A Word from LaScie.

Editor Evening Telegram.

Mr. Editor.—Kindly allow me space in your widespread paper to say a word or two. The past winter has been the most pleasant one for the last twenty years. We have had a lovely winter all the way through, the sea-coast has been clear of ice the greater part of February and March, and up to the present time there is no ice to be seen. Everything seems to be pointing forward to an early fishery, and as to land, there is less snow and frost in it than for many years. We are charmed with the Rev. A. Pittman's sermon at the table. After tea the Rev. A. Pittman was chairman. A large number from the Church attended. Well done, Pitt Cove, which is never behind on a Saturday night. The preparations for the fishery are opening up

with a swing and everyone is looking forward to that industry, which is the pride of our country. I am, sir, ONE INTERESTED. La Scie, April 14, '10.

Mary's Comicalities.

Tells of How Men are Made Horses of, and Other Items.

Dear Sir.—Business is rushing here just now, it seems to me that the vacation lately has purified people's blood and made them different beings. Work on the Bear's Cove public wharf is going on, and Tom wanted to look for a job there this morning. But, my sakes, I would sooner pick dandelion and musrooms than allow the poor old fellow to go to work there after what I saw on Saturday. I got up early Saturday morning and got through all my housework by 10 o'clock, and I then got ready to go to Mosquito to select a suitable place to erect a seat near John Guy's sawmill, where Tom and I are going to act the part of Mr. and Mrs. John Guy. In August next, we are going to dress in the old Bristol costume, and will make all our friends welcome. Tom thinks we might get permission to sell a "wee drop" like they used to do before now; but, my laws, we'd never get it good enough now-a-days to act that.

Having looked the door and placed the key in a hollow in the dogberry tree only known to Tom and myself, I was soon on the way to Bristol's Hill. I saw three poor men dragging a stick, a big stick, chopped all ready to be placed in position. The poor fellows were hardly able to speak, so fatiguing was the work. I heard since it was a "briar" for the Bear's Cove public wharf. On top of the hill I saw seven or eight more men leisurely chopping other sticks, and occasionally looking wistfully out to the eastward, as if they were looking for the comet. Before I let my Tom go with a rope over his shoulder hauling sticks

over Mosquito Hill, or even go up on the top and strain his poor old eyes looking for the comet, I tell you what I'd do. I'd eat my dog, like Mat Henson said they did when Bob Bartlett left them and they made the final dash for the Pole. He said they had a feast and called it on the menu, whatever that is, muck-ox; but I would call it de la pique. I went to Mosquito and I really think it time to change the name. Tom says the name is all right as the people are as friendly as the little fly by the place takes the name after. However, I think it would be nice to change the name this summer and call it something appropriate to the occasion—say Bristol's Hope. Another crowd are working on Glover Road, but Tom had a sweet heart over there years ago, so I think it would remind him too much of his youth to allow him to go in there, and you know, Mr. Editor, when we come to look back on our youth our old age and infirmity always makes us sad. I was delighted with Tim Shannahan's remarks about that narrow-souled shopkeeper. If I only knew him I would tell him to come over here, but Harbor race would be the right place for him. I enjoy reading Tim's letters very much and so does Tom. As for myself I go to Carboneau's sometimes shopping, and in my next, which will, I hope, be on Saturday, I will tell you a little about a late visit I had there and how well I was treated. Yours etc., MARY. Harbor Grace, April 25, 1910.

Have They a Lease of Life?

If men's whole time is absorbed in their occupation that they cannot give a moment to better things in life—of charity, to education, to civic duty—it is not because they cannot find time for it, or they don't approve of it; it is simply because they are the habit of saying, "there is plenty of time or we'll do it to-morrow. We say live right to-day, there may be no to-morrow; we have no means in life, or do not delay, but go to-day to E. FRIEDMAN and get your Clothing Dry Goods and Furniture for Cash or Credit. E. FRIEDMAN, 291 Water St., Water Side. Phone 548. P. O. Box 5.

Entertainment at Logy Bay

The R. C. parishioners of the nearby settlement of Logy Bay are preparing for a concert to be given at this place on Wednesday, May 4th. Many prominent performers from the city are giving their assistance including Mr. J. J. Grady and other popular players who will produce that beautiful Irish playlet entitled "An Exile's Honour." P. F. Moore, Esq., M. H. A., will also contribute songs, dances etc. The proceeds of this entertainment are to be devoted to the worthy object of improving the Chapel and school house. This affair promises to be a treat and no doubt will be pre-eminently successful.

Attacked the Police.

As Const. O'Flaherty was doing his beat on Water Street West last night, a man who is well known to the police approached, and after insulting him grossly attempted to attack the officer. He woke up the wrong man, for O'Flaherty grappled with him and before the other could realize it he had the bracelets upon him, he was then driven to the station.

Cannot be Found.

Last night Const. Quinlan and Constables N. Pugh and P. J. O'Connell were in connection with the prosecution of the man who held up the passenger train at Briggs Junction last week. We learn that the ringleader in the matter who is a native of Harbor Main District cannot be found. It is thought he quietly left for foreign parts by the express which left here Sunday.

Eight Flour Concerns Consolidate.

