$3.50 RECEIPE CURES WEAK MEN--FREE

Send Name and Address Today—You Can Have it Free and Be Strong and Vigorous

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or, the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a palin, ordinary sealed envelope to any man who will write for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4906 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free.

MARINE NEWS

Allan line steamship Pomeranian from St. John for London and Havre, called at Halifax last Thursday and took on board 6,00 barrels of aples.

Parsboro, Jan. 13—The schooner St. Anthony, Gates, arrived from Fall River yesterday and will haul up for the remainder of the winter.

The schooner Scotia Queen, McLeod, arrived from New York yesterday, and will probably haul up.

Captain Norris M. Ogilvie has sold the schooner Helen M. to Captain Daniel Desmond, of this port. The Helen M. was built in 1895 and is 60 tons register.

Bark Mary C. Hale, 511 tons, built at Elsworth in 1875, and hailing from New York, has been sold by Swan & Son to L. B. Stanton, terms private. The bark was taken to Mystic, Conn., where she will be repaired and have her rig altered to that of a three masted schooner.

Yesterday's Boston Herald says:—News of the overdue schooner Tifton was received yesterday from Capt. Simms of the British steamship Boston, which spoke the coaster at 8.40 a. m. yesterday ten miles southeast of Thatcher's island, Capt. Carisen reporting all well. The Tifton is bound from Ceylon, Ga., to Portland, with a cargo of lumber.

Yesterday's Boston Herald states:—A pet angora cat nearly caused disaster to the crew of the three-masted schooner S. M. Bird, now pounding to pieces at Pollock rip, where she foundered late Tuesday, after striking on a shoal. Capt. Chester A. Brown soon after the disaster ordered all hands to the yawl in an effort to reach the lightship, two miles distant. The cat, which had made its home on the vessel a long time, was forgotten in the excitement of abandoning the schooner and the boat was wel lclear of the craft when Mrs. Brown, the captain's wife, recollected the animal. Despite a rough sea the boat was brought back as closely as possible to the schooner and a sailor tried to catch the feline. The cat mewed and seemed about to leap from the Bird's rail to the tossing boat, but changed its mind and went up the rigging beyond reach. The sea was becoming more dangerous and the futile attempts to rescue the pet so delayed the boat that a four-hours' struggle at the oars was required to reach the lightship. Much difficulty was experienced in boarding the lightship from the yawl, Mrs. Brown conducting herself with such courage that she is classed a heroine by the lightship's crew and the castaways who accompanied her.

Largest Return Tubular Boilers in Canada.

What are reported to be the largest Return Tubular Boilers in Canada have just recently been installed in the Gibson Cotton Mills at Marysville, N. B.

These boilers are equipped with the Cyclone Shaking and Dumping Grate Bar, now so popular with steam engineers both on account of the saving in fuel and saving in labor derived from their use.

The grates are 90" long and 96" wide, put in in three sections. The shaking and dumping feature is so arranged that the right or left side of the fire or the middle of the fire can be cleaned separately or together if so desired.

With these grates the fire is cleaned mechanically and in a very few moments and they show a saving of from ten to twenty per cent. in fuel over the old style of Stationary grate bars.

F. W. BLIZARD, St. John, is the sole selling agent for the Maritime Provinces.

MEN'S CLUBS IN CHURCHES.

(From the Chicago Post.)

Whater may be said about the conditions of the churches, there is assuredly one type of Church activity which is revealing quite extraordinary vitality. The growth of the men's clubs in the churches amounts almost to a revival. From small beginnings, nursed along by coffee and doughnuts, "smoke if you like" and "shop" talks from members under the genial encouragement of the pastor, these secular bodies have become fairly impressive in numbers, in size and in their civic function.

We have often felt regret at the passing away of the old mass meetings which used to be held at Central Music Hall. It was not so much the razing of that structure as it was the growth of the newspapers and the willingness of citizens to let the newspapers express vicariously their views upon public matters that was responsible for the dying out of this wholesome custom. With the atrophy of the mass meeting as an institution something went out of our citizenship, a certain indifference threatened to creep in.

SHE KNEW HIM.

Grace (speaking of her engagement)—Mr. Slowball said what drew him most to me was that I was clever.

Edith—Well, if you get a proposal out of him you are clever.
