Dublin June 20 .-- The organization of the clubs is spreading far and near, noiseless-ly but rapidly. In the metropolis it is per-fect : and, union or no union there remains a confederacy, the danger of which (says the Tory Press) cannot be too strongly im-pressed upon our rulers, already far too sanpresent open our rulers, stready in too an guine at the success of a solitary victory of law over tarbulence and sedition. It is said that the Confederates mean to avoid street marching for the present; and that no pretext will be afforded for coming into foolish collisions with the police. In Ireland the organization of clubs is

proceeding to an amazing degree. In Dub-lin alone it is stated that there are forty clubs each consisting of 300 members, making an aggregate of 12.000 men who are accustomed to assemble at least once a week, for the avowed purpose of being trained and to be organized in the same way, and some of the Old Irish party are taking an active part in this movement. In the provinces, under the influence of Confederates from Dublin, the club movement is rapidly pro-gressing, and a great monster meeting, in favour of repeal, is about to be held in Derry, at which the leaders of all the various The Nution and other confederate journals have, within the last few days, resumed a far more daring tone. The veteran barrister, Mr. Rob't Holmes,

THE SURPLUS FUND CEERGY RESERVES -Public opinion is every day assuming a more distinct and definite shape on this subject. The Episcopal and New Connexion Methodists, the Free Church and United Methodists, the Free Curren and Curren-Secession Presbyterians, the Congrega-tionalists and Baptists, have all sgnified their intention to decline participating in any share of the Clergy Reserves funds; and most of them have ado ted Addresses to the Head of the Government explanatory of their views, and offering suggestions as to the future disposal of these funds. Some and some others of canal importance in the Torr have suggested that the surplus now on hand be given to the Bible Society. This was formerly the favorite ineasure in Upper Canada, and there is not much doubt but that it would still meet the concurrence of the above named denominations, as well as of all the minor sects in the Province.
