Best bet—Best Pal.
Eddie Rickenbacher, "Billie Bow," one of the cleverest men that ever rigged a thoroughbred for a winning effort, has this good sprinter keyed to concert pitch, and believe me, he can trim Motor Cop. It's a tuff spot, but if Eddie breaks in motion he'll be a mighty hard nut to crack, especially with the right kind of riding. Get him? The Ross entry is the chief contender.

Sewell Combs will about be third. All this happens in the fourth at Hamilton this afternoon.
Dare seems to have a royal chance of looking the Judge in the mug in the day's opener. Hasn't much to trim and will have a good "money" rider in the coo. Ross Leo and My Rose are close up. Baronet was plumped by wire fish the other day, but will be a good "money" rider in the world of improvement today. Woodruff and Minto China are fair performers.

Antiphon will pack the proverbial ton in the fifth. The spot has been carefully selected, and unless somebody throws a monkey wrench into the machinery the "wee boys" will win home the maxima today. Gallipot and Rock Silk have the balance of the race between them. Mollie Barnes will go awfully well in the fifth. Crutches and King Trojan are the ones he will have to beat. Trickster should be in the front of the procession the way in the sixth. Speedster will likely be the stable connections. The best bet of the day—Eddie Rickenbacher.
Take a chance bet—Cock of the Roost.
Best Parley—Rock Silk, Sewell Combs, Speedster to show.
The last looks like a set-up for Cock of the Roost. Only needs snug handling order to make every post a winning one. Social Star ran a cracker-jack in the last time out. Bolster is at the top of his form.

MINT
PATTER

—By C. S. G.

Flint never do look like near tail-enders when they strike Tecumseh Park. They always manage to play first division ball on the local lot at least, but there is nothing to do but accept what the Mint League standings says about them.

Hunter gathered half of the eight hits collected by Flint in five trips to the plate. He sent four singles in the general direction of Vandye, his one out to the outfield going to Crichlow.

Dolly Gray, who usually gets on, sandwiched a scratch hit in between infield outs in between two charity passes to first, and scored on each of the latter.

Emmer had done some nice fielding but nothing with Wheeler's shoots until he came on the scene in the ninth and poled out his homer. He had better be recalled home if he pulls it again.

Morgan's single in the ninth took a bad bound by Vandye, accounting for the extra bases he and Hunter ahead of him moved up. Vandye could have pegged Morgan out at second, but he made the throw to third, the natural play, and Hunter had it slightly beaten.

Most of the fans will remember if they only saw yesterday's game, that he will go away with the impression that in his mind that the International plays faster ball than the Mint.

He'll probably be to Brantford tomorrow and have the impression confirmed.

Stutz is funnier when he's hungry. George is appearing to be for a regular meet at 6 o'clock. He made a lighthouse of the end of his bat with a lighted match for Shettler.

Louis may have been a few summers fit, James, but his eyesight isn't as bad as that.

Manager "Hump" Pierce announced Monday night that Clarence Hooker and "Buck" Hoyer watched Sunday's game from the stands, the former with a splintered or broken bone in his left leg, and the latter with a two week suspension still to run its course for an infringement of a training rule. Hooker received his injury last Friday in going after a long fly in the eighth inning of the foot race. He finished the game, but the Hamilton doctor stated a bone was broken and he would be out of the game for a month. The Port Huron doctor, however, states that they can find nothing broken, and that he will likely be back on the line-up within a week. In the meantime, Boyle and Hooker are taking a mid-season rest.

WITH AMATEUR NINES

WINGHAM'S STREAK BROKEN.
TEESWATER, June 27.—In their eleventh game in the N. W. League Teeswater defeated their old rivals, Wingham, in a fast and clean game on the Teeswater diamond today. This is the ninth win for Teeswater, and they are getting into their stride for a final clean-up. Anderson, catching for Wingham, had his third finger dislocated in the second inning and had to retire. He was replaced by Judson, who held up that end of the game. Booty, for Teeswater, slammed out a home run and brought in two men ahead of him in the second inning, and again slammed the pill for two bags in the sixth, bringing another run. Howson for Wingham made a nice hit to centre field, bringing in two men, and tallied two bases. The game was won by fast play and good judgment, and Teeswater still had one inning to the good when Wingham retired at the end of the ninth, the score standing 6 to 5.

Batteries—Teeswater: Campbell and Braverly; Wingham: Morden, Anderson and Judson.
Umpires—Wilson and McDonald of Owen Sound.
Line-up:
Teeswater—Donahue, third base; Brawley, catcher; Grogan, shortstop; McDonald, second base; Campbell, pitcher; Weir, first base; Boey, right field; Small, left field; Hewitt, centre field; Cowan and Talbot, pinch hitters. Wingham—Howson, first base; Geddes, shortstop; Telfer, second base; Anderson, catcher; Aitchison, right

field; Cruickshank, centre field; Wagner, left field; Morden, pitcher; Brackinberry, third base.
TOO SHORT AN UMP.
BRANTFORD, June 27.—Two protests have been made to the Brantford Baseball Federation, and a protest meeting has been called for Thursday evening. Happy Thoughts protested their game with Alerts on Saturday on the grounds that the umpire was too short, and he couldn't judge balls and strikes right. Cordage protested because they believed the spectators interfered with their players.

