

### ANNUAL MEETING NORTH'D COUNTY COUNCIL

(Continued from last week)  
Newcastle, Jan. 19—Municipal Council met at 10 a. m. and adjourned for two hours for Committee work.  
On motion of Coun. Allain, the sum of \$520 was ordered assessed on the Parish of Alnwick for Pauper Lunatics.  
Returns of Sam Breau special collector Alnwick passed.  
Following Newcastle Parish Accounts passed:  
North Shore Leader, \$6.13; Mir. Feb. Co., \$7.50

Council adjourned until 2 p. m.  
Council met at 2 p. m.  
Coun. Anderson of the County Accounts recommended the payment of the following accounts: A. Doran, \$115.00; P. Coughlan, \$20.00; Chapman Barlett, \$10.75; Bradford McDuff, \$9.90; Postage and Stationary, Sec-Treas., \$130.00; Mrs. Troy Prisoners Board, \$62.40; and also that in future she be paid 40c per day instead of 60c.

Coun. Cripps, asked what would be done if Mrs. Troy refused to feed prisoners for 40c. She did not have to and 40c was not enough. Coun. Anderson said that was what was allowed the jail, but Coun. Cripps, said that this was a different case. Decrease passed, Coun. Cripps, voting nay.

Dr. Losler, \$5.00; A. Dickson, \$4.00; Arnold Simpson, \$5.00; Angus Morrison, reduced from \$34.70 to \$27.95; Miss Kane, \$36.75; B. F. Maltby, \$146.75; M. S. Benson, coroner Ross case, reduced from \$240.00 to \$163.10; J. McKnight, \$5.73; Commercial Press reduced from \$4.60 to \$3.75; Dr. Duffy, \$12.00; Fred Richard, \$20.00; H. H. Carvell, reduced from \$25.00 to \$20.00; Gazette reduced from \$3.75; to \$3.00; North Shore Leader, 3.75; Mir. Pub. Co., \$7.50; Mir. Pub. Co., \$3.75; Town of Newcastle, \$9.50; J. D. Creaghan, \$35.55; J. L. Stewart, reduced from \$8.75 to 3.75; Dominic Casey, \$20.00 be not paid; John Morrissey, \$20.00; Sheriff Cassidy, car hire reduced from \$115.60 to \$90.00. This account provoked some discussion on the rate per mile charged, and was discussed by Couns. Cripps, Manderville, Mersereau, and Sinclair but passed; M. S. Benson, 6.00; Stohart Mercantile Co., 46.67; Stohart Mercantile Co., repairs to wharf, 73.73; Wm. Irving, 6.00; T. H. Whelan, clerk of the peace 400.00; Prisoners board, at jail, 960.00

Coun. Bransfield read a report of the committee to visit jail which recommended several new locks and

doors, water pipes repaired and new cots and blankets secured at once. Report adopted.

Coun. Bransfield said that he wanted new cots and blankets at the jail for he understood that they were going to lock up all Councillors who voted against the Health Act and he wanted a good bed when he was locked up.

Coun. Mersereau gave notice of a motion asking Provincial Legislature to provide equal valuation on property for assessment.

On motion of Coun. Mersereau Miss Micklejohn of the Dept. of Public Health was heard. Miss Micklejohn addressed the council at some length. She said Canadians were people of common sense, one that respects his home, and wanted the people in his home to have the best procurable. He stands for fair play and a square deal. They were beginning to look at the Public Health in a different light. Why put up with conditions that are not necessary? The N. B. Public Health Act has a broader scope than the law of any other province in the Dominion. It was made to protect every home, but needed support. We left \$60,000 of our men in France, another 120,000 had come back to us ruined in health, yet in the period of the war, New Brunswick lost in children under one year of age the total of 70,000 infants due to lack of Public Health methods. Was this right, or was it murder? King Edward had said such conditions were murder. The cost of the N. B. Health act was 25c per person a year, \$1.25 per family of five. The Public Health Act covers Sanitation, Smallpox, typhoid fever, etc. were not necessary. There are at present 17 stations in N. B. where serums are supplied for smallpox, typhoid fever, lockjaw, diphtheria etc. Diphtheria can be prevented by proper methods. Statistics show what Public Health means to a community. Some had objected to Vital Statistics, but was like running a business without books. The statistics of the Province last year showed that out of every 7 babies born in N. B. one died before it was one year old, 1,500 die yearly, and of these 75% were unnecessary. They were healthy when born. If proper measures had been taken thirty years ago, we would have had at this rate 30,000 more men and women in N. B. Children are allowed to grow up defective due to no School Inspection. The late

