MARSHALL BROS.

POLICE COURT NEWS.

To-day a drunk was discharged. A resident of Mount Pearl summoned a neighbouring farmer for assault committed a few days ago. The case was proven to the satisfaction of the court and deft. was fined \$5. or 14 days.

In another case of assault heard the deft. was compelled to give bonds to keep the peace in future.

Quite a number of cases were disposed of in the C. D. Court.

Abbott vs. Pike.

This was an action for trespass and entering the house of plaintiff and wrongfully removing a sewing-machine. The machine was sold by deft. to Pitt. and placed there on approval. The payment of the first instalment not having been made, deft. removed it. Pitt. claimed \$50. damages. After hearing the evidence of a number of witnesses the case was dismissed by the judge. Mr. Pitman for Pitt., Mr. Higgins for Deft.

Sudden Death.

Word was received in the city this forenoon to the effect that Mr. P. Murphy had died suddenly at his home in Argentine, P. B. Mr. Murphy had not been ill and his death is attributed to heart disease. Mr. Murphy was a man of excellent parts, kindly and affable in disposition and noted for his integrity and industry. He was a successful business man dealing in the staple of the country, and his sudden demise will be a source of regret to many. He is survived by a widow and three sons and one daughter. The former are:—John, accountant at the office of R. G. Rendell & Co.; Matthew, doing business at Placentia; and Bro. Murphy of the Order of the Christian Brothers at Dublin, Ireland. To the bereaved family the Telegram extends its sincere sympathy.

Minard's Liniment Co., Limited, Yarmouth, N.S.

Gentlemen.—In January last, Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

SAUVEUR DUVAL, Elgin Road, L'Islet Co. Que.

A Barbers' Union.

We learn that the barbers of the city are contemplating the establishment of a union on the lines of the existing city unions. The intention is, it is said, to raise the price of shaving from 7 to 10 cents and hair cutting from 15 to 20 cents for Saturday night. A number of the barbers are favourably disposed and steps will soon be taken to get the union into shape.

Night Palpitations, Stomach Pains.

People often wake at night with distressing pains. They are frequently cramped, and often palpitation renders them very apprehensive of danger. Generally it is an accumulation of gas in the stomach or bowels. Stomach distention pressing against the heart urges it to rapid action. This causes nervousness, relieves the pain of spasm and gas accumulation. Pain ceases and comfort and repose follows at once. A thousand dollars could not purchase you greater immunity from cramps, pains and aches, than you will find in a bottle of Nerviline. Its great value can only be discovered by testing it. We refund its price if it does not prove as represented. Nerviline, as you see, is a guaranteed pain remedy for all stomach and bowel disorders. Where else can you find one? Sold and guaranteed by druggists, large size 50c. trial size 25c.

Here and There.

FISH AND LOBSTERS.—Codfish and lobsters were plentiful at Portuguese Cove this morning.

INTERMENT AT DILDO.—The body of the late Mr. Albert Prettly which came in by the express to-day will be interred at Dildo his native place.

MUSIC CLEARANCE SALE.—May month is fast running out. We are selling off Sheet Music and Folios this month at 20 per cent. discount. Come early. The White Piano and Organ Store, CHESELEY WOODS.—may 15, 16.

THE KOHLER AND TONK Planos are famous and their agencies are world-wide. Hundreds of users in Newfoundland can confirm their splendid points and should be better than one solitary opinion. Call and see them at the White Piano and Organ Store, CHESELEY WOODS.

The Human Frame

Can be compared to a watch. Now, what makes the watch go? There is no steam, no electricity, the most powerful of motive forces, and yet there is a power which makes the watch move and show the correct time. Or what does that power consist of? It is purely mechanical, constructed according to the laws of mathematics; the watch wheels and springs are so arranged that they make it move; that power we call "mechanism." If one of the wheels is out of order, the mechanism stops working. The human frame is constructed on the plan of a mechanism, formed by the bones, veins, and muscles. If one part of the mechanism is out of order, then the whole system stops working. But our credit system will never stop. You can always get your clothing, Dry Goods and Furniture for Cash or Credit. B. FRIEDMAN, 301 Water St., (water side), Phone 546; P. O. Box 5. Mail orders promptly attended to.

