I. L. A. MEETING
The regular meeting of the I. L. A. was held last night in the Temperance Hall. A large number of members were present.

THANKSGIVING DAY
Thanksgiving Day was held yesterday in town and all stores and places of business were closed. The weather was delightful and many took advantage of the holiday for a visit to the woods and surrounding country.

SUGAR ORDER RESCINDED
Premier Meighen has rescinded the order of the Commerce Sugar Order and further hearing, and in consequence has postponed his western tour for one week in order to allow him to be present at the meetings.

RUMMAGE SALE
The Rummage Sale held by The Miramichi Hospital Aid in the Town Hall on Saturday proved a success in every way. A substantial amount was realized for the benefit of the Miramichi Hospital.

LAW EXAMINATIONS
The New Brunswick Law examinations, which were to have commenced on Tuesday, October 19th, have been postponed until Tuesday, Oct. 25th, because of many of the examiners and others having been engaged in election campaigns.

IT PAYS TO ADVERTISE
A notice appeared in our last week's issue advertising for a Maid Wanted and on Thursday the Advertiser's want was supplied. There is no better way to make known your wants, than through the columns of The Union Advocate.

GOING TO ST. JOHN
Rev. W. B. Williston, who has spent a number of years as a missionary in China, has been visiting his old home at Bay du Vin. Mr. Williston is expected to spend a week in St. Luke's Parish, St. John, where members of that church will be able to hear of his many interesting experiences.

DECLARATION DAY
Last Thursday was Declaration Day for Northumberland County. Sheriff Cassidy opened his court at 10 o'clock a.m. and did not close until 2 p.m. During the proceedings, speeches were made by some of the successful and unsuccessful candidates.

SUPERINTENDENT OF POULTRY HAS NEW POSITION
A. C. McCulloch, poultry superintendent for the agricultural department, who lately resigned his position, has severed his connection with the department. He has entered the employ of the Federal department and will remain in the province for a few weeks looking after matters in connection with the coming egg laying contest to be held off at the Fredericton experimental station.

IMPROVEMENTS AT CHATHAM STATION
The Chatham C. N. Ry. Depot will be greatly improved by the construction of the concrete platforms now being laid under the direction of Mr. Horace Conable of Moncton, foreman mason with the C. N. R. The movement will be 215 feet long, along both sides of the station and will be extended to connect with the permanent work at the corner of Water and George street. The Board of Trade has been requesting the government for a long time to have this much needed work done, and the general public will appreciate the results of their efforts.

THE SUGAR ORDER
There is little in the way of comfort to be derived by consumers of sugar from the decision of the Board of Commerce announced last Thursday. Those who had hoped that as a result of the big drop in price of that commodity in the United States it might become cheaper in this country are doomed to disappointment for the immediate future at least. The decision of the Board will doubtless be regarded by the public as more or less of a pandering to the interests, and be resented accordingly; but there are elements in the case that make it desirable that some protection should be given to the refineries, which are, under existing circumstances, facing a serious situation. The Board protected the consumer when prices threatened to go sky-high; and it must now pay some regard to the interests of those at whose expense such protection was afforded.

The Fall Weather Hard on Little Ones

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and makes baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Fredericton Will Celebrate Nov. 11

Armistice Day, November, 11th, is now the fifty date for the formal unveiling and acceptance of the captured German gun, which have been presented to New Brunswick as the province's share of Canada's war trophies.

It is expected that it will be finally determined to place two in front of the parliament buildings and two in front of the normal school, leaving the allocation of the other two to the city's representatives, who are said to favor having them placed on the square in front of the customs house on Queen street. It is proposed to have concrete bases constructed upon which to place the war trophies.

Refused \$400,000 For Man O' War

TORONTO, Oct. 15—The Mail this morning publishes the following despatch from Philadelphia: "There is not enough money in existence to take Man O' War out of this country." With these words Sam Riddle, owner of the super-stallion, quashed the hopes of American race goers that Man O' War would voyage to England to establish the three year old's supremacy on the continent. Mr. Riddle said he had just refused an offer of \$400,000 for the champion. It came from a Canadian, who wanted the horse for breeding purposes.

CRISPS
A gentleman is always at a disadvantage in dealing with a scoundrel. The whole art of government is to prevent fools from governing. The men and women who are always howling about their rights are, as a rule, neglecting of their obvious duties. When you face a fact, toe the mark and salute. Socialists, Bolsheviks, moral-uplifters, and rainbow-chasers endeavor to save the world by talk; wise men and women by work and character. The wise men always pay the bills of the fools—and sometimes of the rogues. Politics at present consist in a conspiracy to ignore economic laws. The people generally are following a bad example.