war showed us the result of our system. 60% of the young men who offered for war service were found to be defective. This could have been corrected if the child had been examined when in school. Public Health is a protection. Every Country in the world is today making P. H. its mainstay. Take the case of venereal diseases, which you are asked to pay 25c per year to prevent in The Provincial Hospital, in St. John there are 660 patients, 46% of these are there due to venereal diseases. Venereal diseases were not necessary, and it is crippling men, women and children all over the world. A person suffering from this disease is practically useless at 50 years of age. There was a clinic at Chatham for the treatment of this disease. Some may object to pay for the Public Health, but they paid for it in the end, through other taxes and paid well. She hoped that Northumberland would vote the money necessary to carry on the work.

Coun. Gill asked re Diphtheria; how soon must the serum be procured to be protected against the disease?  
Miss Micklejohn, said that no sore throat could afford to be neglected; it should be looked after at once, and if the doctor had any doubt he should give the serum at once. It did not affect the heart as some persons had been led to believe.

Coun. Bransfield—"Do I understand you to say if you have a sore throat you should call the doctor. I know of cases where the doctor has been called and had the house quarantined, when it was nothing but a little quinsy sore throat. I have had the quinsy sore throat several times and never called on a doctor in my life."  
Miss Micklejohn—"If you had been attended to when a child you would not have had the sore throat."  
Coun. Bransfield—"Yes, and if I had had a doctor, I might have been dead."  
Coun. Gordon asked re a case where the doctor at a country school had diagnosed adenoids and the parents of the child were too poor to have the child operated on, what was to be done.  
Miss Micklejohn said that a travelling clinic was now being arranged to travel New Brunswick and take care of such cases. It would be on the road in a week or so and would have specialists to deal with all diseases.

On motion of Coun. Fletcher the following returns passed; John P. Sullivan, Parish Clerk, Dennis McCarthy, Peter O'Neill, Thos. Lynch, collector of rates. The default list be handed to Patrick Gorman for collection and that Nelson Parish officers and Secretary Treas. account with Nelson parish pass.  
Coun. D. Doyle, introduced a resolution asking Council to memorialize the Legislature for legislation re the running at large of scrub bulls in the County, and have such animals forbidden in the interest of pure bred stock.  
Coun. Watling supported the motion. A law such as in existence in Ontario should be introduced.  
Coun. Galliver thought we had a law forbidding the running at large (Continued on Page 3)

### HEALTH MESSAGE TO THE WORLD

#### Take "Fruit-a-tives" And Make Yourself Well

"Fruit-a-tives", the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind. Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-tives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world. To be well, take "Fruit-a-tives". 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### Railway News in Brief

Moose Jaw, Sask.—Good progress has been made during the past month with the work of finishing the interior of the C. P. R. Office Building in connection with the new station here. The contractor expects that the building will be ready for occupancy by April 1. This will complete one of the finest stations west of Winnipeg.

Vancouver, B.C.—The Committee of the Board of Trade was told by W. B. Lanigan, traffic manager of the C. P. R., at a conference that the freight classification No. 17 which was prepared in 1919 has been shelved, and an entirely new list is at present being prepared.

There was considerable discussion in regard to the retention of the existing trade lists, under which shippers can mix certain commodities in the same cars for shipping. Local business men were afraid that the present trade lists would be interfered with to the detriment of their business, but Mr. Lanigan gave an undertaking that there might be a modification in the existing arrangements, but it would not be such a nature as to interfere in any material way with business.

Much satisfaction was expressed by the Board members at this assurance.

