BEACHES LEAGUE STAGE PLAY-OFFS

Two exciting games were staged by the Beaches Hockey League last night and two of the existing group ties were decided after a lot of real hard playing. The first game saw Grand Trunk and Diamonds come together, and the latter won by the score of 3 to 0. As there was a three-cornered tie in their group, the Diamonds will now meet Division Express in the final for the group honors on Tuesday evening. The game was fast from the start, and both teams checked hard. The winners led at half-time by the score of 1 to 0, but pulled away in the last half and won out easily. The line-up: Diamonds (3)—Goal, Ghani; defence, White and Y. Menton; rover, Harrington; centre, J. Menton; right wing, Ingham; left wing, Scott. Division Express (3)—Goal, Trunk; defence, Seilly and Montford; rover, Mason; centre, Guthrie; right wing, Wilson; left wing, Walker. The second game, threatened to be a whitewash in the last half, but Grand Trunk, who were very strong in the first half, were very fast, and both teams fought desperately to the end. Both goalkeepers were in form, and at half-time no tallies had been registered. Midland, by playing in three in a row, succeeded in winning out and saved the day. There was very little to choose between the teams in the first half, but in the last half Grand Trunk's wings failed to break away and Midland walked thru and scored. The line-up: Grand Trunk (3)—Goal, Lee; defence, Harper and R. Rowland; right wing, Haight; left wing, Burt. Midland (3)—Goal, Lee; defence, Harper and R. Rowland; right wing, Haight; left wing, Burt. Division Express (3)—Goal, Lee; defence, Harper and R. Rowland; right wing, Haight; left wing, Burt. Death's Sudden Call To Herbert A. Haisley

Shockingly sudden was the death yesterday of Herbert A. Haisley, one of the best known curlers and bowlers of the city. Born in Lindsay about 50 years ago he was a hardware clerk as a young man and only during the recent boom period he turned to curling. He was a member of the late Mr. Haisley's curling club, where he served his apprenticeship. Coming to Toronto 25 years ago full of energy he soon shifted around to the bakery business, and at his death was the wealthy owner of the Toronto string of Lloyd stores. His intimate friends knew of his trouble from gallstones, but only during the recent boom period he turned to curling. EXTEND TREATIES FOR ARBITRATION

Proposal That U. S. Re-Establish Foreign Relations Not Without Opposition.

WASHINGTON, Feb. 19.—Extension of general arbitration treaties with foreign nations as the first move in the general policy of the administration to rehabilitate foreign relations of the U. S. seemed assured tonight, after the senate had taken up consideration of expired treaties and had closely defined the issues involved in the situation confronting the nation.

Before the debate in the senate began on treaties with Great Britain, Japan, Italy, Spain, Norway, Sweden, Portugal and Switzerland, President Wilson had conferred with senators and representatives about the treaties, as well as the Panama Canal Act. He said no official representations to that effect had been presented in fact that there had been no protest from Great Britain during the present administration—but that he knew the impression was broadcast in Europe that the United States was becoming more and more friendly to the treaty obligations.

Lined Sharply Drawn. In the senate the lines of demarcation as to the foreign policy of the government were sharply drawn, when Senator Chamberlain of Oregon submitted a general amendment to all pending treaties, which would exempt from arbitration the Hague tribunal the following subjects: Admission of aliens into the United States. Admission of alien children into the countries of the various states (involving the Japanese question on the Pacific coast).

All questions arising from the Monroe doctrine. Provision of the Panama Canal Act exempting American coastwise shipping steamers from tolls.

Discussion of the subject enlivened the senate behind closed doors, as it has not been moved in many days, and a clash between Senators O'Gorman and Root of New York marked the climax of a heated debate.

HAVOC OF RAIN IN CALIFORNIA

Two Lives Lost and Damage May Reach Million Dollars.

LOS ANGELES, Cal., Feb. 19.—Two lives were claimed and damage estimated at from \$500,000 to \$1,000,000 was wrought by the storm which sent a record rain to six southern California counties during the last two days. At several points near Los Angeles a precipitation of from six to eight inches was recorded between midnight Friday and 8 a.m. today. The orange growing section and the railroads suffered the most.

Harold Seitz, a rancher drowned there, was recovered. The body of Emmet Osterman, the 12-year-old boy drowned at Santa Barbara, was believed to have been swept out to sea. Many residences were destroyed in this city and in the low lying section in Orange County hundreds of acres were inundated. The homes of thirty Mexican families in that district were swept away.

MAJOR LIEBED BY BRITISH WAR OFFICE

LONDON, Feb. 19.—The British war office system of confidential reports on which officers of the army may be condemned and sentenced to professional ruin without being heard in their own defence, was severely censured by the judge of the King's bench court today. A jury awarded Major W. Augustus Adam, formerly of the Royal Irish Lancers, the sum of \$10,000 damages against the war office. Major Adam, who distinguished himself at the siege of Ladysmith, South Africa, and was at one time employed on special service in Japan, brought a suit for libel against the war office in a letter written and published by Sir Edward Ward, saying that Major Adam had had to retire from the army in consequence of adverse reports. Attack in Parliament. Major Adam contended that the letter

Col. Seely, secretary of state for war, Sir John French and Sir Reginald Brind were among the witnesses called in the case. The secretary for war refused to produce the alleged defamatory reports in court on the ground that they were against the public interest.
