The Annual Fair Atter Some 3,000 Peopl

Exhibits Fully Up to the Usual High Standard-The Ring Attractions-A Slight Accident During the Race Events.

Over 3,000 people crowded the grounds of the West Nissouri Agricultural Society at Thorndale yesterday, where the annual fall fair was being held. The usually quiet village of Thorndale possessed a liveliness of aspect that characterizes it only once a year. The perfect weather and the condition of the roads were in themselves sufficient to insure a large attendance, without taking into con-sideration the reputation achieved by the West Nissouri Fair of being one of the best of Middlesex's many excellent township fall fairs. From miles around the sturdy sons of the soil, with their wives, children or sweethearts, came to spend a day of pleasure at Thorndale. From London township, from North Dorchester, from East Nissouri (in Oxford county), from the city of London, they came in hundreds, but it was from the home township that the mass of the visitors came, for the people of West Nissouri are essentially loyal to their own fair. So another successful year is set down in the chronicle of the many successes to the credit of the West Nissouri Agricultural Society. Secretary-Treasurer Bailey reported the gate receipts to be over \$300, indicating an attendance at the grounds of ceipts, 2,550; demand fair; steers between 3,000 and 3,500. Results of Wednesday's Clash at Oneida Colliery.

One Man Killed and Two Dangerously Wounded.

Hazleton, Pa., Oct. 10 .- The second fatal clash between the striking mine workers and the non-union men occurred this morning at Oneida colliery, in Scuyikill county, 12 miles from here, when a coal and iron policeman was shot and instantly killed and another policeman and a striker dangerously wounded. In addition, about a dozen of the employes of the colliery were badly injured by being stoned by the strikers. The dead man is Ralph Mills, of Beaver Meadow. George Keller, of Beaver Meadow, is in the Miners' Hospital, here, with a bullet in his head. The striker wounded is Joseph Lipko, of Sheepton, shot through the groin.

The shooting was the result of two separate riots. The first began at 2 o'clock this morning and reached a climax about 6 o'clock, when the marching miners, mostly Hungarians, attacked the men on their way to work in the Oneida colliery operated by Coxe Bros. & Co. The marchers numbered about 300 men, women and boys. Stones were thrown and the coal and iron policemen who endeavored to protect those on the way to work were forced to seek shelter. No shots were fired at this time and the marchers then dispersed.

THE SECOND CLASH. The second clash was the result of an attempt on the part of the company to have a train of coal cars from the slopes moved to a breaker. The engine which was attached to the cars was surrounded by men and women, who stoned the engineer. Supt. Kudlick, of Drifton, remonstrated with the crowd, but to no purpose. The policemen in this instance were employes who had been sworn in to protect the company's collieries. Rev. Carl Houser, a Lutheran clergyman, appealed to the mob to disperse, but his words were unheeded. Persistent

attempts were made to run the train, and the men made a concerted rush upon the guards, who are said to have run in the direction of the engine house. The strikers gave chase, and the firing followed. Probably a dozen shots were fired, but not in a volley. It is not known from which side the first shot was fired. After the firing Mills and Keller were found lying upon the ground, and Lipko was limping about with his hands pressed over his wound. Mills was dead. His body was removed to the company's store and several physicians were summon-

NERVES UNSTRUNG

Dodd's Dyspepsia Tablets.

They Cure Indigestion-Will You Test Them Today ?- They Convince by Curing-All Stomach Troubles Yield

Are your nerves unstrung? Are you, sleepless, restless, "fidgety," with a haunting dread, a foreboding that someone dear to you is going to die, or that some other terrible thing is going to happen?

You would give a good deal to get rid of those feelings, to be able to sleep soundly, have no bad dreams, and rise refreshed and clear headed, ready for a hearty breakfast!

You can do so, and at very little cost. Take a couple of Dodd's Dyspep-sia Tablets after each meal today, and see if you don't sleep as "sound as a rock" tonight and get up hearty, hungry, and without a headache in the morning. Just try this plan today. Stomach complaints arise from Indigestion. Dodd's Dyspepsia Tablets cure Indigestion. We claim this. You

test the Tablets. They'll prove the truth of the claim. You can't have Indigestion if you try, while you're using Dodd's Dyspepsia Tablets. If you don't believe ittest them. They'll convince you by

curing you. Besides curing Indigestion, Dyspepsia, Biliousness, Heartburn, Sour Stomach, Waterbrash and all stomach diseases (except Cancer) Dodd's Dyspepsia Tablets strengthen the stomach. It rests while they cure your Indigestion. They need only a week or two, to do this. Then your stomach is able to do its own work. Test them. They'll cure you.

"AN AMERICAN GIRL," The following is from the Scranton

Republican in regard to the "American Girl," to be presented tonight at the London Opera House: A bright, keen, catchy play was "The American Girl," presented last evening at the Academy of Music. It was interpreted by a most carefully selected company of finished artists. The plot turns upon the folly of a young English artist of good family, who went to America to paint, and because of poverty assumed a name, under which he clandestinely married a girl of good family but whose mother was in financial difficulties. Before the marriage was made known the husband is forced away to England in search of a possible fortune. He left no address, and when the wife and mother lose their home a few days later they go out in the world to seek him, friendless and without money. They are led by fatality to Lordon, where all are united under most romantic, dramatic and affecting circumstances. "A. LION'S HEART."

