Mercantile Summary.

How to get even with some men.—Pay them what you owe them.—*Detroit Free Press.*

It is not unlikely that the firm of W. T. Coleman & Co., whose recent heavy failure in San Francisco startled the commercial world on this side the Atlantic, will resume business. A settlement at 40 cents on the dollar is probable.

COUNTERFEIT Dominion \$2 notes are in circulation again in Prince Edward Island, and are passed on the farmers and produce dealers. It is said that the difference between the genuine and counterfeit is so slight that they are pretty hard to detect.

THE Dominion Government has determined to purchase no more second-class passenger cars for the Intercolonial Railway. In future, as the first-class passenger cars get out of repair, instead of restoring them by costly repairs they will at small cost be turned into second-class cars.

LARGE crews are at work on the Short Line Railway through the State of Maine, and good progress is being made. The contractors confidently expect to complete the line this year, so at the furthest we will have the shortest line to our own Canadian ports from the west in full operation within twelve months.

AFTER you get angry and stop your paper, says the Keowee Courier, just poke your finger in water, pull it out, and look for the hole. Then you will know how sadly you are missed. A man who thinks a paper cannot thrive without his support ought to go off and stay awhile. When he comes back half of his friends will not know that he has gone, and the other half will not care a cent, while the world at large kept no account of his movements. You will find things you cannot endorse in every paper. Even the Bible hits some hard licks. If you were to get mad and burn your Bible, the hundreds of presses would still go on printing it.
