1 vol. 12mo. Cloth. Illustrated. \$1.25.

This work is an encyclopædia of all that is bright and beautiful in childhood, showing the influence of children on all ages; designed to be, as the author says in his preface, "a memory-chime to ring back into many hearts that have left the cradle and the play-ground far behind, the remembrance of childhood's shout and laughter, its fireside and wayside happiness. The nearer we keep our hearts to the feelings of childhood, the better teachers shall we be in the house, the pulpit, and the school-room."
