debate.
"Then," said Sir Charles Hibbert Tupper,
"the hon. gentleman goes so far as to hold
that if the Speaker received a letter containing a member's resignation and left it
on his desk, refusing to open it, the member could not vacate his seat."
Sir Louis Davies could only reply by
asking what good could result from imagining acts of malfeasance on the part of the
Speaker.

This observation elicited protests of disapproval from the Opposition.

The debate was continued by Mr. Borden and Mr. Quiun, the latter contending that the mere receipt of the document by the Speaker constituted a resignation vacating the seat. The inquiry would identify or distinguish the document returned by him to Mr. Bruneau.

Mr. Mills argued that if it were brought to Mr. Speaker's knowledge, even at this late day, that the letter he handed back to Mr. Bruneau was his resignation, he would be bound to act upon it.

Mr. Bergeron urged the necessity for an investigation to clear up the whole question. tion.
Mr. Filnt (Liberal, Yarmouth, N.S.) contended, that Mr. Bruneau had a perfect right to withdraw his resignation. No Right to Return the Letter,

Sir Adolphe Caron pointed out that a man could have no control over a letter, once it was posted. Acting as Speaker, and the first Commoner of Canada, Mr. Speaker had no right to return a letter under the circumstances. It would be better to have this question threshed out in committee than in a court of law, for it was open to any person to proceed against Mr. Bruneau from sitting in Parliament without being qualified to do so.

onto Railway Company and the Pur-Junction and Weston. There is a likelihood of the Toronto Railway Company buying out the City and Suburban Electric Line, and operating it as a separate concern, as they now do the Minnco branch. The Initial step in the transaction was taken on Saturday last, when Manager Keating, Supt. Gunn and Asst. Supt, McKenzie went over the line in a private car and made an oficial inspection of the road-bed, and the company's premises.

The City and Suburban Company have 12 miles of rail laid between Toronto Junction, Weston and Lambton, and it is understood that for some time past they have been awaiting a good offer with a view to selling out.

been awaiting a good offer with a view to selling out.

The deal between the two companies is as yet in its first stage. Mr. Keating explained that the party of officials, whom he accompanied, "took a run over the Suburban line just as a man drop into a store to see what the merchant is offering or sale." for sale,"
The Toronto company have not bound themselves to any terms, but negotiations are pending and there is every prospect of the deal going through. At present the Street Railway have not running rights into Toronto Junction, and they cannot take a passenger within the town limits. It is also stated, on good authority, that the Street Railway are most willing to consider terms with the Metropolitan Company.

Lamb and R. H. Graham were only saved from a roasting at the hands of Ald. Sheppard at yesterday's Council by an adverse rufing of the Mayor. The fun was to be over the album to be presented to Lord and Lady Aberdeen, and to begin it Ald. Sheppard desired to move that the book be laid on the table. The objection is to the "egotism, the barbaric taste of part of its get-up." The aldermen were to be chastised for having inserted full-page photographs of themselves as proposers of the memorial resolution to Their Excellencies on the occasion of their leaving Toronto, while at the same time conlining portraits of His Honor Lieut. Mr. S. M. Wickett of the University gave an interesting lecture last evening on "Money" before a large and sympathetic audience of Parkdale Epworth Leaguers. After describing the nature and origin of money the lecturer pointed out how present monetary discussions turned frequently upon questions of evidence. Referring to Canada, the repelient condition of our paper money was noted, and a more frequent issue of Dominion and of bank bills advocated. The printing of excise stamps resembling the engraving on the Dominion bills was deprecated as aiding forgery; while to prevent the alteration of bills the Continental plan of having different sizes for different denominations was advocated. A greater regard for artistic work in the engraving was also suggested. Discriminating Tea Drinkers Use No Other.

The Young Liberals met last night, with barely more than a quorum. President Gibson was in the chair. Mr. McLaughlin's election-half-holiday motion was debated briefly and again laid over. Mr. James Show was elected to fill the vacancy on the Executive.
