Public Opinion.

Hamilton Herald: What Grant Allen's mind needs as much as anything else is a bath.

Ottawa Citizen: Women are hereafter to be eligible to practise at the Ontario bar. Provision should be made for having female juries, else we may suffer from the partiality with which twelve good men will hear a soft voice pleading.

Montreal Herald: The Government, if it is not to destroy itself completely, must abandon its present discreditable role and show its true colours. It must say whether it is for or against interference with Manitoba. There is no alternative.

Winnipeg Tribune: The Liberals in Ontario can have no difficulty in declaring themselves. They have always stood on the solid ground of provincial rights. Let them waver at this crucial moment in the upholding of that sound and historic doctrine and they are lost.

Winnipeg Tribune: Commissions of investigation and all other proposed compromises need only be mentioned to be dismissed. It is no time for compromises. The National schools must be maintained in their integrity, or the strife that is now raging will be intensified and perpetuated.

Toronto News: There is no getting away from these two facts: (1) That the Dominion Government has practically ordered the Legislature to re-establish separate schools; and (2) that the Government was not bound to make such an order, but might have rejected the prayer of the minority altogether.

Ottawa Free Press: It is time this comparatively isolated community were taken from their present condition and granted opportunities of development not at present afforded. From a commercial standpoint the entry of the island into the confederation would be of great value to this country.

Montreal Gazette: A political party, like a man, is to be judged by works. Talk, without action to back it, like faith without works, is dead. The words of the Liberal party are well enough, but their works give them the lie. The Conservative party, with all its weaknesses, can invite comparison with the Liberals in the matter of dealing with electoral corruption.

Toronto Globe: There is something ridiculous about this pretence of securing an early verdict on the Ministerial policy of protection. The Ministry has never given evidence of having even a clear conception of that economic fallacy. It is no reflection that a Government cannot devise a good protective tariff. The feat has never been accomplished; and while men exchange goods for mutual advantage it never will be.

Montreal Star: Still we are ready to pay the half million for a session of Parliament. The business of the country must be attended to. But we are not willing to pay a fraction of it for a farce. If the wage-earners and the farmers—the two classes who will pay most of it—find that this session has only been called together to let certain needy politicians grab their \$1,000 indemnity, there will be trouble ahead for the perpetrators of the transparent swindle.

BUDS, Society buds, young women just entering the doors of society or womanhood, require the wisest care. To be beautiful and charming they must have perfect health, with all it implies—a clear skin, rosy cheeks, bright eyes and good spirits. At this period the young woman is especially sensitive, and many nervous troubles, which continue through life, have their origin at this time. If there be

pain, headache, backache, and nervous disturbances, or the general health not good, the judicious use of medicine should be employed. Dr. Pierce's Favorite Prescription is the best restorative tonic and nerve at this time. The best bodily condition results from its use. It's a remedy specially indicated for those delicate weaknesses and derangements that afflict womenkind at one period or another. You'll find that the woman who has faithfully used the "Prescription" is the picture of health, she looks well and she feels well.

In catarrhal inflammation, in chronic displacements common to women, where there are symptoms of backache, dizziness or fainting, bearing down sensations, disordered stomach, moodiness, fatigue, etc., the trouble is surely dispelled and the sufferer brought back to health and good spirits.

"WOMAN'S ILLS."

MRS. W. R. BATES, of Dikeworth, Trumbull Co., Ohio, writes:

"A few years ago I took Doctor Pierce's Favorite Prescription, which has been a great benefit to me. I am in excellent health now. I hope that every woman, who is troubled with 'women's ills,' will try the 'Prescription,' and be benefited as I have been."