REV. A. O. BIRCHENOUGH AT GEORGE STREET.—The Rev. A. O. Birchenough arrived by the Prospero yesterday and will remain for a few days. The rev. gentleman will preach at George St. Church on Sunday night, and this will probably be the last time he will be heard in St. John's, as he has accepted a church in North Dakota.

The regular at 6 p.m. yesterday took out 40 passengers.

Itching Piles For 27 Yrs.

Dispensed of ever getting relief until I used **DR. CHASE'S OINTMENT.**

Mr. John Johnson, Cawley, Alta. writes: "Three years ago I was cured of blind, itching piles of twenty-seven years' standing by using Dr. Chase's Ointment. I used to think that death would be the only relief I could ever get from the terrible misery of piles. Dr. Chase's Ointment is worth six dollars a box instead of sixty cents. I am a different man since using it. I am farming all the time now and never miss a day. Words fail to express my gratitude for the cure this Ointment made for me. I cannot tell half as much about it as it deserves. Any one doubting this can write direct to me."

Do not accept an imitation or substitute in place of Dr. Chase's Ointment for there has yet to be discovered a treatment which so promptly gives relief from itching and so thoroughly cures every form of piles. 60 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto. Write for a free copy of Dr. Chase's Recipes.

Shannahon on the Walking Match.

Let us all make an effort to have our Annual Walking Match a success this year. Let the young men who are taking part see that they have the proper kind of boots, the kind that won't gall their feet and make them cripples for months after. 'Tis so much nicer, you know, to hear people say that they were beaten fair and square, than to have them blaming their boots. Some care should also be taken by those intending to contest as to the kind of food they eat for weeks before the contest. Up to the present young men taking part have been known to eat a square feed of pork and cabbage or pea soup on the day of the race. Now this kind of food may be all right out to the tea, but Mr. Tucker doesn't believe in the proper stuff for pedestrians on a long march in July when the sun is good and hot. Enthusiasts should not be allowed to bar off the line of march with carriages of ancient brand, or the up-to-date automobile. Special care should be taken by the doctors to see that no one is allowed to enter who is not good and strong. It would be more interesting to the spectators if the race could be run on some place where the contestants could be seen all the time, for now there is the danger of something serious happening and no one near to give assistance. Useful prizes should be offered, for we have an awful dose of medals and cups lying around mantle-pieces in this town just now.

TIM SHANNAHAN.

Wesleyville Notes.

Mr. Wm. Bishop, father of Capt. Noah Bishop of the S.A. Algerine, is dangerously ill of heart trouble, and his death is expected. Mr. Saml. Hutchings, also a well known resident of the place, is suffering from the same disease and is also dangerously ill. On Tuesday last Mr. Jas. Hunt was united in the bonds of matrimony to Miss Selma Way by Rev. A. Holmes. Both are well known and popular at Wesleyville.

ACCEDDED TO REQUEST.—Acceding to the request of many persons the Rev. J. K. Curtis, B.A., will repeat at Wesley Church, to-morrow evening's service, a sermon from the text, Psalm 19, 1st verse: "The heavens declare the glory of God and the firmament showeth His handiwork" or Scriptural lessons from Astronomy and Comets.

Schooner Run Down.

About ten o'clock Tuesday night last the schr. Galatea, W. J. Cole, master, was about 9 miles off Flower's Rock, a fleet of 40 schooners bound North bore down on them. Most of them had their side lights out, and some were boomed out, while others had their port tacks on board running free. The Galatea was held in readiness to tack to avoid possible trouble where so many craft were about when suddenly a large vessel with all her sails on the starboard side ran down on them with no lights up and no one on the look out. Everything possible was done on the Galatea to draw the attention of those on board the stranger to the danger of collision but without avail. As the other would not alter her course the Galatea was brought up in the wind when the topping lift of the other vessel "hit" the end of the Galatea's jibboom and took all her head gear away, "smug into the stem" as one of the Galatea's crew observed. The damage done was about \$50. It looked for a while as if the vessel would cut the Galatea to the waters edge but fortunately this was averted. The vessel which did the damage continued on her course and none on board attempted to render assistance if necessary or see what damage had been wrought the Galatea.

