MOTHERS' ALLOWANCES.

In an article on the right of the child to be well-bred, well-treated, well-housed and well-fed, the Woman's Century says: "All the great authorities agree that the mother is the bulwark of the state and the child is the nation's best asset. In fact, we never knew what great national assets they were until war broke out. But now that we have realized it, let us be fair. Have you ever realized how unjust and unfair we have been to the mother and the child or children where the father from sickness or death was unable to support them? We have compelled that mother, through our indifference and neglect, to go out to slave

over a wash tub or do other work, in order to give her children a bare existence, and then we wonder why we have children's aids and reformatories. Don't blame the mother—for the mother whom, through necessity, goes out to work for her children in a heroine, and we who permit it, are cowards! Needy mothers' allowances are an absolute necessity for the welfare of the state."

A Crawford County, Ohio, farmer brought a beef hide to Bucyrus and received \$11.70 for it. Pocketing the money he said, "I'll take thirty cents from my pocketbook, add it to the \$11.70 and go down and buy my boy a pair of shoes."

Goddess
Corsets that flatter the figure

Style 836

The patented under-flap of the "Goddess" allows of looser lacing and protects absolutely from pinching.

The exclusive French "Goddess" boning gives but does not break—confines and supports but yields easily and is absolutely comfortable. As Anita Stewart writes: "Without undue compression it adds to the grace of the figure."

There is a style for every figure. Ask your corsetiere.

RICHEST WOMAN IN THE WORLD

The wealthiest woman in the world hails from Japan. She is Mrs. Yone Suzuki, who controls the steel industry of Japan, dominates the sugar market, and has world monopoly in crude camphor. Mr. Suzuki owns 98 per cent. of the shares of Suzuki & Co., with a fleet of 60 steamships and offices in London and Glasgow. It has been estimated that that company made from thirty to forty million pounds during the war.

RECENT WEDDINGS

Three Brooks, N. B., Feb. 11—Miss Katie May McLellan, of St. John, and Eldon Hoyt Gray, of Three Brooks, were married by Rev. Neil McLean, of Flaster Rock in the presence of friends of the bride and groom. The happy couple will reside at Three Brooks, where Mr. Gray is engaged at farming. A large number of presents testified to the esteem in which the young couple are held.

Andover, March 15.—(Special)—Mr. Harry Ferris, of St. John, and Miss Ida Johnston, who has been on the local telephone staff for a short time, were married on Saturday evening, March 13, at the Baptist parsonage. Rev. Mr. Knochly performed the ceremony.

At the Queen street Baptist parsonage, March 13, at 7 p. m., Rev. S. S. Poole, united in marriage Miss Helen B. Huntley, daughter of Captain E. Huntley, of New Horton, Albert County, and Earle C. Wilson, of St. John. The ceremony was witnessed by Miss M. J. Alward and S. B. Corp. The bride was becomingly attired in a travelling suit of navy blue with hat of hand to match and more mink furs, the gift of the groom. After the ceremony Mr. and Mrs. Wilson left for a short honeymoon trip to the United States. On their return they will reside at 78 Exmouth street.

BETTER HOUSING FOR GIRLS NEEDED

Women's Organizations Seek to Raise the Sum of \$650,000.

(Toronto Globe.)
Owing to the urgent need of proper and adequate housing and recreational facilities for girls and young women who must board in the city, the executive of the local Young Women's Christian Association and the Dominion Council have decided to institute a campaign in Toronto on May 4, 5 and 6 of this year for funds for this purpose. They aim to raise \$650,000 to be known as the "Blue Triangle Fund," thus making use of the well-known emblem of the association.

The local Y. W. C. A. opened its first boarding house for girls in June, 1878, and has gradually expanded until at present they have nearly a dozen centres in Toronto where the young business women of the city either board or need for instruction and recreation. For nearly fifty years these institutions have been supported partly by fees and partly by private subscriptions.

Now, to keep up with the demands upon them it is necessary to erect a large building with two floors of bedrooms, a cafeteria, swimming pool, recreational rooms and class rooms in the east end of the city. Already plans are begun for a similar building in West Toronto, and the very inadequate central building on McGill street must be replaced by a new one.

To meet these needs the Y. W. C. A., through the "Blue Triangle Fund," is about to seek for the first time the financial co-operation of the citizens of Toronto.

MAKE SUMMER TIME IN BRITAIN PERMANENT

It is the intention of the British Government to propose legislation for the purpose of making the Summer-time permanent. Mr. Shortt, Home Secretary, made this announcement in the House of Commons the other day. The Summer-time or "Daylight Saving" Act came into operation as a war measure at 2 o'clock on the morning of May 21, 1916. Under the new system 2 a.m. became 3 a.m., and the lost hour was restored on the night of September 30/October 1, when 3 a.m. became 2 a.m.

The object of the Act was explained in the motion which Sir Henry Norman moved in the House of Commons on May 9, 1916. It was in the following terms:—
"That in view especially of the economy in fuel and its transport, by shortening the hours of labor, this House would welcome a measure for the advancement of clock time by one hour during the summer months of the year."
The Act was renewed each year as follows:—
1917.....April 8 to Sept. 17
1918.....March 24 to Sept. 29
1919.....March 30 to Sept. 28
In the House of Commons the other day it was said that the date for this year had not been fixed. Now the Act is to be made permanent.
The late Joseph Willeit, a Chelsea builder, was the pioneer of the Daylight Saving movement in Great Britain.
