago; his untimely death has cast a gloom over a large circle of relatives and acquaintances. How true it is "that in the midst of life, we are in death."
