

## CUTTING EXPENSES IN DEPARTMENT OF RE-ESTABLISHMENT

Hospitals Closed and Staffs Reduced—Workshop For Seriously Handicapped Soldiers to be Opened in Toronto.

Ottawa, Nov. 23.—Retrenchment and concentration are being effectively applied to the administration of the department of soldiers' civil re-establishment under its minister, Hon. Dr. H. S. Beland. This year's estimates called for a reduction of \$6,000,000 in expenditure and Dr. Beland said the other day that his department would be well within the estimates. Further curtailment of outlay would be effected next year by the same means of closing hospitals and reducing staffs.

At present there are 200 vacant beds in the Christie Street Hospital in Toronto. This space would be utilized by closing up other institutions in that city, he said.

A workshop for the seriously handicapped soldiers would be opened in Toronto at an early date, the minister announced. Retrenchment has also been practiced in Winnipeg where the Tuxedo Hospital has been closed and similar steps would be taken later in Calgary.

Dr. Beland expressed himself as highly pleased with the manner in which the soldiers are being cared for in the Westminster Hospital in London where he made an inspection recently.

## Rheumatism! try Sloan's

It kills pain!  
by breaking up congestion.

Most aches of rheumatism arise from congestion. Apply Sloan's. Don't rub. It penetrates to the sore spot, starting the blood circulating. This reduces painful congestion—the inflammation vanishes.

Try Sloan's on sprained, bruised muscles, on aching backs and neuritis. Try it on that "cold in the chest."

Made in Canada.

Sloan's Liniment—kills pain!

## REFUSED BRIDE A PASSPORT

Former British Subject, Wedded in New York, Must Become Citizen to Join Husband Abroad.

Washington, Nov. 24.—One phase of the many perplexities caused by the new law, relative to the marriage of Americans and foreigners, and the matters of citizenship, is set forth in the following incident told by Representative Siegel.

"When on Sept. 30, 1922, Clarence P. Helck, an artist, married Miss Frieda E. Smith at the studio, 106 West Fifty-fifth street, New York City, the Rev. Robert Watson, minister of the Second Presbyterian Church officiating, they both had no idea of the troubles that were to follow.

"Clarence P. Helck is a native born American citizen. Miss Smith was born in Belfast, Ire., and came here as an infant. During the war she served as yeoman, third class, in the Third Naval District.

"Congress recently passed a new naturalization law by which women were to have separate citizenship. That law went into effect upon the 22nd day of September, so that on the 30th of September when Miss Smith married Mr. Helck she found herself in a position that her husband was an American citizen and she a British subject.

"Her husband left in October, 1922, for Spain on a business trip. She expected him to return within a few weeks. He notified her, however, that his trip abroad would be extended and asked her to join him.

"Then her troubles commenced. She went to the passport division of the State Department at the custom's house in New York and made application for a passport. She was told that she was not an American citizen although married to one, and, therefore, could not receive an American passport. She was advised to go to the British consul and obtain a British passport. Here she was told that having married an American she was no more a British subject.

"She then went to see Chief of the Naturalization Bureau, Merino A. Sturges, in New York, and he told her he did not see what she could do for her. She then saw County Clerk Donegan of New York, and he sent her over to Representative Siegel. After weighing the matter Mr. Siegel concluded that the only remedy left for her was to obtain an honorable discharge from the navy, so that she could immediately apply for citizenship.

"An honorable discharge was granted by the Secretary of the Navy today and her application for citizenship will be heard in the Supreme Court of New York County on Friday.

"She then went to see Chief of the Naturalization Bureau, Merino A. Sturges, in New York, and he told her he did not see what she could do for her. She then saw County Clerk Donegan of New York, and he sent her over to Representative Siegel. After weighing the matter Mr. Siegel concluded that the only remedy left for her was to obtain an honorable discharge from the navy, so that she could immediately apply for citizenship.

the establishment of F. N. Pickett at Filis at Wimmer. With, at one time, 10,000 helpers, this enormous mass of explosives has now been broken up and transformed to peace purposes.

"Of shells alone," a member of the firm told a "Westminster Gazette" reporter yesterday, "we have broken up 20,000,000."

Mr. Pickett began his operations without any financial backing.

