Life and Character Reading. MAY 8. Taurus, the sign of the Bull, governs this birthdate, and if the Taurus individual will overcome his passion and be honest and truth-

his passion and be honest and truthful to his better nature, he can perform a mighty work. To know the right, yet to dally with the wrong, is the philosophy of death. Remember that the greatest of all conquests is the conquest of self. Have an open mind for all new discoveries of human progress and hope and you can have at your command, vast intellectual power.

A union between the Taurus born and those born in Capricorn, is apt to prove harmonious, and the children of these signs, will be physically strong and robust.
