VARSITY CREWS EVENLY MATCHED

Oxford and Cambridge Eight's Row March 20 on the Thames.

London, March 21.—The Oxford and Cambridge crews have now had a week's practice on the historic Putney Mortlake course on the Thames, and over which the university boat race will be rowed on Wednesday, March 29. The arrival of Cambridge was preceded by excellent reports on their style and prospects, and first impressions here have been much in their favor, especially after their trial over the full course under somewhat adverse conditions, when good time was made, and the light blue crew finished with power and resolution.

Oxford, who include five old blues, have experienced difficulty in settling on a line stroke, but have shown marked improvement as a result of a few days' practice on the tidal water by bursts with good scratch eights.

Riverside opinion is rapidly forming that Cambridge will have a much harder task now of repeating last year's victory than at first appeared. Indeed, the Cambridge's chances are much preferred, public wagering is taking place, and the Cambridge crew, which has also a fine stroke, are expected to win. Expert opinion is not so definite. The Cambridge men have received their instruction from the old light blue crew, and the Oxford crew, which has also a fine stroke, are expected to win. Expert opinion is not so definite.

L. SMITH ELECTED BY ACCLAMATION

Dr. Lou Campbell Withdraws From Contesting Lacrosse Presidency.

Dr. Campbell has withdrawn from all officers for which he has been nominated. The health of the community of Bradford and district is the doctor's first care, and as there is apparently a rush of business in his line he cannot find time to devote to lacrosse. In his stead the Bradford Club have nominated Walter Reeves for the council. This leaves L. Smith elected by acclamation as president of the O.A.L.A.

Dr. Campbell has been nominated for council by Maitland, likewise "Bobby" Hewison for the job of secretary. Mr. Hewison, however, stated some time ago that he would not stand.

Weston are also in favor of substitutes during any part of the game and have forwarded an amendment to cover same. Outside of the council, the only contest for the executive proper is that for the office of second vice-president, which will be fought by James Dunlop and James Wallace. Both are Toronto men, and it looks like a real scrap. Durham are the first club to enter for the 1921 championship race, having sent in their fees for intermediate, junior and juvenile. The boys of the far north are evidently keen on landing Eddie Allen's home town near the top of the pile.

Brimington's decision to stick with the senior series is officially announced. The Toronto papers comment on their decision in this regard was based on statements made by certain of their men who were considered as in a position to know the conditions in the Excelsior camp.

MONTREAL CATTLE MARKET.

Montreal, March 21.—(Dom. Live Stock Branch)—Cattle receipts, 340. Packers' butchers are still on strike. The market was slow and estimated on sales so far concluded to be at least 50 cents lower. To 11 a.m., about 200 cattle of common and medium quality had been sold at prices ranging from \$7 to \$8.50. A few lots of lightweight butchers' cattle of good quality brought from \$9 to \$9.50. There were a number of loads of good steers and heifers on sale, but no sales of this class had been made at this time of writing.

Self receipts, 487. The market was very weak. Buyers were offering around \$8 for calves of medium quality. Sheep receipts, 86. No change in prices was recorded. Lambs were up to \$12.50, and sheep up to \$8.50.

LIVE STOCK IN PRUSSIA SHOW GOOD INCREASE

Rome, March 21.—Satisfactory crop conditions in Western Europe, the United States, Japan and North Africa, are reported in a bulletin issued by the International Institute of Agriculture here.

In discussing live stock, the bulletin says that in Prussia there has been an increase of five per cent. in cattle, 15 per cent. in sheep, and 24 per cent. in hogs. In the United States the number of cattle has decreased four per cent., and there has been a seven per cent. decrease in hogs, the bulletin says.

A GOOD FIRM TO DEAL WITH.

Few firms have been accorded the privilege of enjoying in a more marked degree the confidence of the farmers and drovers of Canada than that of Rice & Whaley, the well-known commission house at the Union Stock Yards. Careful of their clients' interests, giving the closest personal attention to every order, big or little, and absolutely qualified, it is no wonder the name of Rice & Whaley stands for the best in live stock circles. Mr. Black and Mr. Robertson in the cattle and John Calvert in the sheep, lambs and calves make a trio that you can't beat. Their clients are scattered over the country from Sarnia to the Ottawa Valley and beyond.

A SPLENDID RECORD.

The history of the Union Stock Yards of Toronto is contemporary with the growth of the live stock industry of Canada. They are inextricably interwoven. Organized primarily in 1903, or 18 years ago, its progress has been remarkable.

In the year 1903 five months of that year totaled 49,052 cattle, and the year 1904 for 12 months showed 75,844 cattle and 13,000 sheep. The complete figures for 1930 indicate that the Union Stock Yards handled 333,631 cattle, 272,053 sheep and lambs, 340,057 hogs, 30,446 calves and 1,859 horses. To transport all this required 21,670 cars. Efficiency in every department, coupled with unequalled yarding facilities is largely responsible for this marvelous growth.

Fred Topping is secretary-treasurer and Frank C. Fletcher, manager.

ONE OF THE BEST.

It is doubtful if any commission house in the province of Ontario is better known or held in higher esteem among cattlemen, the country over than G. & R. J. Cook. Sound practical men, who know the business from the ground up, their judgment on cattle, as well as their selling ability, is unquestioned. Every consignment receives the most careful attention and shippers may rest assured, as they do, that they are getting the last dollar there is in their cattle, sheep, lambs, calves and hogs—is well managed.

THE BEST EVIDENCE OF OUR SUCCESS IS OUR BUSINESS.
