Forcing Down Fuel Prices Soft Coal Quoted at \$8.50

City Closed Deal With Two Dealers and Offered It for \$8.75 But This Price Was Promptly Met—Further Decline Probable and Citizens Reap Benefit.

Hamilton, Oct. 15.—William Mullis, dramatic critic of The Evening Times, and Miss Mabel M. Buckingham, daughter of William Buckingham, James street, butcher, were married to-night by Rev. J. E. Hickey. George Taylor was the best man and Miss Minnie Buckingham assisted the bride. The happy couple left for Montreal.

Freebooter Fair.
The annual fair of the Freebooter Agricultural Society was held to-day at Freeton George McLaughlin, Brantford, was starter and judge of the "ring events." F. J. Pradick's pig won the green trot; Smith Bros.' Tramping Tatters got first money in the three-minute and the 2:35 trot. A large crowd of Hamilton people attended the fair. Heady Malcomson, 103 Fair fair king, did a big business with his sweetbreads.

Want More Money.
The local bricklayers have decided to ask the bosses for an increase of 5 cents an hour—from 50c to 55c. Bricklayers are greatly in demand, and the men anticipate no difficulty in securing the increase. The higher rate is paid in Toronto and London. The printers are also moving for an increase of pay for job printers, and weak hands. They also want shorter hours.

To Double the Factory.
The George E. Tuckett Tobacco Company has decided to duplicate the present cigar factory building, which was only recently erected. The new structure will be 100 feet, and four stories high, with basement.

Two Weddings.
At Zion Tabernacle this afternoon, Miss Lottie Andrews, daughter of Mrs. Andrews, 125 Peter-street, was united in marriage to Harry Tolton of the firm of Tolton & McKay, Toronto. The ceremony was performed by Rev. T. Albert Moore. The bride was attended by her sister, Miss Alice Andrews. A. B. Crawford was best man. After the ceremony the happy couple left for Buffalo, New York and other eastern cities. Mr. and Mrs. Tolton will reside in Toronto.

A wedding took place this afternoon at the residence of George Stoddart, 223 North Park-street, when his daughter Edna was united in marriage to L. Danforth. The bridesmaids were Miss Alice Melburn of 477 and Miss Agnes Mackenzie of London was the flower girl. The best man was John Mack. Rev. Neil MacPherson officiated.

For the Plaintiff.
Judge Monk today gave judgment for Thomas Kilvington in his suit against the city for damages for legal distress and cost of payments made on bank pavement rates. His Honor found that the former tax collector, William Monk, had undertaken to allow the plaintiff certain over-payments on the last instalments, and gave judgment for the reductions claimed, costs and \$3 damages for legal seizure.

Playing a Game.
The coal dealers have started to play a game on the city since it bought 1000 tons to sell to the citizens at a price of \$10 a ton for the best soft coal. Yesterday the Mayor closed a deal with two of the dealers, and offered the coal at \$8.75 a ton, to include delivery.

Now the coal men have discovered they can sell for less than \$10 a ton, and are ready to let it go at \$8.75, while one of the fraternities offers it at \$8.50, and carried in. Thus do the guileless coal haters get back at the wily Chief Magistrate. There is a likelihood, however, of the city going the distance several points better, and making them drop their prices still more.

His Arrival Expected.
Alfred E. Cox, the manager of the company which dispenses Campana's

THE BEST CHEAPEST

Our charges for teeth filling are based upon just the time required to do the work well and the material necessary to make the results permanently satisfactory.

Such charges are fair. Cheaper work cannot be as good as such service—and yet such service is always cheapest—figure it any way you will.

NOT IN EMPLOYERS' UNION.

Names of Two Firms Were Given Without Authority.

