MONTREAL, Sept. 25.—Judge Choquet interviewed the board of control to-day relative to the opening of the juvenile court that the city is estab-lishing in Champ de Mars-st. He desired to know when the court would be opened, so steps could be taken to get the legislature to appoint a judge. In reply he was informed by the controllers that the building which had been bought for the new court, had been extensively remodelled and would be in very short time entirely completed. The building cost \$13,000. For a time it will be used both as a juvenile court and as a house of detention for young offenders. Later on the legislature will be asked to build a special court, and if this is done, the civic building on Champ de Mars-st: will be used for de-
