

INSTITUTE BUILDING IS HANDED OVER

Ven. Archdeacon Crowfoot Receives Gift from Nephew of Donor.

An important step forward in the history of the Church of England Institute in St. John was taken last night when the enlarged building was formally opened and a large gathering of people assembled to take part in the auspicious occasion. Ven. Archdeacon H. Crowfoot, the president, accepted the gift of the new building from the late Senator W. H. Thorne, the representative of the donor, his uncle, the late Senator W. H. Thorne. The prayer of dedication was offered by Rev. William B. Armstrong and short addresses were given by Archdeacon Crowfoot, Dr. J. Roy Campbell, Rev. T. A. Cady and H. S. Coupe, the secretary. A delightful musical programme was provided in which Miss Winifred Barker gave a violin solo, with Mrs. Kent Scovell as accompanist. Mr. and Mrs. Allan G. McAvety as accompanists. Colonel Harrison, who was asked to speak on behalf of the donors, said that ever since the main building in the city, the Institute is housed was presented by the late Senator Thorne and his brother, Arthur T. Thorne, and his intention to add an extension to the building. The Institute, which was founded by the late Archdeacon Beigstocke, had been a great help to the church in the province as a centre for church activities, a resort for visiting clergymen and as a place of church meetings, as well as the home of the reading room. In giving the addition to the building, Senator Thorne had hoped that it would extend its usefulness and become a centre for church activities, a resort for visiting clergymen and as a place of church meetings, as well as the home of the reading room. In giving the addition to the building, Senator Thorne had hoped that it would extend its usefulness and become a centre for church activities, a resort for visiting clergymen and as a place of church meetings, as well as the home of the reading room.

Right! for the Grip

ENO'S in the New Handy Size is exactly right for slipping into your travelling bag. Convenient for office desk—and club locker. Smaller in size, less in price—but the same world renowned product.

ENO'S FRUIT SALT

NEWCASTLE HIT BY TYPHOID OUTBREAK

Health Board Says Pasteurization Would Likely Have Averted It

An outbreak of typhoid at Newcastle has claimed seven victims at the same time and two of these are members of the family of the medical health officer, Dr. F. J. Desnoes. It was announced here last evening. Immediately the outbreak occurred Dr. Desnoes had an examination made to discover the source of the infection and it was found that all of the cases had occurred on the same milk route. That source of milk supply was stopped immediately and further examinations will be made to find how the infection came, whether in the milk itself or through water used to cleanse the utensils. Members of the St. John sub-district of the Board of Health pointed out that pasteurization of milk had been enforced in Newcastle this outbreak of typhoid would in all probability not have occurred. St. John has cut its typhoid cases down to one-quarter through its new regulations with regard to the pasteurization of milk. Last year in the six months period from May 1 to November 1, there were 72 cases of typhoid in St. John and this year since the pasteurization regulations were put in force there were only 15 cases in the corresponding six months.

When Sir Walter Raleigh smoked his first pipe his servant drenched him with water, thinking he had caught fire.

Ache all over?

Whatever the cause—overwork, damp and chill, rheumatism—you can quickly take the stiffness and pain out of aching muscles with Sloan's. Apply gently, without rubbing. Get a bottle from your druggist today—35 cents.

Sloan's Liniment—kills pain!

SUNSHINE CIRCLE MEETS.

The Sunshine Circle of Ludlow street Baptist church, West St. John, met in the vestry on Wednesday afternoon and evening and completed a large quilt. Mrs. George Price, the president, was in the chair. Plans were made for a supper to be held early in December. Those present were Mrs. W. R. Saunders, Mrs. George Price, Mrs. Anne Horton, Mrs. Carrie Roushworth, Mrs. George Belyea, Mrs. Thomas Brown, Mrs. E. J. Rupert, Mrs. William Gray and Mrs. Clarence Curry.

SOCIAL AT ROSARY HALL.

