NEW LAMP BURNS 94% AIR
Beats Electric or Gas.

A new oil lamp that gives an amazingly brilliant, soft white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and six per cent. common kerosene (kerosene oil). The inventor, P. P. Johnson, 246 Craig Street West, Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and with experience or money make \$350 to \$500 per month.—Adv.

SUIT OVER WAGES.
D. J. Goodham, of this city, has issued a writ in the Supreme Court of Ontario against Robina E. Walker and J. W. G. Winnett, of this city, claiming wages and an account of certain moneys advanced by him in connection with the London Canning Company. D. J. Goodham has also issued a writ as executor of the estate of Clara E. Goodham, claiming wages due to the deceased while employed by the defendant. Robina E. Walker and J. W. G. Winnett.

DUCKS FOR THE ZOO—J. E. McConnell & Ferguson, have donated two East Indian ducks to the city zoo. These birds are gaily plumaged and will be an interesting addition to the Springbank collection.

1,000 Diamond Cutters Started Back to Work
One thousand diamond cutters have been called out to work in Amsterdam, Holland. It seems there are plenty of the ordinary diamonds on the market, but there is a very marked scarcity of the finer white-pearl diamonds, such as are sold by John A. Nash, Jeweler, 182 Dundas Street, "where you will eventually buy."—Adv.

RURAL PUPILS—Rural pupils attending public school this fall. Secretary Tanner stated yesterday, will be charged \$4.1 a month instead of \$4.50, first announced. The latter charge was first suggested, but the Board of Education approved the lower charge.

SOME SIGNS OF RENTS FALLING
Indications of Charges Returning to Normalcy
REDUCTIONS EXPECTED
Easing Up Ascribed to Work of Housing Board

For the first time in three years the rental situation in London shows signs of becoming normal. There are now "let" signs on Dundas street between the armories and Adelaide streets. Observers report to-day, and elsewhere in the city properties are being offered for rent that reminds one of pre-war conditions. Reduction in rents during the next few months is generally anticipated and there is plenty of evidence that the move is already under way.

In spite of existing high tax rates City Treasurer Bell estimates that \$40 a month will be the standard rental for this fall for houses having all conveniences and at least four bedrooms. He submitted figures yesterday showing that a house assessed for \$3,500 could be rented for \$40 a month. That figure would cover taxes, pavement rates, insurance, and give a clear return of over seven per cent. on the money invested.

The easing up of the rental situation in London is generally ascribed to the work of the London housing commission in supplying individual loans to some 100 home builders, together with the subdivisions of Pine Lawn and Garfield avenues. Without these houses it is authoritatively stated that the houses not renting for \$40 to \$45 a month would be going at \$75 at least.

MILK DEALERS PROTEST
Object to Tariff Against Products From Outside

WASHINGTON, August 31.—That long suffering individual, the ultimate consumer, has at last made his appearance before the Senate finance committee having under consideration the Fordney permanent tariff bill. He did not appear in person, but was represented by a committee headed by Mrs. Julian Heath, president of the National Housewives' League. Mrs. Heath warned the committee that any law which increased the cost of living would cause something like a revolution among laboring people in the United States. She particularly addressed herself to the increased duties upon salt and pickled fish, saying that herrings were a staple food among the poor in large cities.

It was pointed out that the frozen herrings, brought in large quantities from Newfoundland, are admitted free of duty, and that the two-cent per pound tariff was for the protection of the mid-cured herring found in the waters of Alaska. This reply did not altogether satisfy Mrs. Heath, and she was supported by representatives of the largest fish dealers' associations of the United States.

The National Millers' Association asked for a higher tariff against Canadian flour, bran and shorts as a compensation for the duty levied upon Canadian wheat. They said the light crop of spring wheat in the United States would necessitate the importation of a considerable quantity of Canadian hard wheat notwithstanding the high duty.

The milk dealers' associations of Boston, protested against prohibitory duties on dairy products. They said they were compelled to import cream because they could not get the supply they needed from the milk producers of New York and New England States.

LOVE FAMILY TO HOLD REUNION
Plan Big Day for September 5 at Old Homestead

There will be a reunion of the Love family and all its connections on September 5 (Labor Day) at the old Love farm on Talbot street, at the north-west corner of the Alborough-Dunwich town line. This farm was deeded to Alexander McKiven (Love) on September 5, 1821, and has ever since remained in the possession of the family. It is now owned and occupied by Alexander McKiven, a grandson of the founder. Alexander McKiven, whose descendants took the name of Love through an association, came to Canada from Argyshire with his wife, whose maiden name was Euphemia Taylor.

The picnic will be held on the farm and guests from all over the Dominion and as far south as Kentucky are expected to be present. Provision is being made for no less than 1,000 guests. The celebration will be marked by an interesting program of sports, special music, speeches and Scotch music and dance.

In order that all the connections of the Love family may take part in the reunion, a committee representing the Taylors, McParlane, Hendersons, McMillans, Campbell, McLean, McGregors, and so on will be met by this committee. Invitations will be complied by this committee.

DRIVER BREAKS LEG WHEN HIS TEAM BOLTS
A man whose name is John Foster and employed as a driver for Frank Hutchinson, sustained a broken leg and serious injuries to his face and head yesterday when the team which he was driving down Becher's hill bolted and threw him between the wheel and side of the wagon. He had just started in the employ of Mr. Hutchinson yesterday and was said to be unacquainted with the danger of the hill.

