**How to make
 Delicious Strawberry Jam
 in 15 minutes**
New method that never fails

The day of hard work over a hot stove and the guss-work, with its worry—and often with its loss of sugar and fruit—in jam and jelly making, is past and gone. A nationally-known jelly maker has found the way to extract pectin—that substance in fruit which makes the "jelly" or set when boiled with sugar—and then to refine and concentrate it for housewives. So wonderful is this product called Certo (Surejell) that over three million women have adopted its use within three years. With it anybody who can make a simple recipe can now make jam or jelly with any kind of fruit, without failure, in a few minutes. The Certo method is as simple and accurate as "two and two make four." With Certo you boil only one minute, not the indefinite period of the old method. This one minute's boiling saves your precious time, and it also saves the juice, the flavor and the color of the fruit, which was formerly boiled away. Extra sugar is required to transform this juice and flavor into jam and jelly, with the result that you get one-half more from the same amount of fruit at less cost per glass. Actually you have the same amount of sugar in a glass of jam or jelly, whether made with Certo or by the old, wasteful method, but with Certo, from 2 pounds of berries you now make 5 pounds of jam, against only 3 pounds by the old method. This one-minute boiling also preserves the real color and flavor.

Try this Simple Recipe
 Crush thoroughly about 2 quarts berries in single layers, so that each berry is actually crushed or broken up to a pulp. Best results are obtained by running berries through a food chopper. This allows fruit to quickly absorb the sugar during the short boil and prevents fruit rising to the top or overflowing. Measure 4 level cups crushed berries into large kettle, add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and bring to a full, rolling boil and boil hard from 1 to 2 minutes, remove from fire and stir in 1/2 bottle (1/2 cup) Certo. Skim and stir repeatedly for just 3 minutes after taking from fire, to cool slightly. Then pour quickly and seal hot.

Use same recipe for Loganberry or Black-berry jam.

Captains' Courageous.
 (Ottawa Citizen.)
 Rudyard Kipling told the story of the Gloucester fisherman's life in Captain's Courageous. On the run between the Grand Banks and New England and Nova Scotia ports, the harvesters of the sea have many narrow escapes. Sometimes the fog will blanket the ocean for many days without lifting. When the towering stem of an ocean liner looms up suddenly out of the mist, it is too late to think of

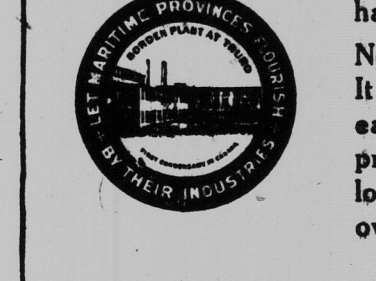

tacking to port or starboard to avoid the crash.
 When the Cunard liner Tuscania ran down the fishing schooner Rex of Gloucester, last Sunday, the news report described it as a collision of Queiro Bank. It is about as much a collision as when a motor car runs over a rabbit on a country highway. Nine men were rescued of the Rex's crew of 24.
 Whether they are racing for a favorable market in Boston through summer fog, or battling through a rough

erly blizzard in the late fall, every penny earned by the men who go harvesting off the Grand Banks is dearly won.
BIG MUNN WINS
 ST. LOUIS, Mo., July 8.—Wayne (Big) Munn, world crown claimant, won over Mike Romano, Italian, in a heavyweight wrestling match here last night.