The first social evening to be arranged this season by the girls' work committee of the St. John sub-district of the Catholic Women's League for the pleasure of the girls at Rosary Hall and their friends was held last night. Under the co-sponsorship of Mrs. John Connor a much enjoyed programme of games and music was arranged and the girls were greatly pleased with the entertainment. Prizes were won by Miss Margaret McEachern and Miss Woullette. Refreshments were served.

IS WELCOMED

REV. G. B. MACDONALD.

RECEPTION HELD FOR NEW PASTOR

Welcome Extended to Rev. G. B. MacDonald by Victoria St. People.

The reception for the new pastor of Victoria street Baptist church, Rev. G. B. MacDonald, and his wife which was held last night was a happy event. There was first a largely attended meeting in the auditorium of the new church at which representatives of the various denominations in the city extended cordial greetings and a musical programme was given and, following the meeting, a social gathering was held in the vestry of the old church, where refreshments were served and there was pleasant social intercourse. For the meeting in the church Rev. Dr. S. Poole was the chairman and the opening devotions were led by Rev. C. T. Clark. On behalf of the congregation, Frank Galloway read an address of welcome which assured the new pastor of the good wishes and co-operation of the members of the congregation. Mrs. Blake Peris sang a solo that was greatly appreciated and during the evening solos were also contributed by W. T. Lanyon and Mrs. Drentall, which were much enjoyed. Rev. H. A. Goodwin brought the greetings of the Methodists, Rev. C. T. Clark extended a welcome and good wishes on behalf of the Baptists and Staff Captain Richards brought the greetings of the Presbyterians. The greetings of the Christian church were extended by Rev. W. J. Johnston and Rev. Claude Stewart gave the greetings of the African Methodist Episcopal church. Regrets were unable to be present and were read at the meeting by W. H. Macdonald. The church was nicely arranged and proved a fine opportunity for the members of the congregation and the visitors to get together in social enjoyment. An efficient committee of ladies had in charge of the serving of refreshments.

GIVES LECTURE ON OLD CHINA

Speaker Outlines the History of China-making in All Lands

The subject of old China is one which has a sure appeal to very many and yesterday afternoon a large audience was present to hear Miss Edith Hansen give her address on "Some Old China" which was given in the Natural History Society's room as the second lecture in the Ladies' Association's lecture course of this season. Miss Jarvis gave an admirable account of the history of China-making in all lands and her address was illustrated by the exhibition of some of the fine specimens in the collection of old china, which were shown and explained by William McIntosh. Mrs. John Seely, president in the absence of Mrs. Harold Lawrence and Miss A. Fitch voiced the delight and appreciation of the audience in a programme that had been illuminating and entertaining.

Early Egyptian pottery came first in Miss Jarvis' chronicle of progress and there was an example of this ware to exhibit. She spoke next of the genius of the Chinese in first discovering the way to make porcelain which differed from other pottery in being hard, white and translucent. The Chinese were credited with knowing the art of pottery 2,000 years B. C. and the Japanese were believed to have first practiced it in 600 B. C. Examples of both Chinese and Japanese china were shown and greatly admired.

The surprising beauty of Grecian art Miss Jarvis touched upon and then spoke of Roman pottery of which there was a fine example shown. Italian, Dutch, Spanish and French china were referred to in turn, and Miss Jarvis, before asking Mr. McIntosh to show a very fine example of the ware of Bernard Palissy, related Palissy's story, telling how he had seized the furnace of his home to feed his china furnace in spite of the protests of his seething wife and of his hungry family. A choice example of Sevres porcelain was also shown.

A study of English china Miss Jarvis took up more particularly and she mentioned the names of the many famous craftsmen who had perfected various kinds of English porcelain and pottery. The museum has some remarkably good examples of English china of varying periods.

In closing her excellent address Miss Jarvis referred to the splendid collection of ancient china which had been begun in the museum and said that it was the responsibility of the citizens of St. John to see to it that this collection was added to.

Guard Your Throat!

