Considering the above, and
also that the Plates, have
cost nearly two hundred
Dollars to make; besides
the cost of printing this edition
is nearly \$100.⁰⁰. The book
is then very low at 20 cents,
and it will take a long time
before the expenses of printing
are covered, unless the Rev.
Fathers working among the
Indians do what is in their
power towards introducing
the book to as many Indians
as possible.
