**BINOCULAR CASE** 

Government Decides to Order Department of Justice to Enter Action.

OTTAWA, April 7.—The government has decided to send to the justice department the question of the sale of binoculars to the militia department by T. Birkett of the Kristone Supply Company of Ottawa. The department will be asked to commence action. Mr. Eilis of Toronto, who purchased the binoculars for the government, testified that he was deceived by Mr. Birkett in the purchase of 166 glasses. These were inferior glasses, and yet were passed by Col. Hurdman, inspector. Col. Hurdman has already been suspended and the department of justice will now endeavor to force restitution from Mr. Birkett.

Hon. Dr. Reid made a motion to this effect before the public accounts comittee this morning. The Liberals objected to the wording of the motion, and the motion will be held over for several days. Dr. Reid said that all he was anxious for was to get the case before the justice department. He understood the evidence was all in and that the only inferior glasses which had been found were those sold by Mr. Birkett. Mr. Ellis had sworn the remainder of the two thousand glasses were of first-class quality.

If there was any further evidence, they would be only too glad to get it, so that they could take further action.

Mr. Kyte claimed that the inquiry so far had not been thoro, they had only scratched the surface.

"That is a most unfair statement," declared Mr. Rhodes. "If you have only scratched the surface it is not our fault, but yours. If you want to dig deeper we will stay three weeks longer."

Dr. Reid said that he had received a letter from Stewart McClenaghan of Ottawa, saying he had noticed that W. M. German had slandered him in regard to the sale of housewives to the militia department. He asked to be heard. Dr. Reid suggested that he be called, and this was agreed to.

"I am just as big a warrior as he is."

said Mr. Mackenzie.
"And I take no bluff," said Genera Hughes. Much laughter followed. General Hughes followed up his witticism by calling Mr. Mackenzie "a smooth and evoked more laughter. Mr. Kyte then protested against protestations of Colonel McBain, that

he had done some of his work with-out remuneration, as "apt to create suspicion."
"With some people," interjected General Hughes Mr. Kyte resented this, and he was told that General Hughes intended to keep some witnesses from being in-

FOR A BAD COUGH

Here is a fine old-fashioned recipe for coughs, colds or catarrh trouble that is absolutely unequaled. Get from your druggist 1 oz. of Parmint (Double Strength) and add to it ¼ pint of hot water and 4 oz. of granulated sugar. Take one table-spoonful 4 times a day. No more racking your whole body with a cough. Clogged nostrils will open, air passages of your head will clear and you can breathe freely. It is easy to prepare, costs little and is pleasant to take. Anyone who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial.
