

"Let that pudding alone, there, that's the desert!" exclaimed a young countryman, who was devouring the tapioca at an early stage of the dinner. "I don't care if it is a desert," testily said the countryman, "I'd eat it if it was a wilderness."

The Rev. Canon Usher, of Brantford, died on Tuesday of inflammation of the lungs.

The farmers living in England in the vicinity of where the "antimaneuvres" of the British army are carried on, complain that their flocks of sheep have been so badly frightened by the roar of the guns and artillery, that they will not recover from the effects for generations to come. It appears that observations of the hereditary transmission of fear in these animals have been made before; it is well known that if dogs get among a flock of sheep and worry them badly and tear them, the lambs for successive generations are likely to appear timid, frightened and uneasy.

A STEAMSHIP LINE FROM MONTREAL TO THE WEST INDIES. In 1872 the Canadian Government communicated with Sir Hugh Allan about the establishment of a monthly line of steamers to the West Indian ports, but the scheme fell through, and it is only now a project is on foot to subsidize a monthly line from Quebec and Halifax to Demarara and Berbice. There is not the least doubt but that the enterprise once fairly established will require no subsidy. The West Indies are a good market for lumber, flour and fish, and Canadians annually consume an immense quantity of sugar, &c. Already a heavy trade is carried on over this route in sailing vessels, and it is to be hoped next spring will see a regular mail steamer leave Montreal for Demarara and intermediate points.—*Montreal Witness.*

BREAKFAST—EPP'S COCOA—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills.—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labeled "James Epps & Co. Homoeopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk).

A Clergyman writing to a friend, says, "My voyage to Europe is indefinitely postponed. I have discovered the fountain of health on the side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend, Dyspepsia." Dyspepsia should drink from this fountain.

Anæmia, or depravity of blood, is a disease known by the extreme paleness or waxy appearance of the skin, lips and nails. Persons so afflicted always have dyspepsia, and are liable to hysteria, consumption, disease of the heart, convulsions, etc., consequent upon the withdrawal of material in the blood for nutrition of nerve. As Fellows' Compound Syrup of Hypophosphites will supply the healthy constituents to the blood and endow it with vitality, patients need not suffer from these diseases.

THE REASON WHY

Dr. Wheeler's Compound Elixir of Phosphates and Calissava is called a Chemical Food and Nutritive Tonic, because Phosphorus constitutes more than half the material of the human body, and is absolutely essential to the growth of Bone, Muscle and Nerve, which cannot attain full development without them. They promote a good appetite, perfect digestion, create pure, healthy, vitalizing blood, and supply the waste constantly going on in the system as the result of mental and physical exertion. Being combined with Calissava, the Peruvian Bark, the only specific for Chills and Fever, an ethereal condition of Nervous Prostration and General Debility arises from low vitality and exhaustive diseases, it forms an elegant and agreeable, invigorating Tonic, purely physiological in its action, that may be taken safely under all circumstances, and in diseased conditions of the body, as it builds up the constitution in the same manner as our daily food.
Sold by all Druggists at 51.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.
This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, its any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.
Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.
