The above premiums will be sent to any one sending the number of subscriptions opposite the premium with the cash at the regular subscription price 50 cents.

Club terms advertised in former numbers still hold good.

Persons who do not succeed in earning the more expensive premiums can secure those of less value; we will pay them our regular cash commission. In making these offers we are giving in some cases, more than our entire profits, in order to keep up our subscription list till the hard times abate. The offers hold good for three months.

CLUB EXTRA!!

We are prepared to supply the following popular Magazines, clubbed with our paper for one year at the following rates:

The FAMILY CIRCLE and HORNBYER'S at \$3.75
The FAMILY CIRCLE and Jr NICHOLAS at 3.00
The FAMILY CIRCLE and Woods' HOUSEHOLD MAGAZINE \$2.75

EXTRA-EXTRAORDINARY INDUCEMENTS TO SUBSCRIBERS.

To all our subscribers who renew promptly, on or before the last day of the month in which their subscription expires, and who send 20 cents extra to cover expense of postage, &c., we will send the "Household," (a magazine of 20 pages 10 1/2 by 13 inches), the regular price of which is \$1.10, and cheap at that. This offer is made only to those who renew for a year and who pay the regular price, 50 cents with the 20 cents additional as above stipulated. This will make the cheapest family reading of a high class in America.

ELECTRO-REMEDIAL INSTITUTE, 244 Queen's Ave., London, Ont.

The following are some of the Diseases which we treat, and in which our remedies will generally effect a cure:—

Gout, Rheumatism, Lumbago, Sciatica, General Debility, Epilepsy, Dropsy, Bilioussness, Languor, Nervousness, Asthma, Palpitation of the Heart, Congestion of the Lungs, Hysteria, Erysipelas, Paralysis, Indigestion, Incipient Consumption, Bronchitis, Cutaneous Diseases, Pleurisy, Tumors, Constipation, Deafness, Wakefulness, Spinal Debility, Ague, Sprains, Quinsy.

Medicines have little value, when compared with the marvellous cures that are accomplished under a Scientific application of the "Remedial powers of Nature." We treat by letter, and cure many persons whom we never see.

Write us in regard to your case, and get our opinion on it. Address as above.

J. G. WILSON, Electropathic Physician.

TESTIMONIALS.

It was not Bright's disease of the Kidneys after all. For seven years I was so lame from Kidney disease that I could scarcely walk. I felt languid and depressed, I was troubled with indigestion and pain in my stomach and became very much emaciated, and when my sufferings became intolerable and the cause apparently incurable, it was pronounced by several eminent doctors "Bright's disease of the Kidneys and beyond cure, drinking the Meribah Mineral Water and taking baths and treatment for two months at the Mineral Water Institute in Stratford, made a thorough cure, and now the doctors say it could not have been Bright's disease of the Kidneys.

JACOB HEINTZELMAN,
Berlin.

I used the Meribah Mineral Water in a bad case of Dyspepsia of seven years standing and in six weeks I was well.

JAMES LEWIS,
Stratford.

The Meribah Mineral Water cured me of Liver Complaint when I was so bad that my right side had been swelled for three years and I was almost constantly in pain. I spent three weeks at the Institute, and then drank the water at home for five or six weeks more. The water relieves constipation at once and begins to improve one's condition in a few days.

GEO. F. HOLMES,
Guolph.

I have suffered for more than ten years with Dyspepsia, which increased till I took no comfort day nor night. My Liver became so affected as to produce considerable swelling on the right side; at length I felt a painful burning sensation at the top of my head, and the hair began to fall out rapidly, and after long suffering and a good deal of expense I heard of and sent for the Meribah Mineral Water, on using it I began to improve in one week. I have used it now ten weeks and consider myself well, and to my great surprise my hair instead of rapidly falling out, is rapidly coming in.

I should add that I took treatment one week at the Hydro-Electro-Therapeutic and Medical & Surgical Institute in connection with the Meribah Mineral Springs.

REV. H. D. WHARTON,
Toronto.

London, August, 1876.

In giving this testimonial I am actuated by no other motive than of giving hope to the invalid. I had been for several years a great sufferer with "Bright's disease of the kidneys," general Dropsy, and suffered all the torture of Dyspepsia. Medicine was a total failure and physicians gave me no hope, when by mere accident I learned the virtues of the waters at the Meribah Mineral Springs, in Stratford and after drinking of them for a few days began to improve and in two months I was a well and happy man, and now feel that I cannot use language too strong in recommending their use.

C. BICE.

Pittsburg, Penn., May 21, 1878.

I have had considerable experience in mineral waters, and have derived great benefit from them in my practice, but among all that I have tried, I have found none to possess the virtues, nor anything to nearly approach the healing qualities of the Meribah Mineral Springs in Stratford, Ontario. I was advised by a medical friend of mine in London, Ontario, to try these waters, and he prescribed them in consumption, liver affections, kidney diseases, rheumatism, dyspepsia, constipation, general debility, and in almost every variety of female complaints, and so thoroughly convinced am I of their superior virtues and curative powers in these diseases, that I am led to believe that when they fail, there is no help to be hoped for by any other means. In many cases improvement begins apparently from the taking of the first glass, and the cure speedily continues as if by magic. The interest I take in making known the efficacy of these waters is for the public good, and I should consider it wrong to withhold such knowledge.

J. HOPKINS, M. D.

These are a few of the many certificates we have already been presented with, but it is deemed unnecessary to occupy space with more.

Parties desiring to test the virtue of the Meribah Mineral Water, either by attendance at the Baths in Stratford, or by drinking it at their own homes, can obtain all requisite information by applying to

M. F. McTAGGART, M. D.,
Stratford, Ont.