An interesting feature in connection with the consolidation of eight of the larger oatmeal and flour concerns of Ontario, into the Canadian Cereal and Milling Company, is that unlike a number of other consolidations, it has been put through to a very large extent by the practical interests who have been at the heads of the different companies for a number of years past, and have recognized that a great deal of money could be saved each year by having the various concerns adjusted to modern business principles, resulting as it would in one central management and distribution from the mills nearest to the points from which the orders would be received.

In this connection it is also interesting to note that a very large number of the men who have been identified with the old concerns will, besides retaining a very substantial financial interest in the new company, be actively identified with it.

The headquarters of the new company will be situated in Toronto, arrangements already having been made by which the company will occupy the entire centre floor of the new Lumsden Building at the corner of Yonge and Adelaide Streets. Mr. J. D. Flavelle, the President of the Flavelle Milling Company, of Lindsay, will be the President of the new company, and Mr. Geo. Goldie, of the Goldie Milling Company, Vice-President and Managing Director, with its headquarters in Toronto.

To-Night, Hambourg Piano Recital.

Again, graced by the presence of their Excellencies Sir Ralph and Lady Williams, Mark Hambourg will give his farewell recital at the Methodist College Hall to-night. Even a greater treat than that of Monday evening is in store for those who attend. Mr. Hambourg will present a programme that embraces a collection of the really greatest compositions written for the pianoforte. Among the selections will be Chopin's celebrated Funeral March, that which no composition over written in music so marvellously depicts human emotions. It is to be hoped that the music lovers of St. John's will not miss the opportunity to hear the great master.

Band Instruments Presented at the S. A. Citadel.

Seven new band instruments were presented formally at the S. A. Citadel last night by Hon. D. Morrison. Amongst those present were Hon. S. D. Blandford, Mr. H. Piccott, Mr. R. Squires and Col. Rees. Mr. Morrison was invited to the chair and delivered an address on the good work being done by the Army in connection with the organization of the Salvation Army. He was very much pleased to be present at this meeting. He had a good deal of experience in Army affairs and once attended a meeting at Exeter Hall, when the Army was not looked upon as it is to-day. The Army aimed at helping the man who was down. He would be glad of all times to do anything to help the Army. At the conclusion of Mr. Rees' address a collection was taken up and a formal vote of thanks was tendered to the speakers. The chairman of the Army rendered suitable music during the evening. The meeting closed with Benediction by Col. Rees.

Had Eczema in Both Legs

Remarkable cure of Chronic Eczema by use of DR. CHASE'S OINTMENT. You could scarcely imagine a more severe test of this ointment than the cure of Mrs. Clark recorded here. For twenty years she suffered all the tortures of this terrible disease and tried in vain the prescriptions of doctors and the cures commonly recommended. Mr. Fred W. Clark, Petworth, Ont., writes: "My mother had Eczema in both legs for about 20 years and suffered from the dreadful itching, stinging sensations which can never be described. She doctored and tried everything for it but got no relief until she used Dr. Chase's Ointment which was recommended to her by a friend. She found that this brought relief and by continuing its use has been cured of Eczema. It is not only any one could have this horrible disease any worse than she did and can recommend Dr. Chase's Ointment as a thorough cure for Eczema."

Cable News.

NO ANNEXATION.

Special to Evening Telegram. NEW YORK, April 26.—Annexation of Newfoundland either to the United States or Canada is a visionary project, according to Sir Edward Morris, Premier of the island, who expressed this view at a farewell dinner given in his honor by his countrymen at the Hoffman House to-night, previous to his departure to attend the Fisheries Conference at the Hague. While a very decided friendliness exists between Newfoundland and the American people, said the Premier, and while thousands of Newfoundlanders have found a home in this country the people are absolutely loyal to the British Crown. There is no annexation sentiment among the islanders and as for Confederation with Canada there is less prospect of that than ever. Canada has nothing to offer Newfoundland which could induce her to sacrifice her independence to become a province of the Dominion.

ATLANTIC CABLE RATES.

Special to Evening Telegram. OTTAWA, April 26.—The Government bill to bring the Atlantic Cable Companies under the control of the Railway Commission in respect to rates and facilities was by special reference before the Senate Railway committee to-day. Hon. Mr. Lemieux announced that amendments had been agreed to. Section 4 is dropped. It read: "Any provision in any special act inconsistent with this act is repealed." The Postmaster General said that from this Parliament the Commercial Cable Company had special statutory powers and it was not desired to alienate these. If other cables reduced their rates it would do so in its own interest. The act would come into force only upon similar legislation being enacted by the United Kingdom. He said he had the undertaking of Hon. Mr. Buxton that such legislation would be brought down as soon as parliamentary matters became calmer in Great Britain.

PEACE AT CHANGSHA.

Special Evening Telegram. CHANGSHA, China, April 26.—The Governor of Changsha to-day issued a peace proclamation. The British Consul, however, has given notice that he will not be responsible in case those who go ashore are attacked. Missionaries arriving here from Chan Ten Fa report that there is every indication that trouble with the rioting natives is over. The Governor estimates the damage done at about \$2,000,000.

BLACKS AGAINST WHITES.

Special to Evening Telegram. HAYANA, April 26.—Indictments were returned to-day against General Everisto Estenoz, the negro leader, and 23 other negro prisoners, charging them with inciting rebellion and instigating anti-white violence. The evidence submitted indicated that extensive preparations had been made for a general uprising against the Government on May 24th.