Mr. James P. Murray, president of the Employers' Association of Toronto, writes to The World:

"Through a misunderstanding a list of gentlemen whose names were given to the Executive Committee of the Employers' Association of Toronto, newly organized last evening. A few of the gentlemen whose names are on the list were not present, and it was only tentatively to their being given that their names were mentioned in forming the Executive Committee. It was the desire to embrace all the sections of industry and employment in the city, so some were named who were not present. No name should be given to the fact of their names appearing on this provisionally-appointed Executive Committee of the newly-organized association. Two firms—the Messrs. Harris Co. and the Ontario Percha and Stubber Co.—desire it to be made known that they are not in any way taking part in the present movement. Asking you to kindly give due prominence to this letter, and further, if it is required that if other papers have copied these names, that they will please give space to this explanation."

East Toronto.

Joseph Possey, conductor on the Scarborough line, and his mother, Mrs. Possey, were taken suddenly ill thru partaking of poisonous mushrooms. Dr. Webster was called, and his patients are now out of danger.

The adjourned meeting of the Council took place, last night. Present: Reeve Dr. Walters, Councilor Joseph A. McMillan, George Oakley, J. Berry. The principal business was to award the current for street lighting on the power house and lamps for supplying the current for street lighting in the newly annexed portion of the town. The United Electric Co. and the Canadian General Electric Co. were the only tenderers. The contract was awarded to the Canadian General Electric Co.

The East Toronto Gun Club are getting ready for their annual deer hunt. The members, Dr. Walters, Dan Lloyd, Harry Bisset, George Christie, George Walters, J. L. Tidsherry, intend leaving on the 20th inst. to their usual hunting grounds north of Bracebridge.

Chief of Police J. L. Tidsherry has been granted leave of absence. County Constable Simon Kennedy has been appointed acting chief.

Coal By the Pail.
New York, Oct. 15.—The crowds at the depots where coal is being sold to the poor at 15 cents a pail were larger than ever yesterday morning. At Barker's yard in Water-street, 125 pails were sold by the pail before 10 o'clock in the morning. About 500 persons were in line at a yard in Delancey-street when the doors were opened yesterday morning. At the other depots on the East and West sides similar throngs gathered. In one or two cases the coal came out before all were served and several hundred had to go home with empty pails after waiting for more than two hours.

Petition of a Widow.

Mrs. Holmes, widow of Sergt. W. H. Holmes, who died in South Africa during the campaign, has applied to the Dominion authorities for a pension for the maintenance of herself and child. Col. Pinaut, Deputy Minister of Militia, says he will gladly forward her application to the War Office if she can produce a medical certificate that her husband died from disease contracted in South Africa, and suggests that the Soldiers' Wives' League of this city look into the case to see if such a certificate can be obtained.

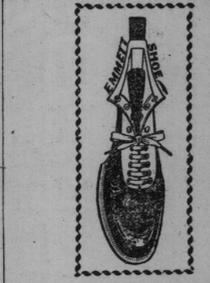

Faithful Even in Sickness.
Sioux Falls, S.D., Oct. 15.—While approaching Sioux Falls with a Rock Island passenger train, Chasney J. Fox, the engineer, was stricken with apoplexy. Aho dazed and scarcely able to retain his seat in the cab, he succeeded in running his locomotive for a mile, until the Sioux Falls station was reached. He died at the city hospital last night.

The Pianola and the Performer

THAT THERE exists a strong desire among the public for some means of producing music otherwise than playing it by hand admits of no doubt. The success of the PIANOLA proves that.

As a well-known musical critic said, the important point is not the amount of mechanical invention, but how much command the intervening mechanism gives the performer over the tone-producing part of the piano. The PIANOLA is an instrument for executing the finger work part of piano-playing, and is simply an amplification of the keys of the piano.

The PIANOLA always renders the technique of any composition correctly, and by means of levers the performer exercises complete control over expression. He is responsible for the individual conception of the music just as he would be in ordinary playing, and, being able to devote his whole attention to this, the result is equal musically to the performance of a great pianist.

You are particularly invited to call and see the PIANOLA, or to write for Catalogue.
