RHEIMS, Aug. 20-It is said that one of the surprises of aviation week will be the appearance of a mysterious aeroplane, built along the lines of the Wright machine, which has been used successfully in a number of secret flights held recently near Paris. It HITS ATLACK. MELILLA, Aug. 21.—Rufflans yester-day made a determined attack on the Spanish convoy. In the fighting two Spaniards were killed and several wounded, but the attack was repulsed. LISBON, Aug. 21.—Six hundred Span-iards have been killed, according to dis-patches received vesterday in the camflights held recently near Paris. It rises aloft by varying the angle of the planes and the strength of its pro-pellers. It is understood that Glenn H. Curtiss, the American entry, will use an eight instead of a four cylinder motor, which develops thirty-five horse power and drives the propellers at the rate of one thousand revolutions a minute patches received yesterday, in the aign started Wednesday by General Ma rina against the Riff tribesmen. The messages, which are unconfirmed, are from Melilla and stated that sev-

Dominion and Province

TORONTO, Aug. 20.—The Ontario government will submit in conjunction with the Dominion government a stated case to the courts to decide First, whether the province can refuse a license to parties or corporations who have secured a Dominion Char-ter; second, has the province power to make conditions in such license, even if it is compelled to issue it? This will probably mean that the

Metropolitan Racing association can-not operate for two years or so while the case goes through the various stages to the privy council.