STRAFORD BEATS SEAFORTH
STRAFORD, June 27.—In the opening game of the Junior North Wellington Baseball League tonight Stratford had the big end of a 13 to 6 score over Seaforth. The teams displayed splendid ball, but the visitors were not a match for the locals.

PETROLEA WINS.
PETROLEA, June 27.—Petrolea ran away from Oil Springs here tonight in a Lambton League baseball game by a 13 to 1 score. Oil Springs put up a very poor exhibition and were badly outclassed.
Batteries—Petrolea, Smith, Smith; Oil Springs, Penfound, Bannister.

BABE RUTH IS NOW
LAYING DOWN BUNTS

NEW YORK, June 27.—The sight of Babe Ruth, the home run king, laying down a bunt along the third base line, is likely to become more familiar to fans around the American League circuit than heretofore.
Several clubs have adopted a special defence against the slugger, moving the third baseman toward the shortstop sector, the shortstop to second base, and the second baseman to first base, in short right field. Noting this Manager Huggins and Ruth believe they can "cross" their opponents with an occasional bunt and succeed in drawing them back to their positions, making longer hits easier to obtain. Ruth on two or three occasions this week tried out the scheme.

EIGHT HOMERS IN A WEEK.
Baltimore, June 28.—Jack Bentley, first baseman and pitcher on the Baltimore Internationals, has established what is believed to be a baseball record. Bentley has knocked eight homers in the last week. Yesterday afternoon he registered three consecutive circuit drives.

"GEE WHIZ, GEORGES"
NEW SLOGAN AT
CARPENTIER'S CAMP

Manhasset, N. Y., June 28.—A tall young man in a blue sweater and grey trousers stood inside the gate of Georges Carpentier's training camp today. He wore no hat and his hair, shorn close to the head, was hardly discernible.
"I say," said a youth, who jumped from a bicycle, "how's Georges today?"
"I'm fine, thank you," said the young man at the gate. "I am very well, and how are you?"

The youth realized then that he was talking to the challenger himself.
"Aw, gee, Georges," he said mournfully, "you ain't as good looking as you were," and Georges threw back his shoulders and laughed.
Yesterday, the tenuous artist of Manhasset visited the camp with his clippers, and when he went back to his shop on Manhasset Hill he carried the challenger's hair with him.
"This," he said, "is my souvenir."
All members of the camp were giving the challenger today because of his almost bald pate, and addressed him, after the manner of the youth, as "Gee whiz, Georges."

After the morning roadwork a rest was prescribed for the Frenchman. He was said to be working secretly before noon with Charles Ledoux, the French bantam champion. Those privileged to witness it said that he is at the top of his form, and in no danger of going stale.
ENDED IN ONE ROUND.
Syracuse, N. Y., June 28.—Fred Fulton, of Rochester, Minn., knocked out Dan Daly of Pittsburgh, in the first round of their scheduled 12-round bout here last night. The men are heavyweights.

Make this delightful test. Watch the quick effects—see the change in a week. Then you will realize what this new way means to you and yours.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

Five important effects come from every application. And modern authorities deem all of them essential.

A Surprise Tonight
If you will try this way to prettier teeth

This test will surprise and delight you. The results are so quick, so pleasing, so conspicuous.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Many other serious troubles, local and internal, are now traced to them.

Countless people find that teeth brushed daily still discolor and decay. The main reason lies in that film.

Now we daily fight it

Dental science, after long research, has found ways to fight that film. Able authorities have proved their efficiency. Now leading dentists everywhere advise their daily use.

These methods are combined in a modern dentifrice called Pepsodent. Millions now employ it, largely by dental advice. The use is fast spreading the world over among those who know.

That is the tooth paste we ask you to try. Watch its effects on the film. See how your teeth improve. Then let your own good sense decide between old methods and the new.

Three other essentials

Modern science also requires three other effects from a tooth paste. The old methods did not bring them. Pepsodent brings them all.

How film ruins teeth

Film dims the teeth's luster. It also forms the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Why prettier teeth?

This method brings whiter, prettier teeth because it fights the film. Your teeth are now covered with a viscous coat. Feel it with your tongue. It clings to teeth, enters crevices and stays.

Old brushing methods do not remove it all. Enough remains to make the teeth both dingy and unsafe.

That is why teeth look cloudy. The film-coats absorb stains. Film also causes most tooth troubles. And, under old methods, all those troubles have been constantly increasing.
