1-LB. GLASS JARS. SCREW TOP.

We are just advised of ship ment from the factory of the first instalment of 50 gross of the above. They are put up in barrels and hogsheads, (the latter for our own local use), and to save breaking bulk when shipping, we append below a table, of the qualities of which the shipment consists, together with the prices per

barrel. In estimating the price, we have calcuated the same as for full gross lots, an allowance of 20 cents being made for each barrel and packing (they cost us 35 cents).