Kingston, Ont.—The Royal Military College at Kingston has just received some interesting relics presented by prominent C. P. R. officials. Mr. E. W. Beatty, K.C., President of the Canadian Pacific Railway has sent two splendid war relics in the form of a Prussian helmet and a regimental flag captured from the enemy during the late war. Mr. Beatty, who is a member of the college governing board, is taking a keen interest in its progress and his gifts have been placed in the staff mess.

A number of very interesting and serviceable articles have been handed to the college by Colonel F. Z. Wanklyn, of the board of governors; one of which, an umbrella-stand made from a massive shell-case is in the "entre-soi" to the mess. Other gifts from Colonel Wanklyn include a handsome table lamp constructed from an 18 pound shell; a tobacco box made from a shell case; and a fine engraving depicting "The Surrender of Cronje." The latter is particularly appropriate as framed, group photographs of the ex-cadets who were in the South Africa War have been preserved and will be hung on the walls in proximity to the picture of the dawn of Majuba. Colonel Wanklyn has also given the college a splendid picture entitled "Rivals," which is composed of composite photographs taken of lighting and an express train. This picture hangs in the cadets' new mess-room.

Mr. A. D. MacTier, of the C. P. R., has also presented an engraving of the painting entitled "Comrades" to the college. This wonderful Scottish picture has been much admired by all who have seen it, and the kindness of these friends of the Military College is appreciated by all connected with the college, as is apparent from the many happy remarks heard.

Vancouver, B.C.—The "Princess Louise," all-British Columbia built and newest addition to the coastwise passenger fleet flying the house flag of the Canadian Pacific Railway, will be ready for commission shortly, it was stated by Capt. C. D. Nesrounos, marine superintendent, British Columbia Coast Steamship Service.  
"Princess Louise" will first be operated, Capt. Nesrounos states, on the route between Victoria and Vancouver, which will be in the nature of a thorough test of the boat's machinery before she is sent north to Alaska, for which service the "Princess Louise" was designed. The Alaska service between Victoria, Vancouver, Prince Rupert and Skagway will be maintained by the "Princess Louise" from the time she is put into commission for the northern run until June next, when the summer schedule of the Alaska route will go into effect.  
The first of the sailings under the summer schedule will be taken by the "Princess Louise," leaving Victoria June 9 at 11 p.m., and clearing from Vancouver at 9 p.m., June 10. The "Princess Louise" will be operated to Alaska this summer in conjunction with the "Princess Alice." These two splendid boats will give the Alaskans the finest steamship service they have ever had. It will amount to approximately a semi-weekly schedule. The summer schedule of the "Princess Louise" from Victoria to Alaska is as follows: June 9, June 23, July 4, July 14, July 25, August 4, August 15, August 25.  
The schedule from Victoria of the "Princess Alice," which will alternate with the new boat, is as follows: June 16, June 30, July 11, July 21, August 1, August 11, August 22 and September 1.

Sailing from Victoria and Vancouver, the ports to be touched at by the "Princess Louise" and "Princess Alice" in the summer service will be, Alert Bay, Prince Rupert, Stikilian, Wrangell, Juneau, and Skagway, these calls being made on both the northbound and southbound trips.

**CASTORIA**  
For Infants and Children  
In Use For Over 30 Years  
Always bears the Signature of *Chas. H. Fletcher*

### Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

### Success in Retailing

An essential factor in achieving success in a retail business is ADVERTISING—telling the buyers of your community what you have for them.

One doesn't need to be exceptionally clever or a genius to be a success, but one must have an aim, and pursue it resolutely and intelligently.

The businesses that are prospering and expanding are those that purposefully seek out new customers and place before both old and new customers the news of their service, in the form of Newspaper Advertising.

### A WORD TO THE PUBLIC

Who serve you best—busy or half-busy men? busy or half-busy shops? Where is your custom most desired and appreciated? Is it not at those shops which stretch out the hand of welcome and invitation—in the form of advertisements in THE UNION ADVOCATE?

### Shop Where You Are Invited to Shop
