chivalry and strenuousness.

Without keen, sensitive, wellnourished nerves, such a man
would be an object of pity, and
not the brilliant success he is. All
men should have well-nourished
nerves, but if the blood and vital organs do not supply the chemical or substance known as nerve fluid, then the waste of the nerves is not renewed daily and hourly as it should be. The nerves become exhausted, giving rise to such symptoms as trembling hands and limbs, cold feet and hands, melancholia, hysteria, timidity, nervousness, sleeplessness dizziness heart palpitation, pains in the back, head-ache, languor and weariness at all times. A most valuable nerve treatment, restorative in every sense, is to be found in the following prescription, emanating it is said from a brilliant and successpecialist on nervous ailments. The treatment can be prepared in the privacy of home, and thus causes no one any embarrassment. First get three ounces of syrup of sarsaparilla compound in a six-ounce bottle. To this add one ounce of compound fluid balmwort shake well and let stand two hours. Then

add one ounce of tincture cado-mene compound (not cardamom), and one ounce of compound es-sence cardiol. Mix. Shake well and take a teaspoonful after each

and take a teaspoonful after each meal and one when retiring.

It is astonishing to feel the new nerve force, the steadied nerves, and the control of every muscle in the body after using this. Overworked office men, and the many victims of society's late hours and dissipation will surely find in this the restorative, rejuvenating force they are sorely in need of. The ingredients are used in various prescriptions and any good druggist can supply them. druggist can supply them.

#### Had Given Up All Hope of Living.

Heart Trouble Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan's, N.B., writes:—"In the year 1905, I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors, but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

'One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better but on the fourth day my husband said I believe those pills are doing you good. I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then.

"I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now.' Price, 50 cents per box, 3 boxes for

d to be placed in the estimates by No. 3 committee at their meeting last night to purchase a steam fire engine for the east end.

At the last meeting of the committee the large petition asking for an engine was laid over, and when it was brought up last night, Ald, Rose moved that the sum of \$10,000 be placd in the estimates for the purpose. Ashplant could not see the necessity of it, in view of the test yesterday afternoon, when four streams were thrown 20 feet higher than the Gorman-Eckert building on Rectory

Ald. Rose's Opinion. "Four sheams would not go far in east end," said Ald. Rose. I will admit the pressure was good, might make a difference. In any event Ashplant it would reduce the insurance rate of

Chief Aitken was then asked to give an idea of the cost of an engine, and his estimates were as follows: Engine \$5,500, horses \$750, harness \$90, fodder. shoeing, etc., \$489, engineer's salary \$795, assistant's salary \$791, driver's salary first year \$54750, repairs necessary to hall \$1,800; total, \$10,753 50.

Up to Council. "What is the use of passing the item and getting it blown out by the council," asked Ald. Ashplant. "The new water system may solve it for us." "I see no hope of getting it through the council," said Mayor Beattie, "Send it along, anyway," answered Ald. Rose. The committee sent it along to the

finance committee, with scant hope of Mr. Thomas Shaw represented the st end merchants.
