THE LATE SESSION.

Statesmanship, as represented by the Dominion Ministry, is of a poor quality, and there is very little of it. In constitutional countries we can scarcely look for a display of those grand and magnificent conceptions which sometimes, under a Heavensent inspiration, are formed in the minds of autocrats, and produce reforms so sudden, so sweeping, and withal so beneficial, as to astonish the world. We do not expect our statesen to be Vasas, or Fredericks, or

yet equal to Russian Peter; we do
not even expect them to be Pitts or
Peels, or Greys, for they are essentially of sections, sectional; and with
our past experience as premises, our
logic would be execrable die we draw
the conclusion that they would ever
be anything else. Nevertheless, we
have a right to look for something
better at their hands. than anything
we have yet received. While, as we
have asid, we do not look for an exhibition of broad, comprehensive and
masterly statesmanship such as we
read of in the histories of other countries, it is yet not unnatural that we
should expect the possession of a medicerity of talent to be proven by the
introduction of measures whose undoubted merits were, that they were
just and beneficial to all. While we
ask much less than personal governments often give, we are at all times
justified in looking for many things
which they deny. It is our privilege
not to entreat, but to demand that
the men sworn to do justice to the
country as a whole, should fulfil their
yows, and not oppress one class or
section for the special behoof of another. Yet the legislation of the last
session was as exclusive as was consistent with safety, and the old game
of making Ontario pay the piper
while others enjoyed the amusement
of dancing; has been again played
successfully. We discover, to our
sorrow, that Confederation has in no
manner modified the insolvent.
Act, done something in the matter of
past and the same and the fact is
pointed out to us with no small degree
of pride as a sample of what lofty
statesmanship and accomplished diplomacy can do, when fairly put to
the test. Well let the Governoment
ext credity of the same and the range of the same
of making done so much and done it
so well—in short on their possession
of such splendid administrative abilities. Now this is carrying the joke
and of their intention to join the
States assoon as possible after robbing
us, the strength of the same and the range of the
order of the such as a sumple of the same

Royal Canadian Bank.

Royal Canadian Bank.

A meeting of the delegates appointed at the rural agencies, and of the Toronto shareholders of the Royal Canadian Bank, was held in Toronto on Friday, the President of the Bank in the chair. The chairman read the following report of the financial position of the Bank up to the 10th June, 1869:—Capital authorised by Act, \$2,000,000; do. paid up, \$1,172,613; promissory notes in circulation bearing interest, \$505,430; balances due other Banks, \$33,248,94; cash deposits not bearing interest, \$202,102.40; do. bearing interest, \$422,869,97; total liabilities, \$1,163,711.31. Assets—coin, &c. \$173,220.91; real estate, &c., \$13,-44,65; Government securities, \$128,911 10; notes on other Banks, \$21,939.49; notes and bills discounted, \$1,853,308.82.

Mr. Harrison said that it must be re-

939.49; notes and bills discounted, \$1,-853,308.92.

Mr. Harrison said that it must be remembered that the assets recounted comprehended \$300,000 had debts written off, though it was probable that some portion of that amount might be recovered. At the Fergus agency only \$250 are put down as loss, and in Galt none. The heaviest losses are—at Cobourg, \$89,084, Toronto \$70,000, Seaforth \$58,624, Kingston \$32,331. Total bills discounted \$41,000,598, total stock paid up 1,170,488, expenses \$236,244, net profits \$467,634.

Quite a long and angry discussion took place among some of the shareholders regarding the management of the Bank. The following gentlemen were recommended for election at the meeting to be held on the 5th of July: Peleg Hewland, President; J. H. Dumble, J. Crombie, K. Chisholm, J. Taylor, Joseph Gould, J. McGee, Directors.

RESIGNED.—Hon. A. Borie has resigned his position as Secretary of the Navy, and Hon. Geo. H. Robertson, of New Jersey, formerly Attorney. General of that State, has been appointed to succeed him. Mr. Borrie felt compelled to resign by the multiplicity of his family affairs.

An ignorant, but well meaning man, having been placed on the commission of the peace in a rural district, declared, on taking his seat as a magistrate, that it would be whis most anxious endeavour to do justice without fear, favor or affection; in short," said he, emphatically, "I will take care that on this bench I will never be partial or impartial."
