A Chemical Food and Nutritive Tonic.

Without Phosphorus no thought, say the Germans, and they might add, no action, since Phosphorus and the Compounds are known to be the motive power of the nervous and muscular system. They constitute more than half the material of the human body, being found in every tissue, and their presence is absolutely essential to nutrition, as they promote the conversion of albumen in the food into fibrine, which is the vitalizing agent of pure, healthy blood. They are now coming into universal use in Europe and America in the treatment of Scrophulous, Consumptive and Venereal diseases, which are caused by impoverished or poisoned blood; and in diseases of women suffering from irregularities, obstructions and exhausting discharges, in pale, puny children, and that condition of nervous and physical prostration resulting from bad habits, excessive use of stimulants and tobacco, and all that train of evils known as a fast life. The great reliability and promptness in its effects in immediately and permanently restoring the derelict condition has made DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES and CALISAYA a great favorite with the Physicians and Public. Sold at \$1.00.