He thought the scheme of the scheme appealed to him," said the official, "even

as much as the business side. Brass shell cases and nose-caps are now, perhaps, kettles or pots and pans.

"It was tricky business handling the gas shells. Some had to go into the sea, but only 2 per cent of the whole quantity we have handled has been lost."

A French scientist claims that vegetable oils deprived of water and hydrogen and passed over nickel furnish a fuel similar to gasoline.

For Nursing Mothers

the proteins and extractives of beef, represented by Oxo, are of the utmost value.

Oxo effects more complete nutrition of less soluble foods, besides yielding its own valuable nutrient to the mammary functions.

Mothers who ordinarily dislike milk frequently relish it when a little Oxo is added.

The Oxo Diet means a healthy mother a contented child.

HOW WRONG SHAVING BRINGS THE LINES OF AGE TO MEN'S FACES

Only 38—yet looks every day of 50

When you feel a sensation in shaving—beware. It's a danger signal. It means the roots of your beard are being irritated by pulling, and that a rough skin is on the way.

The deep lines of age, furrows, and wrinkles closely follow. Any skin specialist will tell you so.

Not vanity—but good business

This is not an appeal to vanity, but to good business.

In this day, no man past 30 can afford to look older than he is. For commercially, youth, not age, is being sought.

Yet leading dermatologists tell us that three men in four, between 30 and 40, look years older than they are, because of wrong shaving methods.

Note the men you meet—anywhere. Some look old before their time. Others seem to hold the secret of youth.

Ninety per cent of it is in how they shave. Scores of wealthy men have private barbers for that reason.

2 years of wrong shaving will add 10 years to your looks. One month of correct shaving will take years away. These are scientific facts, vouched for by foremost authorities on the skin.

For youth—a keen blade

You should be able to shave clean—if your beard is average—by going over your face one time. Note this fact and mark it.

And you can't accomplish that with anything short of a super-keen blade. Ordinary sharpness won't do it.

For that reason many of the most noted skin specialists are advising men to turn to the Valet Auto-Strop Razor. A barber's edge—the keenest cutting edge known—on a safety razor blade.

We talk about it in terms of time, "78 Seconds from Lather to Towel," because you can't shave quick with a dull blade.

Sharpens itself

We recommend your using our famous strop for the same reason a barber strops his razor. It keeps up the keenness. It works as a part of each razor—there if you care to use it, or, if you choose, you can just insert new blades as you feel the need. Self-stropping is a patented Valet Auto-Strop feature. It helps to give you the world's fastest shave every day. Try one. It will prove a revelation.

## REFUTES FIGURES OF U. S. OFFICIAL ON CANADA ARMY

Department Says Expenditure Per Capita in Canada on Militia Activities Will be \$1.50 as Against \$14 in U. S. For 1922.

(Canadian Press Despatch.)

Ottawa, Nov. 23.—Canada's expenditure per capita on militia activities during 1922 will be \$1.50 compared with an expenditure of \$14 per head for similar purposes in the United States. Canada trained 27,284 men this year to Nov. 1. These figures were given in an official statement obtained this morning from the department of militia and defence.

The statement goes on to say: "Quite recently the United States

Secretary of War made a public statement that Canada trained 100,000 men during the last summer. According to the figures available, the exact number trained appeared to be 27,284, all ranks, as at Nov. 1, 1922.

"In this connection, it should be remembered that the United States maintains a standing army of more than 150,000 all ranks. Canada, on the other hand, has no standing army, but only

a small permanent force of instructors numbering less than 4,000.

"The best method of gauging the military activities of the two countries in matters of defence is by comparing their annual expenditure. That of Canada during the present year will be approximately \$1.50 per capita, that of the United States, so far as can be ascertained at present, will be in the neighborhood of \$14 per capita."

Said the Soup—

"A spoonful of Lea & Perrins' Sauce is all that is required to put a new edge on your appetite and give zest to your palate."

WHEN you have a good dish before you, give it fair treatment by using with it a good sauce. Quality demands Quality, and well-prepared food is justly entitled to the best sauce—Lea & Perrins' the original and genuine Worcestershire.

Lea & Perrins' Sauce may be used sparingly where other sauces almost "ask for waste."

The Original and Genuine Worcestershire Sauce

"The first thing to reach for"