ONCE let 'cold germs' find the weak spot in your throat and troubles come thick and fast. The tickling soreness at the back of the mouth, hoarseness, difficulty in swallowing and irritating dry cough are all evidence of germ attack. The one speedy effective way to banish these troublesome symptoms is the I-EPS method. Simply take a I-EPS, peel off the protective silver-jacket and let the tablet slowly dissolve on the tongue, when the volatile healing medicines will mix naturally with the breath.

The germ-destroying I-EPS fumes as they circulate through the air-passages are soothing and comforting. Pain and irritation is charmed away. Any inflammation or soreness of the delicate membrane lining the way from mouth to lungs, is speedily ended. I-EPS cures the cough, hoarseness and swallowing difficulty. Always carry a few of these silver-wrapped I-EPS tablets about with you as a remedy and safeguard against colds, croup, whooping cough, or other throat and chest weakness.

I-EPS
INFECTION-KILLING TABLETS

COMMAND OF 74TH BATTALION CHANGES

Lt. Col. E. C. Weyman is Succeeded by Major L. C. Carey, Sackville.

It was learned last night that Lieutenant E. C. Weyman, of this city, officer in command of the 74th Battalion (New Brunswick Rangers), is retiring and that he will be succeeded by Major L. C. Carey, of Sackville, second in command of the unit. Tonight Lieut. Weyman will be honoured with a banquet at the Depot House in Sussex. Militia orders concerning the change have not been promulgated, but will be shortly, the change to date from Sept. 16, the date Lieut. Col. Carey assumed command of the unit. Major Carey is a well known business man, having interests in both Sackville and Amherst. He has been a resident of Sackville practically all his life. He entered the New Brunswick Rangers about 20 years ago. He went overseas with the 145th Battalion and served with that unit until he was brought back to the unit. He served in France until the close of the war, with distinction, winning the O. B. E. For the last three years he has been major of the Rangers.

THE WISEST DOCTOR

Can't Explain Why Most People So Carelessly Neglect Their Eyes. What Eye Specialists Have to Say About This.

People who would consider them selves guilty if they neglected to care for their teeth, usually never even realize that they ought to take care of their eyes. You can get new teeth, or have injured or decayed teeth made as good as new, but not so with your eyes. Once injured, your sight remains impaired. You do not see with your eyes; you see with your brain. Your eyes are mechanical arrangements and, like all such, need constant attention. Exposure to dust, dirt, chemical fumes, germs, floating in the air, rough winds, glare of artificial light, all tend to irritate the eyes, causing them to itch, burn, smart, water, pucker, blur; the lids become inflamed and headache or dull or sharp pain results. These danger signals are not only annoying, but they warn you that, if neglected, such external irritation will in time seriously affect the internal mechanism which is necessary to enable your brain to see.

Heed such danger signals. Consult your own comfort. Get a package of Bon-Opto, a harmless, helpful, soothing, cooling, cleansing medicine for the eyes. Its composition is not secret. It contains agents which the best eye specialists, as well as wise everyday doctors, prescribe for their patients. Bon-Opto is known by many doctors and endorsed and praised by many experienced and well known medical men.

Bon-Opto relieves inflammation, soothes smarting or burning, stops "watering" of the eyes, clears the vision, overcomes blurring, and, by removing irritation, helps to strengthen the eyesight.

Get a bottle of Bon-Opto tablets at any drug store. Dissolve one tablet in one-fourth of a glass of water. Use the eye-cup supplied in the Bon-Opto package and bathe the eyes as directed, two to four times daily. You will notice a difference in your eye-comfort at once. You will see better, be able to use your eyes longer and without discomfort. So, you will come to rely upon Bon-Opto as you do upon your tooth brush, as something necessary to keep you fit and to protect you against future discomfort or serious trouble with your eyes.

Bon-Opto means good eyes, healthy eyes, strong sight. Get the Bon-Opto habit, it helps to make for eye health as well as eye comfort.

Bon-Opto is sold in this city by all good druggists.
