All sorts of games and pastimes flourist in this necke of the woods with their clubs and leagues, and such like. There is one pastime in which Old England always showed the way, viz., walking, not meaning the racing kind, but where you go out for a stroll of ten miles or so. Of course George Goulding of Toronto defeated Webb of England on more than one occasion, and would have done so oftener had the matches been allowed. But back to the walking clubs, of which we have none in this city. However, it is never too late to start with organizations like, for instruct the Lancashire Walking Club, whose official notices appear with a column of others in The London Sporting Life at regular intervals, a sample being as follows:

On Jan. 23 22 members took part in a stroil of 10 miles, passing thru Withington, Northenden, Gatley, Cheadle, Didsbury, to headquarters. The stroil on Saturday next is to Lower Peover, meet at Central Station at 2.35. Leader, H. B. Eates. There will be the usual training spin to-night at 8, Saturday 3.30, from headquarters. Next race Feb. 11, distance 10 miles, ordinary handicap. There will be a committee meeting to-day at 9. Club particulars from W. J. Jackson, honorary secretary, 42, Lever-street, Hulme, Mancliester.

The management of the Jockey Club of Juairez officially announce that there will be racing every day up till April 1. This includes Monday, the regular off day. The stakes have been rearranged to that the Derby and Oaks will be run on the closing tray. Horsemen are arriving every day from California. R. J. McKenzie's string of Toronto horses arrived in Juarez from Oakland last night. The Ild is on in California after to-day, the races closing at Oakland this afternoon.

This will be a very trying year for left-hand batters in the American League, as all the clubs are well stocked with left-hand pitchers. The list run: New York-Vaughn, Burbank Ables and McGrainer. Cleveland-Mitchell, Gregg and Yingling. Athletics-Plank Krause. Atkins, Russell and Miller. Boston-Collins, Karger and Hunt. Detroit-Mitchell, Cavet and Peasley. Chicago-White. Young and Baker. St. Louis-Bailey and George. Washington-Gray, Otey and Bussey.

Tommy Burns gets credit for a bill which was introduced in the house at Olympia, Wash, permitting ten-round prize fights in the State of Washington. Prize fights not boxing; that's how the bill reads. And, furthermore, Representative Wray of Seattle, who introduced the measure, declares that he has enough votes to pass the bill. It is also said that a majority of the senators favor the measure.

The following may be considered a well-merited poetic tribute to the ordinary "White Man's Hope":

You're good at lifting pianos,
And you're fine at tossing freight;
And you're fine at tossing freight;
And would be considered a well-merited poetic tribute to the ordinary to this I agreed.

After O'Brien and Moule of Philadelphia Jack O'Brien, in his syndicate letter to the papers:
We talked the matter over. O'Brien to lie down in the twelfth round. I was to get most of the money and he reputation and money.

I agreed.

But you must put up \$5000 to make the bargain good, Tommy," said O'Brien.
To this I agreed.

After O'Brien left I sat thinking for a long time. Here I was with prospects of a future. And here was Jack O'Brien trying to make a great reputation, with you make a great reputation, with the slaughter-house, as a "goat." I thought of that day to the papers:

The following may be considered a well-merited poetic tribute to the ordinary "White Man's Hope":

You're good at lifting planos,
And you're fine at tossing freight;
You're useful in the slaughter-house,
At shoveling coal you're great.
So take a tip from father,
And listen to no other: And listen to no other:

If you fight Jack, there'll be no one

New Baseball Rules Suggested by National League Will Affect the Pitchers.

NEW YORK, Feb. 14.—The adoption of minor constitutional amendments and the selection of umpires were the only definite things done at a meeting of the National League of Professional Baseball Clubs to-day. There was a great deal of talk of an impending internecine struggle, but nothing tangible enough to crop out in the open. The schedule probably will be adopted to-morrow as prepared. Dissatisfaction last year disrupted it until only a small part of it remained.

The following umpires were appointed as the staff for the coming season: Henry O'Day, Wm J. Klein, J. E. Johnstone, Chas. Rigler, Wm. E. Brennan, Mal Eason, W. J. Finneran, Jack Doyle; substitute, Robert Emslie.

Finnerah, who comes from the Eastern League, and Doyle, an old-time player, are the new ones. They supplant Steve Kane, who is dropped, and Emslie, who is given the new position of substitute umpire. President Lynch will have sole and exclusive charge hereafter of all umpires.

While there is to be no change in the

and exclusive charge hereafter of all umpires.

While there is to be no change in the playing rules because the American League failed to appoint its end of a joint committee, the National League to-day recommended two changes, which will be submitted to the joint conference for next season. They are that the pitcher must have one foot on his slab or plate when he pitches, and that it is a Lalk if the pitcher enters his box without the ball in his possession; that is, if the pitcher is in the box the baserunner may assume, it is proposed, that he has the ball, and that it is in play.