DEATH OF A CRIMEAN VETERAN

Oelonel H. A. Trevelyan, of Fresno, California, Contracts Pneumonia With Fatal Results-A Military Funeral,

Mr. W. C. L. Gill, city registrar, recently received a letter from Fresno. Cal., announcing the death of an old friend and Crimean veteran, Colonel Harrington A. Trevelyan, who con-tracted pneumonia some weeks ago. from which he never recovered. The high esteem in which the deceased was held was evidenced by the honors colonel was not an American citizen. but he was attended by full military honors, the members of companies C and F of the Fresno United States Infantry acting as an escort, under orders from General Muller

Colonel Harrington Astley Trevel-yan was born in Cornwall, England, nearly 67 years ago. He came of a family that played an important part in British politics and military operations. It is divided into two branches, the head of one being Sir George Trevelyan, who was secretary of state for Scotland during Gladstone's adminis-tration, and Sir Walter Trevelyan, who has large land interests in Somerset.

Colonel Trevelyan, himself the son of a British general, was reared in Cornwall, but received later schooling at Harrow. At the age of 19 he entered the British army, and took an active part in the Crimean war as an ensign. Among other battles in which he was engaged were the siege of Se-bastopol, Alma and the famous charge of Balaklava, at that time being a captain in the Eleventh Hussars under Lord Carrington. He was on of the "noble six hundred," and although he fared better than many of the gallant heroes of the memorable charge, he did not return wholly unscathed. In the terrible fight he had one horse shot under him and he was shot in the leg. He was soon after invalided home to England, but later return to the

As the war was about over, however, he participated in no further engagements. Returning once more to England, he took up his residence at Trevne, on the outskirts of London. For distinguished military service he received a three-clasp medal, com-memorating Balaklava, Alma and Sebastopol, and this was presented to him by Queen Victoria in person. He received another medal for bravery in the Indian mutiny, and a third from the Sultan of Turkey for services in the Crimea. This last made him a pasha in the Turkish army. The Fresno Morning Republican speaks very highly of the deceased.

It says:

"Colonel Trevelyan never took out naturalization papers while in this country, preferring to remain a British subject, and this is not to be wondered at when it is considered that during all his life he had taken so active a part in British national affairs. Though not an American citizen. he had a great admiration for America and its people, and was a strong advocate of an Anglo-American alliance. He was a genial, whole-souled, hearty trolled by an English syndicate, and the company showed its appreciation of his services by making his position

City Hall Notes.

City Clerk Kingston has been notified that the commission appointed by the Ontario government to inquire into and report upon the operation and amendment of the laws relating to the assessment of property for the purpose of municipal taxation, will meet in the parliament buildings, Toronto, Oct. 39. The commissioners will confer with representatives of municipalities and consider such suggestions as make the existing laws more satisfactory, and amendments will be devised to remedy deficiencies. One of the most important matters to be brought before the commission is the assessment of street railway property on the "scrap iron basis," and the manner in which it affects the municipality. Mr. Kingston considers that the present mode of assessing farm lands in cities might be advantageously changed. The owners of farm property within city limits, that is yearly becoming more valuable because of improve-ments on surrounding lands, may still claim exemptions on the farm land basis. The effect of provincial taxation of loan companies and similar institutions on municipal taxation, may also be considered. Mr. Kingston thinks that since the government has thus made possible the removal of any existing deficiencies, a concerted effort of municipalities should be made, and he suggests that this might be done most successfully and economically through the recently-formed Municipal Associa-

Several citizens have been complaining lately of the alleged existence of sewer gas in their premises. The young women in a certain downtown establishment are said to have had to leave their work from this cause. City Engineer Graydon says that in about 99 cases out of 100 where complaints have been made, investigation has shown that the trouble was caused either by illuminating gas or defective drains on the premises affected. The sewers throughout the city were all flushed lately, and found to be in firstclass order.

The day after the resolution about the terms under which the L. and P. S. R. would be leased was passed, City Clerk Kingston sent a copy to the Walkers. Since then he has had no further communication with them. One of the aldermen, who thinks that the terms were exorbitant, said this morning that the audacity of the board must have astounded the Messrs. Walker, or they had determined that the terms of the resolution could not be considered.

STILL ANOTHER TRIUMPH-Mr. Thomas S. Bullen, Sunderland, writes: "For fourteen years I was afflicted with Piles; and frequently I was unable to walk or sit, but four years are I was cured by using Dr. Thomas' Eclectric Oil. I have also been subject to Quinsey for over forty years, but Eclectric Oil cured it, and it was a permanent cure in both cases, neither the Piles nor Quinsy have troubled me since."

BUOYED BY FALSE HOPES. "De Lisle's mounted men and colonials, after three days' fighting, have

driven Dewet north of the Vaal near Venterskroon. Dewet has been assuring the burghers that Europe would stop the war Oct. 10. The Boers were thus buoyed with the hope that something would intervene to end the war in their favor. I trust they now realize how futile were their expectations."

ANOTHER VICTIM

Of the Insurance Conspiracy Syndicate.

Chicago, Oct. 11 .- Laura Carroll is named as another victim of the insurance conspiracy syndicate, said to be headed by Dr. August M. Unger. The physician used her, it is said, as a subject, on whom to take out policies in a game similar to that which was attempted with Marie Defenbach. The Carroll woman disappeared four or five months ago, and none of those with whom she associated have seen her since. She is alleged to have been a patient and sweetheart of Dr. Unger's.

During the six or seven months that F. Wayland Brown was managing the Mooney & Boland office here, an unusual number of stenographers were employed. These were all women and all were employed by Brown. The sub-sequent disappearance of any of them now deemed worth looking into, as likely to show efforts to defraud on a much larger scale than has yet been brought to light.

There are indications that the organization has a much wider scope than was first thought. At least two score of people are said to be criminally connected with it. One of these, who is now under surveillance, is a wealthy and prominent lawyer, alleged to be the financial backer.