Harbour Grace Notes.

The proceeds of the sale of work held by the ladies of St. Andrew's Church on Tuesday evening last reached nearly \$80.

Nearly all the Labrador men are "settled" for the summer, and during next week the majority of them will start for the coast.

Constable Dwyer will do duty on the N. E. Coast during the summer months. He leaves by the S.S. Portia.

Codfish, salmon and herring were fairly plentiful in the market during the week. This (Friday) morning the market was well supplied with codfish.

The body of Miss Jessie Hawkins arrived from St. John's by train on Wednesday evening and was met at the station by a number of sorrowing friends. The funeral service was conducted in Christ Church, after which the body was consigned to mother earth in the C. of E. Cemetery.

Mr. Graham Munn, son of Mr. J. G. Munn, and Mr. William Gordon left by Thursday's express for Sydney.

CORRESPONDENT. Harbor Grace, May 10, 1910.

Prussian Franchise Bill Abandoned.

Special to Evening Telegram. BERLIN, May 27. The Government to-day abandoned its efforts to secure the enactment of the Prussian Franchise Bill, popular opposition to which has been expressed in frequent mass meetings, during some of which there have been clashes of the police. The debate had been a long drawn one owing to the objections raised in the Lower Houses to the amendments adopted by the Lords. The Chancellor in announcing its decision said that the Government placed no further value on the measure which had lost its effect by giving the wealthy and middle classes a greater influence in the elections. He added that a continuance of the bitter agitation against the election system was most likely to continue until the Government submitted new legislation representing an endeavour to carry out the Emperor's promise made in the Speech from the Throne.

Submarine Found Again--No Hope For Crew.

Special to Evening Telegram. CALAIS, France, May 27. The French submarine Pluviose, which was struck and sunk by the cross-channel steamer Pas de Calais yesterday, was again found to-night, after being driven from her moorings at the bottom of the English Channel and carried hither and thither by the swift lower currents. That the officers and men of the submarine have all perished is the belief of the naval officers who are assisting in the wrecking operations. There is an abundance of naphtha on the surface of the water and this leads to the belief that the inner shell of the submarine was shattered and all the crew drowned. The report that divers heard rattings last night from the inside of the submarine is now discredited.

Death Toll in Canadian Railway Construction.

Special to Evening Telegram. LONDON, May 27. Some startling statements regarding the mortality resulting from the construction of railways in Canada were made at the meeting in the Navy Mission Society held here to-day. The speaker who painted the horrors of railroading in the Dominion was Mrs. Charles Garnett. According to one estimate she said the death-toll on the railways now under construction in the Dominion might be placed at two lives for every mile of road built.

War Inevitable.

Special to Evening Telegram. LIMA, Peru, May 27. Another large contingent of the army is proceeding to the northern frontier to-day. Despite official assurances from Washington that Peru and Ecuador have accepted the arbitration of the U. S., Brazil and Argentina in their boundary dispute, the popular opinion is that war is inevitable owing to the conditions which Ecuador imposes respecting mediation.

Koch is Dead.

Special to the Evening Telegram. BADEN BADEN, May 27. Prof. Robert Koch, the famous bacteriologist, died here to-day from heart disease. He was born in Hanover, Dec. 11th, 1843.

Entertaining Roosevelt

Special to Evening Telegram. LONDON, May 27. Several members of the National party are coming here from Ireland to attend a luncheon to Col. Theo. Roosevelt on June 1st, at which John Redmond, Jos. Devlin, T. P. O'Connor and other noted Nationalists will be the hosts. The luncheon was to have been tendered by the Irish representatives in Parliament, but owing to the death of King Edward and the adjournment of Parliament this was found to be impossible.
