

FRIEND OF THE CANADIAN!  
HOLLOWAY'S PILLS.

Extraordinary Cure of Asthma!!! of an old Lady, seventy-five years of age. Copy of a Letter from Mr. Thomas Weston, (Book Store), Toronto, dated the 9th October, 1854.

To Professor Holloway,  
Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood, it was quite agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did, the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old.

I remain, Sir, your obliged,  
(Signed) THOMAS WESTON.

Remarkable Cure of Dropsy!! after being tapped three times. Copy of a Letter from Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway,  
Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; I was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health.

I am, Sir, yours, sincerely,  
(Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!!! Copy of a Letter from William Reeves, of Charlottetown, Prince Edward's Island, dated 17th Nov. 1854.

To Professor Holloway,  
Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,  
(Signed) WILLIAM REEVES.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Jaundice
Asthma	Liver complaints
Bilious complaints	Lumbago
Blotches on the skin	Piles
Bowel complaints	Rheumatism
Colic	Retention of Urine
Constipation of the bowels	Scrofula, or King's Evil
Consumption	Sore Throat
Debility	Stone and Gravel
Dropsy	Secondary symptoms
Dysentery	The Dropsy
Erysipelas	Tumours
Female Irregularities	Ulcers
Fever of all kinds	Venerical Affections
Fits	Worms of all kinds
Gout	Weakness, from whatever cause
Headache	&c. &c.
Indigestion	
Inflammation	

Sold at the Establishment of Professor Holloway, 244, Strand, near Temple Bar, London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:—1s 4d; 3s 6d; 5s 6d each box.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each box.

Sold by all Vendors of Medicine throughout New Brunswick, and by A. H. Thompson, St. Stephen; Billings & Dyer, Eastport, and

Feb. 5, 1855.

AYER'S PILLS.

A new and singularly successful remedy for the various diseases of the bowels, including Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Indigestion, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and most diseases and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a clog exists in the bowels; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. It is also free of Colic, Febrile symptoms, and Bilious derangements. They all tend to become or produce the deep seated and venereal distempers which lead the leaves all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by the friends, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of high exalted position and character as to the reputation of humanity.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are—  
Prof. VALENTINE MORT, the distinguished Surgeon of New York City.  
Doct. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

Doct. J. A. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.  
C. A. DAVIS, M. D., Supt. and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Do not suppose, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the most perfect and safe mode, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the use of collogations, every medicine is burdened with more or less of accretions and impurities, by this, each individual virtue only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

It is a fact, frequently exposed, that many medicines are taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate formula by which both my Pills and Pills are made to the whole of the Practitioners in the United States and British American Possessions. If however there be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known. Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine for its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, as we will not only certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and kidneys, and by restoring their regular action to health, and by removing wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the box.

THE INFALLIBLE  
REMEDY!!!

Holloway's Ointment.

ERYSIPELAS of eight years cured! Copy of a Letter from Geo. Sinclair, Esq. of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway,

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around me—so severe was the attack I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here; hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully,  
(Signed) GEO. SINCLAIR.

ULCERS in the Leg.—Remarkable Cure! Copy of a Letter from Mr. Edward Fomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway,

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg, in which there were several deeply seated and old ulcers, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. A length she had recourse to your Ointment and Pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedt. Servt.  
(Signed) EDWARD FOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!!!

Copy of a Letter from Mr. Henry Malden of Three Rivers, Canada West, dated July 9th, 1854.

To Professor Holloway,

Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it, one as large as a hand; all the devices and stratagems I tried would not heal them, but as a matter of aspect more frightful than before, and horrible to behold. As a last resource I tried your ointment and pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I am, Sir, your truly,  
(Signed) HENRY MALDEN.

The Pills should be used conjointly with the Ointment in most of the following cases:—  
Bad Legs  
Bad Breasts  
Burns  
Buns  
Blisters  
Bite of Mosquitoes  
and Sand Flies  
Congo-bay  
Elephantiasis  
Gout  
Scurvy  
Sore Heads  
Tumours  
Ulcers  
Wounds  
Yaws.

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar) London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 3d., 3s. 3d., and 5s. each, each Pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each Pot.

THE CHEST.

Sir Astley Cooper, Bart., M. D.

THE LONDON MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS Great Preventative of Consumption, AND

FALLING CURE FOR TUBERCULAR DISEASES WITHOUT THE USE OF MEDICINE—A CURE FOR THE MEDICATED FUR CHEST

PROTECTOR.

To all persons of all ages and conditions, as a certain and safe shield against those fatal diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate.

The Protector is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner, that, once worn, it becomes a necessity and a comfort.

The Protector, although but recently introduced into America, is making rapid progress through the United States, the Canadian, South America, and the West Indies. It has for a long time been a staple article in England and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co. of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the late Dr. Cooper,