The driver was intending to get a load of gravel from the north branch of the Thames near Dexter's mill and at the time of the accident was descending the hill which is particularly precipitous and rendered additionally dangerous by the heavy rains of yesterday. Without warning the team broke into a gallop and the lurch of the wagon threw him over the side and the rear wheel passed over his leg.

Another man was with the injured driver at the time, but he managed to keep his seat and was uninjured. His frantic efforts to stop the excited horses were unavailing and the bottom of the mill had been reached before they were brought to a halt.

WANTS EARLY ACTION
Committee on Union of Veterans' Organizations to Wait Till Sept. 15.

TORONTO, August 31.—If, on the 15th of September, no effective action has been taken towards amalgamation of all existing veterans' associations the provisional committee of the proposed Canadian Legion of Veterans will call a convention of the whole in Toronto on Friday and Saturday, October 14 and 15. This was the unanimous decision reached to-night by the members of the provisional committee.

ACCIDENTAL DEATH
HARRISTVILLE, August 31.—The jury investigating the death of Joseph Hardman, who was killed in a motor car mishap last night, this afternoon returned a verdict here of accidental death, attaching blame to no one.

Coroner Dr. Doan Harristville, presided. The witnesses were examined by A. R. Douglass, London, acting for Crown Attorney J. B. McKillop, K. Luther Pinnegar, his son Richard, Peter McCallum, Dr. Smith, Dorchester and Frank Scattergood, son-in-law of Mr. Hardman, gave evidence. John Brodie was foreman of the jury.

BODIES OF VICTIMS OF ZR-2 MAY PASS THROUGH THIS CITY
Several of the bodies of American airmen who were killed in the recent disaster to the ZR-2, in which British and American officers and men lost their lives, may pass through London shortly on their way to the Western States for interment.

U. S. Consul C. R. Taggart was asked yesterday if he had received any official statement of the routing of the bodies after they have been discharged at New York from a British warship. He replied that he had heard nothing official as yet, but was making inquiries.

Several of the dead American airmen came from the Middle Western States and some from the Northwest. These, in all probability, will be sent to their homes through Canada, as have so many bodies of American soldiers who died in France during the war.

MANY SEE TORONTO FAIR.
TORONTO, August 31.—The Toronto Fair is still on its way toward breaking all previous records. To-day was not an exception, one of the big popular days, but the attendance totaled 74,500, a gain of 2,500 over the attendance for the corresponding day of last year. To date 424,000 persons have visited the fair, which is a net increase of 114,000 over the attendance in the corresponding period of last year.

MANY PICNICS AT PORT STANLEY
Last Wednesday Half-Holiday Greatly Enjoyed
AYLMER MERRYMAKERS
Horseshoers' Association of District Celebrates

PORT STANLEY, August 31.—To-day, the last of the half holidays, was seized by hundreds as their last picnic day of the season.

The weather was ideal, and the Inverness Heights absolutely buzzed with picnickers, sports, etc., while the beach and lake had its fair share of joy-makers.

At 10.30 this morning a string of motor lorries, laden with smiling "humans" came bustling through the village, being the employees and families of the Carnation Milk Company, from Aylmer.

The convoy proceeded direct to the heights and there commenced the program of their annual picnic, including sports and a ball game between Aylmer and Springfield factories, resulting in a 7-to-6 win for Aylmer.

Some 250 members sat down to dinner and supper, and at 7.30 the lorries were again loaded and turned homeward.

The Horseshoers' Association of London and District held their 18th annual picnic here to-day, arriving at 2.20 with over 300 representatives. The attendance at these picnics has increased yearly, significant of the fact that the demand for the hammer-welder still increases, even in these days of automobile and gasoline.

A ball game, refreshments and sports were held on the heights.

NO CEREMONY IN TAKING OVER T. S. R.
Mayor and Aldermen Go to Offices of Company and Deliver Notice.
TORONTO, August 31.—The taking over by the City of Toronto of the Toronto Street Railway to-night, the franchise having expired, was not attended by any ceremony.

The mayor and members of the City Council visited the office of the Toronto Railway Company at 12 o'clock, standard time, or 1 a. m., daylight-saving time, and formally took possession of the system after simply delivering notice to officials of the company in charge that they were there as the city's representatives to assume possession. The amount that the city is to pay for the assets of the company is still to be settled by arbitration.

The system will in future be under the management of the recently-appointed transportation commission.

AIRDROME BURNED.
TORONTO, August 31.—One of the airdromes belonging to the Bishop-Barker Aeroplanes, Limited, on the outskirts of Toronto, to-night caught fire from some unknown cause and an airplane housed there was destroyed. The loss to the building is estimated at \$4,000, to the contents, including the machine, \$9,000.

It's really a simple thing to remove your corns, and without pain, if you apply Putnam's Painless Corn Extractor. It acts like magic, lifts out the corn, root and branch, leaves the skin smooth as silk. No failure with "Putnam's," 25 cents everywhere.—Adv.

STANDARD DRUG STORES
Know No Quiet Season
Even during July and August, with many of our staff away and our advertising cut in half, we enjoyed excellent business, these two months averaging almost as much as any two previous months this year, thus giving us greater confidence that Standard Drug Stores are ever becoming more and more popular. We look for big business in September, and with this in mind we have prepared this big list of extraordinary
