STORY OF MAN WHO CHANGED STORI OF MAN WHO CHANGED STEEL TRADE A young inventor-Henry Bessemer by name-awoke one morning in the first half of the nineteenth century to find A friendly chief once presented Dr. Paton with a highly polished wooden speon. Natives he subsequently met would not believe that Dr. Paton had dared to visit this warrior. He showed than the speon and the shot of himself the laughing-stock of England. His name was on all lips, and the story of his latest folly was told and retold amid the derision of a nation. He was pointed out as a fore-ordained failure in life. Here in hrise is the tale of his odd

Here in brief is the tale of his odd and by the chief himself. I-luck:-The stamping system in the British overnment offices was carried on in an The stamping system in the Driver government offices was carried on in an expensive and old-fashioned way. Besse-through little more than a boy, inexpensive and old-fashioned, way. besse-mer, though little more than a boy, in-vented an improved stamping device, which was so excellent that, in spite of the increased money outlay involved, the government decided to adout it. In payment Bessemer was to receive a life posi-tion at a salary of \$4,000 a year. It was on the islands. Ten years after the death of his firs Possemer in his delight became wife he married again, and not many years ago his son was shot at by a hosover-zealous and forthwith spoiled his prospects by inventing still another systile tribe and narrowly escaped death. tem whereby the old-time arrangements for stamping could be continued profit-bly at no extra expense on another sys-tem whereby the old-time arrangements for stamping could be continued profit-during his brief star of term ably at no extra expense or special alt-eration. In other words, he "improved" stalwart figure of the white-haired snowy bearded old man with the charming

Their house has been THE LAWLESS FOREIGNER cf pig iron that was in process of fusing until it was cleared of carbon. Then, by introducing the proper proportion of car-bon, he found he had an excellent qual-it of steel. He could thus make steel far more rapidly than it had ever before

EDMONTON BULLETIN. FRIDAY, MARCH 8, 190'

"ST. GEORGE'S BAKING POWDER is bringing lots of trade to my store."

"It keeps me busy filling up the empty places on the shelves."

"Folks now know that baking powders - containing acids, alum or phosphates-not only spoil the baking, but are positively injurious to health."

"I tell everyone about ST. GEORGE'S-the new baking powder. And I find that where they use one can, they not only order more, but also buy all their other groceries here."

"It certainly does pay to have the best"

St. George's **Baking** Powder

is a genuine Cream of Tartar Baking Powder. It contains only the purest ingredients, perfectly proportioned to insure the best results. It proves its quality by the biscuits, cake and pastry it makes.

ST. GEORGE'S is the choice of all discriminating housewives and pure food exponents.

Send us your name and address for our free illustrated Cook Book, which contains excellent recipes-and a dashing little story about a nobleman and a millionairess. Address: The National Drug & Chemical Co. Limited, Montreal.

CLOSING OUT SALE
